AT CAMP LEE

Holders Enjoy Fishing and Boating. Plenty of Game, Drilling and Target Practice.

Special to Journal.

Morehead City, August 11.—Affairs at Camp Lee have been quiet today. The day has been enjoyed by the soldiers in boating and fishing, sports and launches have been busy all day taking parties to various places of interest, guard mount drill, and target practice have been the order of the day at the camp.

At six o'clock the first dress parade occurred which was participated in by both regiments, under the supervision of Brigadier General Armfield. Col J N Craig of Raleigh was commander of Third Regiment and Col. Bragaw of Washington commanded the second regiment. The evolutions were well performed.

SUNKOR ESCAPED?

Question as to Situation of Fleeing Russian Fleet.

London, Aug. 11.—A dispatch received by the Japanese legation this morning confirms to a degree the press dispatches reporting a sortie of the Russian fleet from Port Arthur and the subsequent naval engagement. A dispatch to the legation states that various reports from fallen Wan show that the Russian squadron emerged from Port Arthur yesterday morning. A severe naval engagement followed, continuing till sunset. At dawn this morning the Russian battleship Retzian and another battleship of Pobeda type, appeared to be taking flight to Port Arthur.

The press dispatches reported the Russian vessels had escaped and were fleeing and that a sea fight is expected. A legation dispatch indicates the Russian vessels did not escape, but were sunk.

Weather in Cotton Belt.

Washington, D C Aug 10th 1904.

The Carolinas, Georgia, eastern and western Florida, Alabama, Mississippi Louisiana, eastern Texas, showers today and tomorrow. Western Texas fair in Southern part, and showers in Northern part. Oklahoma, Indian Territory, and Arkansas, fair. Tennessee Kentucky fair, preceded by showers in extreme portions. Fair warmer tomorrow.

Russians Vacate and Japs Occupy.

London, Aug 11.—A dispatch to the Central News from St. Petersburg, says it is reported there that the Japanese have advanced against the Russian left flank in the neighborhood of Liao Yang. It is also reported that the Japanese have retired from some of their southern positions. Apparently the advance on Liao Yang has been begun, and the Japs are moving into the fortifications vacated by the Russians.

The Boys and Teachers? Associates and Friends?

It is a pleasant thing to see cordial relations exist in a school. Where such is the case the enforcement of the discipline is an easy matter and much better work can be done. At the Bingham School, near Morehead, N. C., the teachers have the respect of the students, yet jolt them in their sports and games, esteeming the students as companions, friends and enjoyed associates. A catalogue tells all about this famous institution and will be sent free to those interested by writing to Preston Lewis Gray, B. L., Morehead, N. C.

End of Bitter Fight.

"Two physicians had a long and stubborn fight with an abscess on my right lung" writes J. F. Hughes of DuPont, Ga. "and gave me up. Everybody thought my time had come. As a last resort I tried Dr. King's New Discovery for Consumption. The result I received was striking and I was on my feet in a few days. Now I feel entirely regained my health." It cures all coughs, colds and throat and lung troubles. Guaranteed by C. D. Goodrich, Druggist. Price 50c and \$1. Trial bottles free.

BETTERMENT PUBLIC SCHOOL HOUSES

Suggested Readings Compiled by New Bern Association.

The Widening Horizon.

As man in the early stages of his race made his excursions from home over areas of constantly widening circles, so the child in his culture should have the wide angle which sweeps the entire realm commanded from his point of view. At each successive stage his vision comprehends the same things as in the preceding, but farther and more minutely and more relatedly. His central position is still the same, but his experience is wider, his comprehension more extended, and his generalization more grasping. If this is true, then the child is not hurt by travel through much of the world, by contact with the elements of all Nature as they appear to him, or by rich association with those who will lift him into higher industry and invention. From the center outward must be the inquiring look. The horizon is constantly widening. The gaze may not cover the entire circle, but it sees over the same territory as before, but farther and better.

Atlantic & North Carolina Railroad.

Some six years ago when Judge Russell was Governor of North Carolina, a proposition was made to the State to sell its stock in the A & N C R R to a Mr. Edwards living near Sanford, N. C. at \$35 per share. Several newspapers in different sections of the State were delighted at the idea that the State would obtain \$35 per share for 12,000 shares of stock, and thereby receive \$600,000 for a property which its interest in it cost the State one and one quarter million dollars. Mr. Edwards had lawyers employed from nearly every section of North Carolina who went to Raleigh and flattered upon the Legislature accepting this proposition. Lawyers went from New Bern to Raleigh in interest of Mr. Edwards recommending to the Legislature that this proposition be accepted. But the Democratic Legislature was too well informed to be gobbled up in that sort of a way. That 12,000 shares of stock has doubled in market value in the last six years, though if Mr. Edwards could have bought it at that time for the price he offered, no doubt some of the same persons and newspapers who advocated its sale at that time, would think today that it was a good thing for the State. A property that has increased in value like this and is of such a vast benefit to this country, ought not to be turned loose, unless the State gets a good price for it. At the rate this country is now improving and increasing in population, the stock ought to again double in market value in less than six years.

F. S. Duffy Agrees to Return Money If Mi-on-na Falls to Make You Well.

Have F S Duffy sign the following guarantee when you buy a box of Mi-on-na, nature's cure for dyspepsia.

GUARANTEE

I hereby agree to refund the money paid for Mi-on-na on return of the empty box, if the purchaser tells me that it has failed to cure dyspepsia or stomach troubles. This guarantee covers two \$30 boxes, or a month's treatment. (Signed) F S Duffy.

Mi-on-na is a remarkable preparation that tones up the digestive organs and quickly gives perfect health and strength. It will cure the worst case of indigestion, or the depress irritated state that afflicts nearly every one who has stomach trouble. It is not a mere digestive like the peptic tablets, but is a remedy that absolutely and positively cures dyspepsia and restores perfect health to the digestive system.

F S Duffy can tell you of many of his customers who recommend Mi-on-na because it cured them. Better than all testimonials, though, is the guarantee under which Mi-on-na is sold. It is a plain, positive statement that if this remedy does not relieve you of indigestion, it will cost you absolutely nothing.

F S Duffy has just prepared a beautiful line of the Romantic Roller Tray Trunks. Also a fine line of steamer trunks with Canvas bags, etc.

Pain An End To It All.

A grievous wall of pain comes as a result of unbearable pain from over exertion, rheumatism, headache, neuralgia, and other ailments. Don't think of Dr. King's New Life Pills any more! They are the only relief that will give you. They are a relief to the only relief that will give you.

AN EDITOR'S EXPERIENCE

In the Treatment of Humours with More Than Magical Effect with CUTICURA REMEDIES.

A Remarkable Testimonial from a Most Intelligent and Trustworthy Lady.

"A tumor came on my neck and in a day or two it was as large as half an orange. I was very much alarmed for fear it was malignant. My friends tried to persuade me to consult my physician; but dreading that he would insist on using the knife, I would not consent to go. Instead, I got Cuticurea Resolvent and Cuticurea Ointment. I took the former according to directions, and spread a thick layer of the Ointment on the swelling. On renewing it I would bathe my neck in very warm water and Cuticurea Soap. In a few days the Cuticurea Ointment had drawn the swelling to a head, when it broke. Every morning it was opened with a large sterilized needle, squeezed and bathed, and fresh Ointment put on. Pus and blood, and a yellow, cheesy, tumorous matter came out. In about three or four weeks' time this treatment completely eliminated the tumor. The soreness that had extended down into my chest was all gone, and my neck now seems to be perfectly well."

"About five or six years ago my sister had a similar experience, used the Cuticurea Remedies with magical effect. I am willing you should use my testimonial, with the further privilege of revealing my name and address to such persons as may wish to substantiate the above statements by personal letter to me." Chicago, Nov. 12, 1902.

Newspaper Borrowers.

The Free Press is a modest sheet in its way, yet it flatters itself that it is worth something. It certainly costs something to get it out, and unless the money we put into it is lost in the general shake up the output should be worth a considerable sum.

At least we don't consider the Free Press deserves the fate of being either borrowed or stolen or put at the mercy of the deadbeat. Yet it is subjected to these three dangers.

Let's have a reformation in this matter. If the paper is worth reading it is worth the moderate amount we ask for it.—Kinston Free Press.

The Reflector feels like saying something along this same line. A heavy drain on a paper is its borrowing, consignment, and there are many around Greenville who come under this class. Doubtless those who borrow and read a paper think it a small thing and perfectly legitimate, but in doing so they are appropriating just that much of the paper's capital without giving any return therefor. If all readers were paying subscribers the papers would be enabled to make more improvements, and every one who reads ought to be willing to pay the small subscription price.—Greenville Reflector.

What a Hospital Does.

Dr. Joseph A. Kernan reports to Board of Managers of the James Walker Memorial Hospital that the month of July was one of the most prosperous since the institution was established. A larger number of patients were treated than in any previous month and altogether it was one of the best monthly periods in the hospital's history. This is very gratifying news and the whole community will be glad to hear it. Not that we rejoice at the amount of affliction which brings about this property, but our happiness comes from the fact that those who are afflicted are coming more and more to use the hospital as a means of recovery. The hospital in our mind is the greatest institution in the city of Wilmington. It is a place for the poor man as well as the rich man, an institution for you and for me. The public is coming more and more to a proper appreciation of the hospital. The institution is being now looked on in its proper light, a great benefactor for the relief of physical suffering.—Wilmington Dispatch.
