Farmers Alliance Declare Against Conylett Use. Old George Washington's Letter Discovers, Charter Granted. Subject for Pen.

Raleigh, Aug. 12.—Prof. T. Gilbert Pearson of the State Normal and Industrial College, Greensboro, spent the morning here as secretary of the North Carolina Audubon Society in conference with the Dr. Lewis president of the society and left this afternoon for the coast, especially the islands on the North Carolina coast, where the sea birds breed. He goes to confer with game wardens for the more rigid enforcement of the law. The plan is to within the next few weeks appoint a number of additional wardens.

At a meeting of the executive committee of the University of North Carolina, announcement was made by President Venable that E. M. Armfield, of High Point, had bestowed a \$5,000 endowment on the library of English Philology. The committee decided that there will be no successor elected for Dr. Baskerville until next February, the department of chemistry being in the meantime under the immediate direction of President Venable and Dr. Baskerville goes to the faculty of the College of New York City.

The State Farmers Alliance at their annual meeting just closed at Hillsboro adopted a resolution declaring against the use of convicts for agricultural work for the raising of food supplies for the State convicts and insisting that all State convicts should be worked in the improvement of public roads.

The Alliance calls on all farmers to see to it that the law requiring that agriculture be taught in the public schools of the country be observed. The educational campaign as carried on by the Governor and the State Superintendent of Public Instruction was heartily endorsed.

A letter from George Washington to the Governor and Council of North Carolina bearing date of June 29th, 1798 has just been brought to light in the archives of the secretary of State. It is in reply to an address from the Governor and his council on matters of politics. And in concluding the letter Gen. Washington said in conclusion—"A difference of opinion on political points is not to be imputed to freemen as a fault, since it is to be presumed that they are all actuated by an equal laudable and merited regard for the liberties of their country."

A charter was tested this morning for the Dunhamville Co. of Dunn Harbort county. The capital is \$25,000 authorized and \$1,000 subscribed by H. E. and W. R. Newberry of Magnolia and J. L. Southall of Dunn.

Sheriff Summers was here today to deliver to the penitentiary, Raben McDonald colored, to serve 15 years for burglary in the second degree. He was brought from Irwell county.

Capt. J. P. Armstrong, institutional clerk to the State Treasurer is reported today as being better able with no possible chance for his recovery. He was totally paralyzed last Monday night.

FARMERS ALLIANCE OPPOSES LEASE

Atlantic and North Carolina Railroad and Adopt Resolutions.

The North Carolina State Farmers Alliance, which has been in session at Hillsboro, N. C. several days in the past week, among other things took a positive position regarding the lease or selling of the Atlantic and North Carolina property.

The resolutions express fear through a lease or sale, some foreign corporation will control the property, and use the road against the competition which is now on the coast other roads.

The resolutions adopted are as follows: "Whereas it seems probable that the railway system of North Carolina will at no distant date pass into the hands of foreign corporations working together and possibly controlled by the Government of one agricultural, mercantile and other interests.

"Now be it resolved by the Farmers State Alliance of North Carolina that we respectfully petition the Executive, the Hon. Charles B. Aycock to neither sell nor lease the Atlantic and North Carolina Railroad, believing as we do that this railroad can be sold to the North Carolina State without great expense to the state to the use of convict labor, and that by the extensive proposed the people of North Carolina can be protected by our organized contribution from unjust imposition and our own city of Beaufort made the great port that our forefathers intended.

"We, however, would not shut our eyes to any abuse in the present management, but would urge a stricter supervision of its affairs on the part of our people and public officials."

HORRIBLE ACCIDENT.

Nine Year Old Boy Dragged to Death by a Frightened Horse.

Special to Journal.

Beaufort, N. C., August 12th, 1 p. m.—The most shocking accident to occur in this town for a long time happened here this morning.

Little Hubert Pearce, the nine year old son of Mr. David Pearce was holding a horse to graze on one of the streets, and had tied the tether rein around his waist, when the animal became suddenly frightened and dashed away, dragging the boy several hundred yards before he stopped.

In the run the child's head struck a tree badly crushing the skull, and before the horse could be stopped, the body was bruised and mangled in a frightful manner.

The injured lad, unconscious, was carried to Dr. Davis office, where an examination was made by Drs. Duncan and Maxwell, but it was seen at once that there was no hope, and in a short while, at 12.30 he was dead, having never regained consciousness.

RUSSIAN FLEET RETURNS.

Forced Back to Port Arthur Badly Damaged. Male Helr Born to Russian Throne.

Tokio, Aug. 12.—Admiral Togo reports that the Russian battleship Czarevitch was probably "sunk" in the engagement outside of Port Arthur Wednesday.

London, Aug. 12.—A cablegram received by the Japanese legation today states that the cruisers Askold, Novik and another cruiser and a torpedo boat destroyer took refuge in Kiao Chow after the battle with the Japanese fleet. Another destroyer took refuge in Chee Foo, while five Russian battleships, one cruiser and one hospital ship and several torpedo boat destroyers seemed to have escaped Port Arthur harbor. The Japanese fleet is believed to have escaped damage.

St. Petersburg, Aug. 12.—The czarinas today gave birth to a boy. The boy is to be named Alexis. The birth of the boy is the greatest event in the minds of the Russian people in this decade. The desire that the emperor and empress for a male heir to the throne which has been four times disappointed, may be shared by the subjects of the czar and now that their hopes are realized all eyes are fastened on the joy over the event. What the event means to Russia cannot be appreciated anywhere outside the empire, for it will put new life into the empire. Of the four children born to the czarinas previous to this are girls. The oldest, Grand Duchess Olga, will be nine in November; Taisia is seven, Maria is five and Anastasia is three.

Bad at Bitter Fight.

"Two physicians had a long and sharp fight with me also, on my right lung" writes J. F. Hingdon of DeFunt, Ga. "and gave me up. Everybody thought my time had come. As a last resort I tried Dr. King's New Discovery for Consumption. The result I received was nothing but a success. My lung was healed and I was on my feet in a few days. Now I'm entirely recovered and can do all the work I want to do."

Miss Ora Williams left the morning to stay awhile with relatives in Martin county.

Messrs. Henry Whitehurst and Isaac Hughes of New Bern, and Elmer and Jasper Gardner of Maple Cypress are visiting Mr. J. A. Smith.

The U. S. Government boat Trent, was in our waters last week, with a crew surveying the river. Your writer would suppose that the girls were sorry to see them leave, by their frequent visits at the wharf during its stay and also after hearing the statement made by their captain that Trenton was noted for pretty girls and the vicinity for bed-bugs Mr. E. A. Hammond of this place joined them on their departure.

The meetings conducted by Rev. J. W. Noble, the Baptist minister of Pollockville, at the court house last week were well attended and enjoyed very much. We are glad to have Mr. and Mrs. Noble with us any time. The union meeting of the Neuse district preceding his services was well attended by ministers and delegates from other places.

At a meeting of the town officers last Tuesday, Mr. I. H. Pollock was retired from the police force and Mr. Benj. Green given his place also an extra policeman was asked for and granted for Saturdays and special days. In connection with this, will ask our officers to please pay a little more attention to the streets as some of them are becoming a little grassy. What is the reason of stopping the street workers at this time? The writer hopes to state in our next where they have resumed their work.

Messrs. L. P. and Robert Bragg are up from New Bern painting the dwelling of Mr. F. W. Foscoe. Dr. H. G. Monks is now putting his last coat of paint on. These two dwellings when finished will be a pleasure for the eye to behold.

We are indeed sorry to know that our Officers correspondent, feels hurt over a personal used, which was claimed should have belonged to them. They seemed to indicate that we had to enter their territory for items, and we most humbly beg their pardon for our rash act (in their eyes) granted that the personal referred to was one of this district as this was their postoffice.

An entertainment was given last Tuesday evening at the residence of Mr. J. A. Smith in honor of their company, the Misses Chapman of Grifton. An amusing incident of the evening was when each girl was then given paper and pencil and name of a boy to describe during the boy's absence from the room. On their return each boy was given his description, who read it those present. The first prize that of a bottle of perfume was given to Miss Theresa Cox.

Oaks and cream were served during the evening. About 15 the pleasure to have numbering about thirty, expressed their delight in having come and departed to their homes.
