REFUSE TO LEAVE.

No Bombardment of Port Arthur Will Continue. Naval Attack On Vladivostok Expected.

London, Aug 13.—The Russian garrison at Port Arthur have refused to comply with the Japanese commands to surrender and non-combatants in the beleaguered city have refused to avail themselves of the Japanese offer of a chance to leave the city. Telegrams were issued by the Japanese stating this morning which confirm the press reports to this effect. The refusal means that the bombardment of the city will be recommenced with increased vigor. The report comes from the beleaguered city that the Japanese have already begun their cannonade.

St. Petersburg, Aug 13.—It was stated this morning that an attack on Vladivostok by the Japanese is anticipated during the period of calm in the field and measures are being taken to fully fortify the Pacific port against such an onslaught.

THE HEAT TERRIFIC.

A Close Sultry Day With No Wind Stirring Yesterday.

The sun's rays beat mercilessly down on the earth yesterday and there was no escape—except to get into the ice box but one can't stay in the ice box all the time. There was no breeze to relieve the torrid heat and the just and unjust suffered alike.

The temperature reached 95 degrees which was within two degrees of the highest point reached this year, but at that time a strong breeze was blowing which made the weather really more endurable than it was yesterday.

We have escaped rain for a few days very nicely and there will probably be a more or less dry period until the equinoctial storm which occurs September 21-24. As for rain the farmers will be thankful for a short respite from storms.

A PROSPECTING INSTITUTION.

The New Bern Military Academy Being Equipped for Great Usefulness.

The New Bern Military Academy is entering a period of prosperity which means much for the city as well as for itself. The Journal has often called attention to the splendid educational opportunities offered by this school and it is pleased to note the rapid advancement it is making in the way of enlarging its capacities.

The location recently acquired by the school is an ideal one. The buildings which were already standing on the lot were admirably adapted for the use to which they have been put. The new buildings have been constructed with the idea of giving the students the greatest advantage possible in the pursuit of their studies.

The barracks for the boys is completed and furnished, a commodious and satisfactory place for them to live while they are at school. The annex, a building which was formerly used as an office has been completely overhauled and refitted and will be used for the same purpose as the barracks.

A new building is being erected in the rear of the main school building which will be used as a dormitory and will accommodate sixty lady students. The same building will have other attractive features for the enjoyment of the students. Carpenters are busy, and pushing the construction with all speed.

Colonel Holliday has assurance of a large attendance this fall. He is receiving daily inquiries as to tuition and communications making arrangements for attendance at the school. He has reason to expect a large school. Agents on the road in the interest of the Academy also state that the reputation of the school has spread so far that young men and women in distant counties have expressed their intention of becoming students.

The faculty of the Academy are all gentlemen and hold of superior education themselves and have the fine art of imparting their knowledge to others. The department which from the Academic, Commercial and Manual have competent instructors who have most excellent credentials.

The citizens should show their approval of this enterprise in every way possible. A visit to the school will satisfy everybody as to its merits and the possibilities.

We believe that it will grow in popularity and character to the extent of being the best school in Eastern North Carolina.

End of Rival Fight.

"Two physicians had a long and sharp fight with an absence on my right hand," writes J. F. Hughes of DePaul, Ill. "and gave me up. Everybody thought my time had come. As a last resort I tried De Witt's New Discovery for Catarrh. The result I cannot describe. It was as if my time had just expired."

MILLS LUMBER CO. SOLVENT

But Tied Up For Lack of Money. President Mills Assumes All Liabilities.

Special to Journal.

Raleigh, N. C., August 13.—Today President Walter W. Mills and Secretary Godwin of the W. W. Mills Lumber Co. returned here from New York. Liabilities of the Company are about \$85,000, assets on which the company can realize some \$45,000. There is \$40,000 more of assets which it will take about a year to work out. The Company is entirely solvent, but is merely tied up for lack of money. President Mills personally assumes all the liabilities.

POLLOCKVILLE

August 13th.

The last week heavy rains have done lots of damage to cotton and fodder. We had a rain here last Friday, had it been properly divided up was enough for one whole summer's need in growing crops.

Mr. Sam Windlay of Trenton is making regular trips in his launch from there to New Bern taking passengers and freight.

Mrs. J. H. Bells, Mrs. J. H. Barras and Mrs. J. Ward left here last Monday for Waynesville, to spend the summer and fall. We hope they will be greatly benefited and return feeling well and strong.

Miss Mabel Barras left last Monday to visit friends and relatives at Kinston.

Mrs. S. E. Koonce and daughter, Miss Berdis of Trenton after spending several weeks with her son Dr. S. E. Koonce in Wilmington are spending a few days this week with friends and relatives at this place.

Miss Mary Foy entertained her friends last Tuesday evening at her home very elegantly by giving a lawn party which was very much enjoyed by the guests. Fruit, melons, ice cream and cake were served and heartily partaken of by all.

Mr. Wm A Kime of Greenboro is visiting in this neighborhood, he spends most of his time around a big farm on the Trent. Think he is after making a purchase from the county soon, not real estate though.

Mr. J. N. Foscoe showed us a sample stock of corn of his farm which is making from 4 to 8 goods ears to the stalk. He is just experimenting with it this year.

A prominent farmer who lives near here left one day a few weeks ago to visit friends and relatives in Virginia. He took the 6.30 o'clock train at New Bern, soon fell asleep dreaming he had reached Petersburg, he left the train at Boston got mixed up in a pile of lumber and when making inquiry as to his whereabouts he found that he had not yet gotten to Goldsboro, he made a break for the moving train but too late he got left, next morning he boarded the first train but did no more dreaming and reached the city of Petersburg all o. k., had a pleasant visit and returned home well pleased with all but his fatal dream. He tells this story himself.

Best Time to Cure Dyspepsia

F. S. DUFFY Guarantees Mi-o-na Will Cure If Used Now.

The warm weather months are the best in the whole year for the treatment of dyspepsia and stomach troubles. The outdoor life, the fruit and berries which are so liberally eaten, all help to restore tone to the digestive system.

F. S. DUFFY stands ready to refund the money if Mi-o-na does not cure indigestion and stomach troubles at any season but urges all who are afflicted with dyspepsia to begin the use of Mi-o-na now, knowing that the cure will be more quickly effected.

If the food you eat gives you pain and discomfort and does not digest readily, a Mi-o-na tablet taken after each meal will soon bring relief and complete freedom from all stomach troubles. Mi-o-na soothes and heals the inflamed stomach lining, regulates with the food, aids digestion, gives tone and strength to the whole system, and makes complete and permanent cure in the worst cases of stomach troubles.

If by chance Mi-o-na should not give you perfect satisfaction and do all that is claimed for it, return the empty box to F. S. DUFFY and he will refund your money without question. You are the sole judge. A box contains two weeks' treatment, and this guarantee covers two boxes.

Take advantage of the summer the best time in the whole year to regain good health and to enjoy it.

BABY'S ECZEMA

Top of Head Covered with Scales Which Peeled off Taking Hair with Them.

CURED BY CUTICURA

Now Six Years Old with Thick Hair and Clean Scalp. Cure Permanent.

"My baby was about six weeks old when the top of her head became covered with thick scales, which would peel and come off, taking the hair with it. It would soon form again and be as bad as before. I tried several things and then went to the doctor. He said it was Eczema, and prescribed an ointment, which did not do any good. A friend spoke of Cuticura Soap. I tried it and read on the wrapper about Cuticura Ointment as a remedy for Eczema. I bought a box and washed her head in warm water and Cuticura Soap and gently combed the scales off. They did not come back and her hair grew out fine and thick. She is now a year and a half old and has no trace of Eczema."

MRS. C. W. BURGESS, Ironsides Ave., Bridgeport, Conn., Feb. 21, 1898.

Mrs. Burgess writes Feb. 28, 1903: "My baby, who had Eczema very badly on her head, as I told you before, after using the Cuticura Remedies was cured. She is now six years old and has thick hair and a clean scalp."

Instant relief and refreshing sleep for skin-tortured babies and rest for tired, worried mothers in warm baths with Cuticura Soap, and gentle anointings with Cuticura Ointment, purges of emollients and greatest of skin cures, to be followed in severe cases by mild doses of Cuticura Resolvent. This is the purest, sweetest, most speedy, parsimonious, and economical treatment for torturing, disfiguring, itching, burning, bleeding, scaly, crusty and pimply skin and scalp humors, with loss of hair, of infants and children, as well as adults, and is sure to succeed when all other remedies and the best physicians fail.

Cotton Cut off

Raleigh, N. C., Aug. 13.—Secretary Taylor of the Farmers Mutual Hall Insurance Company returned here today from a trip through the southern counties where he says the cotton crop has been cut off 95 to 99 per cent on account of the rain. He brought in the first open boll of cotton, from the farm of A. J. Milligan, of Hamlet. Secretary Taylor left this afternoon for Stokes and Surry counties to investigate losses by hail of which 74 have been insured there. He says hail storms continue in that section.

At greatly reduced prices for Spot Cash during the month of August. I have them in all grades and sizes. It will pay you to investigate and buy.
