QUIET AT COLLEGE

Present Situation at A & M Promises Well.

Students Wanted Night Liberty. Convicts To Pick Cotton. State Charters. Governor Goes to Maine. Normal College Prosperous.

Raleigh, Sept 8.—President Winston of the Agricultural & Mechanical College said today that everything was quiet there. The 49 Seniors who have made the trouble and stirred up the under class men were told that they could not remain at the college, as they were making speeches, going through the mess hall cheering and shouting. Twelve of them remained at the college last night. The others remained in the city and are yet here, saying they think the board of trustees will meet. One senior says he believes the board would give way to the demands of the seniors, but admitted that if they did so it would be a bad precedent. The Juniors and Sophomores had a secret meeting this morning in the park. Four of the Seniors have been expelled but these yet remain here. It was said today by some students that they had written to the State University and to Clemson College, S C, and that they would be taken in at either of these institutions but that they do not know whether this is true or not. The trouble about the matter is that the oaths have been taken not only the Seniors but the undergraduates and that the students regard these foolish pleasures as very blinding. They are told that if their demands are allowed it would demoralize all college life. They want all sorts of liberty at night. That is the main trouble.

The penitentiary directors will soon move all the convicts from the gang that works on the Raleigh & Pamlico Sound railway; the roads of Guilford county, the lumber cutters at Dover and the Ives gang, to the State farm on the Roanoke river in order to gather the great cotton crop there. This work will be pushed and as soon as it is done all these convicts, at least 250 will be put at work on the Raleigh and Pamlico Sound railway so as to push it as rapidly as possible, as it is felt that it is best to build the railways which develop the State rather than to hire convicts to private persons. Penitentiary directors say that if the present plan in sending feeble convicts to the penitentiary continues for two years longer, the institution will not be self-supporting, but will have to be turned into the hospital.

Sellers and Brown, the negroes who are from Bladen county, held in the penitentiary for safe keeping are scared to the limit. Sellers is stated by Brown to have made threats regarding the dead woman, but Sellers says that Brown's statements are lies.

The State charters the Moffat Iron Works at Sanford, capital stock \$25 000; also the High Point Inter Urban Street railway, with leave to operate railways, telephone and telegraph lines any where within 50 miles from High Point. The capital stock is \$800,000, and W A Heller of Danville, Pa, owns the most of the stock, and other stockholders being R A White and R H Wheeler at High Point.

Governor Aycock and Francis D Winston left this afternoon for Maine, where they make 12 educational addresses at the request of that State, the Governor goes to Vermont for a little visit to a prominent man there whom he met in this State.

President Charles D McIver of the State Normal & Industrial College was here today and said that the school would open with 400 borders in the dormitories, 50 in private families, and about 60 students from Greensboro. Making about 550 in all. The dormitory is one of the finest in the country.

Insurance and Brick

strik terror to the heart of the man who is away from home, as he don't know but that he may find his home in ruins on his return. And the first thought that strikes him after he has found his family safe is—I hadn't a cent of insurance on it! Be wise in time. Let me assure you is one of my good companies.

BABY'S ECZEMA

Top of Head Covered with Scales Which Peeled off Taking Hair with Them.

CURED BY CUTICURA

Now Six Years Old with Thick Hair and Clean Scalp. Cure Permanent.

"My baby was about six weeks old when the top of her head became covered with thick scales, which would peel and come off, taking the hair with it. It would soon form again and be as bad as before. I tried several things and then went to the doctor. He said it was Eczema, and prescribed an ointment, which did not do any good. A friend spoke of Cuticura Soap. I tried it and read on the wrapper about Cuticura Ointment as a remedy for Eczema. I bought a box and washed her head in warm water and Cuticura Soap and gently combed the scales off. They did not come back and her hair grew out fine and thick. She is now a year and a half old and has no trace of Eczema. I bought a box and washed her head in warm water and Cuticura Soap and gently combed the scales off. They did not come back and her hair grew out fine and thick. She is now a year and a half old and has no trace of Eczema." Mrs. C. W. BURGESS, Ironston Ave., Bridgeport, Conn., Feb. 21, 1898.
