#### MAJOR STEDMAN

The Uninevan was the first paper in North Carolina to give editorial and aree ment to the candidacy of Major Stedman for the Democratic nomigation for Governor. It was also the first to take a like course in respect to his candidacy for the nomination for lieutenant governor in 1884. Twenty years! That is a long time. Yet he was not young then—such good use had he made of his ife, so richly had he stored his memory, so sopered was his judgment. Nor is he old now-so sunny is his disposition, so vigorous Lis mind and body, so fresh

his neverchanging friendships. It is not the habit of the OBSROVER to esponse the cause of candidates for nomination by the Democratic party, and it has pub ished encomiums of a the candidates for the gubernatorial nomination, at their or their friends' request. Neverth-less, for reasons satisfactory to itself, it has chosen to be the advocate of Major Stedman.

No one which the Co-Receiver replied, I have an has been more loyal to the Democratic party, and none in . ur base have ren dered it grea er service; yet he is entire ly free from the burden of any of the factional differences that now beset if His party loyalty is the natural out growth of his leading characteristic, which is faithfulness to his obligations. This found a no able expression in 1884. when he resigned his many lucrative corporation attorney-ships as a son as he became an officer of the Sta e Last, but not least of our reasons for advocating him, his candidacy offers the only oppor tunity likely to be presented to the peo them, and to hold themselves for further ple of North Carolina to right the wrong which they have done to their faithful defenders in the great war by being the first of the Southern States to drop them from high public office.

By reason of Major Sted nan's great atural ability, his thorough training. his wide experience, his lofty character and his conservative disposition, he is in our opinion, pre-eminently fit ed for the position of Governor of this State.

## **GURED BY CUTICURA**

"My little sen, a boy of five, broke out with an itching rash. Three doctors prescribed for him, but he kept getting worse until we could not dress him any more. They finally advised me to try a certain medical college, but its treatment did not do any good. At the time I was induced to try Cuticura Remedies he was so bad that I had to cut his hair off and put the Cuticura Ointment on him on bandages, as it was impossible to touch him gets. impossible to touch him with the bare hand. There was not one square inch of skin on his whole body that was not of skin on his whole body that was not affected. He was one mass of sores. The bandages used to stick to his skin and in removing them it used to take the skin off with them, and the screams from the poor child were heart-breaking. I began to think that he would never get well, but after the second application of Cuticura Ointment I began to see signs of improvement. began to see signs of improvement, and with the third and fourth applications the sores commenced to dry up.
His skin peeled off twenty times, but it
finally yielded to the treatment. I used
the Cuticura Resolvent for his blood,
and now I can say that he is entirely cured, and a stronger and healthler boy you never saw than he is to-day."
