Cases Against Finch Will Go Off Docket.

Twelve out of Forty Seniors at A. & M. College, Bullet Found By X-Ray, Supreme Court Cases, Treasurer Lacy Addresses Veterans.

Raleigh, Sept. 13.—The conditions at the A. & M. College today are that there are twelve of the forty five seniors doing regular class work, and ten other applications for reinstatement are under consideration. Each applicant for reinstatement is considered separately and an unreserved promise on the part of the erstwhile mutinous senior to abide by the rules of the college is all that is being required. Those reinstated are even restored to their military positions in cases where they held office.

Today's bullet was located by means of an X-ray instrument, in the abdomen of Geo Arrington, colored, a negro youth who was accidentally shot at Method near Raleigh. Sunday an operation was performed and the bullet removed so that it is believed he will recover. The fellow was "fooling" with an old revolver when it fired, the ball entering his chest and ranging down to his abdomen.

Judge Funnell in the United States District court issued an order adjudging M F Young, recently in the banking business in Dunn, Harnett county, bankrupt and referring the case to S F McRae of Fayetteville.

K S Finch of New York, who was a party with J P Cuyler in the petition to Judge Funnell of the Federal court last June for the appointment of a receiver for the Atlantic and North Carolina railroad, spent last night here in conference with Col T M Argo, his leading counsel in the criminal proceeding for conspiracy. It is believed here that the case against him and against Capt McRae will go off the docket without being prosecuted by the State. Mrs Florence P. Tucker's motion made in the Federal court yesterday for the final hearing and dismissal of the Cuyler suit for receiver will be the means of closing up the litigation which has furnished so much sensation. Mrs Tucker's petition recites the facts on the lease of the A. & N C to R S Howland and ask that a day be set for the final hearing of the receiver-ship matter with a view to its dismissal. Sept 20th has been named by the court for the hearing.

Appeals from the Third district are up for argument in the supreme court this week, the docket being as follows: State vs Leary; State vs Fleming; Harrington vs Rawls; Jones vs Suggs; Avery vs Stewart; Tripp vs Nobles; Blades vs Dewey; Brown vs Cogdell; Cason vs Dortch; Daniels vs Railroad; Guano Co vs Edwards; Chemical Co vs Edwards. Among the counsel here for the arguments are D L Ward, New Bern; W C Munroe Goldboro, ex-Governor; Thos J Jarvis, Greenville, and C. G. Daniels, Goldboro.

State Treasurer B R Lacy has returned from Hertford Cumberland county where he delivered an address before Confederate veterans. Three divisions attended the reunion which Mr Lacy declares was one of the most successful he ever attended. It was the first time he ever delivered an address before a body of veterans.

Russian Cruiser Will Remain in American Waters.

San Francisco, Sept 13.—Guarded by the United States torpedo boat Paul Jones, the Russian auxiliary cruiser Lena lies at anchor off the Union Iron works and there she will likely remain until the close of the war. Lieut Herbert of the cruiser New York, inspected the cruiser and reports her boilers useless. Russian officers declare that not less than four and perhaps eight months time will be necessary before the vessel can depart and it is considered here that she will disarm and remain.

Another Clash of Arms Expected

London, Sept 13.—Dispatches to the Exchange Telegraph Company from Gen Kuroki's headquarters state that the skirmishes between the Russian and Japanese advance guards are taking place with increasing frequency, although the troops state a general battle is expected soon.

TO IMPROVE BEAUFORT HARBOR

Senator Aldrich, Simmons And Mr R S Howland to Visit Beaufort. Special to Journal.

Raleigh, Sept 13.—United States Senator Simmons received a telegram today from Senator Nelson W Aldrich of Rhode Island, asking Mr Simmons to meet him at Beaufort Thursday for the purpose of examining the harbor there with a view to seeing what can be done by the government in dredging the bar for passage so that larger vessels may get into the harbor. R S Howland, the lessee of the A & N C railroad, will be with senator Aldrich. In fact the conference is brought about through Mr Howland, with a view to the promotion of his plans for developing the A & N C road. The bar at Beaufort now admits vessels of from fourteen to eighteen feet and it is claimed that with the expenditure of a little more than \$100,000 in dredging vessels of 25 or 30 feet draft can be brought into the harbor.

Supreme Court Opinions

Special to Journal.

Raleigh, Sept 13th.—The supreme court handed down the following opinions today:

Government Cotton Report.

Washington, D. C., Sept 13, While rust and shedding continue over a large portion of the cotton belt, reports of injury from these causes are less numerous than in previous week in central districts. Weather has been favorable for picking, except in portions of Georgia and Florida, where this work was hindered by heavy rains, and picking is now begun in northern districts. In Texas, cotton improved slightly in a few northern counties, but on the whole very little new fruit is forming, and boll weevils are puncturing nearly all new squares in south-western coast central and eastern counties as well as a number of northern counties.
