Saturday.  
Will arrange to give private lessons  
on application at 21 George St.  
S. L. SCOTT,  
Teacher.

## THE CONCORD, N. H. DEDICATION

Special Correspondence Giving Details  
Of Rev. Mrs. Eddy's Great Gift  
To Christian Science.

Concord, N. H., July 20.—The dedication  
of Christian Science church at Concord,  
New Hampshire, the gift of Rev. Mrs.  
Baker G. Eddy, the discoverer and  
founder of Christian Science on July  
19th, 1904, will ever be a memorable day  
in Concord, New Hampshire. The  
dedication of this church, first C. S. B.  
of Concord, N. H. presented to the  
Christian Scientists by their revered  
leader, marked not only an epoch to  
them in church building, but also to the  
capital city of New Hampshire, for it is  
said to be the handsomest structure re-  
presenting religion in the state.

The day was perfect in its summer  
gladness, and the vast number arriving  
from distant points, brought only joy  
and thanksgiving to blend with the  
happiness of the recipients of the gifts.  
The building is magnificent in appear-  
ance, the pale gray Concord granite es-  
pecially effective in the Southern Gothic  
architecture, a special feature being the  
very beautiful tower of unusual height  
and design, from the top of which may  
be enjoyed an extensive view of the sur-  
rounding country. The seating capacity  
is one thousand, and as the chimes  
pealed forth for each of the four  
services, every seat was taken and  
others waiting.

The church is 78 feet wide, by 115  
feet long, including the reading room,  
and a room for the exclusive use of Mrs.  
Eddy when she chooses to visit the  
church.

The hospitality of the town was an  
essential feature of the day. It was an-  
nounced that many of the best homes  
in the city were open to all visiting  
Scientists, for the hotels could not ac-  
commodate the crowd. The clubs also  
were put at their disposal. Two stores  
were opened, that passably could rest,  
and iced lemonade was served all  
day.

The Unitarian church was opened for  
their convenience between the services  
and the Episcopal church most gener-  
ously proffered the use of its very com-  
modious Parish House, so beautifully  
located.

The gift of Mrs. Eddy was \$180,000,  
this was added to by loving donors from  
all over the United States, among Chris-  
tian Scientists until it was nearly  
doubled. Among the gifts was \$1,000  
given by the Scientists of North and  
South Carolina, in loving memory of  
when Mrs. Eddy's life touched these two  
States, accompanying this was a mag-  
nificent cross of gold 10 1/2 feet high. The  
flowers were selected by the Scientist  
who thought of it, and forwarded to  
Concord from the fields of them in Mag-  
nolia N. C. the design being also sent  
with them.

That a church of such size, workman-  
ship, and cost could have been built in  
just one year from the day the corner  
stone was laid, seems a marvel to all  
here. Verily Mrs. Eddy is one prophet  
who is honored in her own country.

This little incident shows how she is  
thought of in her own community by  
those who do not even embrace her reli-  
gious convictions. The writer was en-  
joying the scene at the close of one of  
the services, when a citizen who had at-  
tended began to express her great ap-  
preciation of the occasion and the pride  
of the town in this gift from her  
generous impulses. She remarked how  
Mrs. Eddy's absence from the services of  
the day showed her utter lack of look  
of notoriety, or display, and as she drove  
by, she remarked she could well un-  
derstand how all from such distances  
enjoyed seeing her for the short while.  
That as for reports of Christian Sci-  
entists worshipping her, it was not true.  
Still she said that on her daily drives,  
Mrs. Eddy had for years passed her  
house, and although not a member of  
her church, or a believer. In its healing,  
she felt it a great privilege to daily see  
a woman whose life was so consecrated  
to establishing more of happiness,  
holiness and health in the world, and  
so successfully. Many who read your  
good paper will no doubt be glad of  
this opportunity to hear directly from  
the dedication of the first Christian  
Science church built in the home of its  
Founder and Discoverer.

Services at St. Olyrian Church 11  
a. m. Vespers 5 p. m. The public is  
cordially invited. Wm Geo Avant, rec-  
tor.

Try a bottle of Carbonated Coca Cola  
It puts the wonderful tonic properties  
made from the Mexican Coca plant and  
Kola nut.

The Oaks Meat Market handles only  
the best of everything.

Don't Risk Your Eyes With Danger-  
ous Drugs.

With our means by way of all the nec-  
essary optical instruments the danger of  
using any drug in the eye is done away  
with. The drug is innocuous use for test-  
ing should they be used in some eyes  
would produce certain blindness, and  
the proper eye not to drop in cannot be  
told without the instruments to do it  
with.

We test free of charge, so why pay  
doubts to others not having necessary ap-  
paratus, and on account of it have to  
use drugs, and then the result is un-  
certain, when we have the instruments  
with which the chance of any error is al-  
most excluded.

Call on us, guaranteed, and we  
guarantee satisfaction. All exchanges  
free of cost.

W. T. HILL,  
91 Middle St.,  
New Bern, N. C.

## AYCOCK REPLIES

### To Wilmington Citizens Committee On Encampment.

### Case of Felonious Assault. Melon Wilt in Wake County. Rail- road and Pamlico Sound Railway. State Char- ters Granted.

Raleigh, July 23.—Gov Aycock today  
replied to the citizens committee of  
Wilmington which adopted and sent to  
him resolutions criticizing him in re-  
lation to the encampment of the Second  
and Third regiments of the National  
Guard at Carolina City, near Morehead  
City. The governor will not make his  
reply public, but will let the citizens  
committee do this.

George T. Huff, a white man who was  
charged with attempted felonious as-  
sault upon a married woman, Mrs. Jones,  
of Faquay Springs, this county, but  
who was convicted only of a misdemeanor  
or sentenced to the public roads for  
thirty days, and who appealed to the  
Supreme Court has given bond for \$100,  
pending the appeal. Several questions  
are raised in the appeal, one of the chief  
ones being whether a mayor, or magis-  
trate, or even the superior court can  
sentence a man convicted of a misde-  
meanor to work on the roads, the de-  
fense claiming that such a punishment  
can only be imposed upon felons and  
not upon persons guilty of a simple mis-  
demeanor.

The melon wilt is continuing to knock  
out the watermelons in the southern  
part of this county, which is the most  
important part of section for them. It  
is said no shipments will be made this  
year. The loss to the growers is quite  
heavy. The State agricultural depart-  
ment is trying to find a variety of  
melons unaffected by the wilt.

There was a large gathering of Masons  
at Wakefield, this county today, at  
which speeches were made by State  
Treasurer Lacey and others. Wake-  
field is in a very fine farming section  
and the great question there just now is  
whether the Raleigh and Pamlico Sound  
railway will or will not run through the  
town, which in such a case will be the  
most important place on the road be-  
tween Wilson and Raleigh. The town-  
ship voted ten thousand dollars in aid of  
the road, but it is said that the cost of  
getting into and out of Wakefield would  
largely exceed this sum. It is stated  
that the people of Wakefield have been  
asked to subscribe \$10,000 to the stock  
of the road, in order to offset this ex-  
pense and assure the building of the line  
through that town.

Charters are granted to the bank of  
Gibson, capital stock \$10,000 W. P. Pate  
and other stockholders, and to the Elk  
Mountain Cotton Mill Company, of  
Asheville, capital stock \$150,000, Jas A  
Burroughs and other stockholders. The  
company is authorized not only to make  
textile fabrics, but to mine all sorts of  
minerals, and buy patents.

Examinations for entrance to the Pea-  
body College for Teachers at Nashville,  
Tennessee, will be held for this con-  
gressional district at New Bern, N. C.,  
August 4-9, 1904.

They will be given by S. M. Brinson  
in the office of the County Superinten-  
dent.  
Yours truly,  
A. O. REYNOLDS,  
Pres. Alumni Association.

## PARKER FIRST.

In matter of Presidential Notification  
July 26th The Date.

Washington, July 23.—The announce-  
ment that the Democrats have decided to  
anticipate the Republicans in the matter  
of formally notifying their candidate of  
the nomination came as a surprise. It  
had been expected they would wait un-  
til after the ceremony at Oyster Bay on  
the 27th of this month in order to profit  
by the remarks to be made by the Repub-  
lican committee and the president.

Now it is announced that a formal  
notification to Parker will be held at  
Esopus, July 26th. The most plausible  
theory for this coup is that the Demo-  
crats wish to get in the public eye first,  
believing Parker's speech appearing in  
the papers as it will one day in advance  
of Roosevelt's will be most generally  
read and attract more attention than it  
would otherwise. Democratic managers  
believe they will thus make a popular  
hit by placing themselves in the role of  
leaders instead of followers.

## National League Games.

### STANDING OF CLUBS.

	Won.	Lost.	Per Cent.
New York	58	23	716
Chicago	49	30	620
Cincinnati	49	33	577

game was played today.

	R	H	E
Pittsburg	1	6	3
Brooklyn	3	4	1

Batteries—Jones and Bitter; Lynch and  
Smith.

Umpire—Zimmer.

## Contraband on Malacca.

London, July 23.—A stock exchange  
broker informs your correspondent that  
it is reported in stock exchange circles  
that contraband of war has been dis-  
covered aboard the steamer Malacca  
which is at Suda Bay. The contraband  
says he was shipped at Antwerp and  
labelled sugar.

## Percentage Increasing.

The summary given below of the trap  
shoot Friday shows that our local  
sportsmen will soon be able to hold their  
own with almost any gun club.  
The results of each tournament show  
a higher percentage than the one pre-  
ceding it, and therefore it gives a chance  
to those who participate and who have  
an ambition for such things to hope to  
be able to pluck a trophy or two from  
some big tournament.

Following is the score:—

	SHOT AT	BROKE	P.
W T Hill	25	21	84
O O Jordan	50	41	82
Wm Ellis	25	20	80
Ed Clark	25	19	76
J W Duguid	25	18	72
J V Blades	25	17	68
Fred Whitty	50	31	62
Geo A. Nicoll	25	14	56
J L Hartfield	25	14	56
R DuVal Jones	25	11	44
Wm Haar	25	9	36
