In Patent Beer only the choicest materials are used, and the brewing is conducted with absolute cleanliness. These are important factors in beer making and the secret of Patent's great success.

In the discussion of pure food in the United States Senate, Senator Mason of Illinois declares that an investigating and analysis of Patent Beer by experts in the Agricultural Department proved that not an ounce or drop of preservative was found in Patent Beer, and that is to be said to the honor and credit of Patent.

If the citizens of New Bern want any thing they have got to do like other folks—get up and go after it. And they will never get it if they don't. It is not too early to agitate having the fireman's tournament here in 1905. There is no reason we should not have it. The proper hustle and push will get it. What are you going to do about that matter?

It is noticed that as the days grow warmer the number of leisure ones become greater around the loafing places. There are today five hundred idle people, that have no visible means of support, and who don't want to work and won't work in this city. The farmers say that it is about impossible to get help on their farms, and still the city is running over with idlers, vagrants at that. Does the police do their duty in enforcing the vagrant law? If not, why not?

The teachers who passed a successful examination for the graded schools were Miss Nina Hasenlight, a graduate of Salem Academy and Miss Minnie Lee Kelly, of Kingston who was the valedictorian of her class at Peace Institute this year.

A Home Mission Note.

How grateful we should all be that we are blessed with the opportunity of helping to make the world better.

When the roll is called up, yonder will some one look into your face and say "Through your influence and godly life on earth I was led to seek the Savior."

Let us bear our part in the redemption of the world for Christ.

Perhaps some battles have been lost because we have not followed the Captain of our Salvation, but it is a comfort to know that whatever may have been the past, God lives today. The present and the future are in his control. No matter how dark or difficult things may seem around us, a kind and gracious and Almighty Father ruleth over all, and we will thank him for the opportunities that come to us one by one.

May we with His help do what our hands find to do and win the cross that awaits the faithful.
