A NOTED CASE.

Damages Asked for Injuries Received by Free Pass Holder.

Marriage. Politics. St. Mary's and Peace Crowded. Storm Freaks at Mt. Olive. Senator Aldrich at Beaufort. Reform Ticket Majority.

Raleigh, Sept. 15.—In the Supreme Court today argument of cases from the Third district was concluded and the noted case of McNeill vs the Charlotte & Durham railroad, was called for the argument on the rehearing of a rehearing. This is the case in which Editor McNeill of the Carriage Blade sued for damages for injuries sustained while he was riding on a free pass that had expired, the conductor allowing him to ride on it at his earnest solicitation. Of two jury trials the first verdict was for \$5,000 and the second on a new trial allowed by the Supreme Court a \$4,000 verdict was rendered. This was affirmed, then a rehearing allowed and another affirmation followed and now there is a rehearing of a rehearing on the ground that plaintiff has no standing in court or just ground for his suit.

The executive committee of the State Hospital for the Insane at Raleigh, in session yesterday and today report the affairs in excellent condition but the institution terribly crowded. They declare that appropriations for material enlargement by the next legislature is an imperative necessity.

Chas B. Ellis, manager of the Bell Telephone exchange at Selma was united in marriage last afternoon in this city to Miss Willette Hight, the ceremony being at the home of the bride in the presence of a few friends. They went to Selma last night where a reception was tendered them. Miss Hight was for sometime an operator on the exchange here.

Chairman F D Jones of the republican congressional executive committee for this, the fourth district was here today in hopes of getting the committee together and naming a candidate for congress to oppose Ed W Fou Democratic congressman, but other members did not show up. Jones says he hopes to have a candidate named within two weeks.

Both St. Mary's School and Peace Institute opened today with the largest attendance in their history. Every room in both institutions is taken and several applications have been refused by both for lack of room.

Parties who arrived here from Mt Olive, since the cyclone yesterday tell of some remarkable freaks of the wind in one instance a dwelling house was blown down and four small children were carried by the wind into the yard unharmed. At another house a Mrs Cox was sitting in a chair in front of her house when the force of the wind smash the chair, jammed the woman in a corner and overturned the house, plunging the woman down so that it required hard work by three neighbors to extricate her. However she was unharmed.

Senator Simmons has received a telegram from Senator Aldrich of Rhode Island notifying him that he cannot meet him in Beaufort, until Sept 20th. They were to have met there today for the purpose of conferring as to the possibilities for deepening the bar by government appropriation.

Armstrong Jones, for the past several years chairman of the Wake county Democratic executive committee announces that he will not stand for reelection and he will be succeeded by W B Snow who led the victorious fight in the Democratic primaries for the reform ticket of county commissioners whose majority was about 1,500.

The official count of the Democratic primary returns shows that Ellington's majority over N B Broughton's for the State Senate was 304. Ellington was on the ticket with the reform county commissioners whose majority was 1,500.

ORLOFF, THE SCAPE GOAT

To Satisfy Russians. Two Months For Fighting Before Winter. Both A-miles Now Inactive.

London, Sept 15th.—Inactivity of the opposing armies of Russia and Japan continues and no fighting of a general character is reported. Information coming from an authoritative source in St. Petersburg is that the Russians will withdraw at Harbin, but the fact that there probably will be two months of good weather for military operations before extreme cold weather sets in leaves room for a revision of this purpose in the light of events that may transpire. The Japanese are reported to be collecting taxes and otherwise administering affairs in Manchuria, so though that country was supposed territory. The publication of General Kuropatkin's report of the fighting from August 24th would increase upon Mukden has been reported as being in St. Petersburg.

The report distinctly places upon General Kuropatkin the responsibility for the failure to hold the heights in the vicinity of Rybinsk and to check the Japanese advance.

OPENING EXERCISES

The New Bern Military Academy Begins Its Second Year Under Auspicious Circumstances.

The interest taken by the public in the progress of the New Bern Military Academy was manifested in a pleasing manner yesterday, when a goodly number assembled at the court house to witness the opening exercises. It was indeed gratifying to Col Holladay to have the assurance of the good wishes of the people of New Bern and such gatherings will have a tendency to encourage him to higher and better achievements than he has yet attained.

The exercises at the court house were opened with prayer by Rev G T Adams. Col Holladay made a few remarks of welcome in which he expressed much pleasure at seeing so many friends of the school. After an instrumental solo by Miss Sadler which was greatly enjoyed, the president introduced Mr M D W Stevenson who spoke happily on the distinction between "Commencement" and beginning. He said that he had sometimes heard the statement that where "ignorance is bliss," "it is folly to be wise" but that is only the argument of the lowest class of humanity whose only object in life is the gratification of their appetites and pleasures. Ignorance is not bliss to the person who is desirous of making himself of any use.

Miss Dewey then rendered a vocal solo in a very pleasing way. Rev G T Adams then made a few remarks bearing on the idea of how education assists the moral and religious part of society; if a man is educated he will become better acquainted with the responsibilities placed upon him and will strive to do his part toward the uplifting of humanity. He gave the students some good advice about educating their heart as well as their head and to make it a habit to attend regularly the church of their choice.

Prof Kemp, the soliciting agent of the school spoke of the chances the educated young woman had over the one who had no learning. It has come to be a custom now to seek the best education rather than avoid it. A boy or a girl knows that an education is the one thing that will give them a standing and popularity among their friends. He said he had been highly pleased with the way that this institution had gained in strength and numbers and that through the untiring efforts of Col Holladay the school had attained its enviable reputation.

Mr S M Brinson made the concluding address in which he told of the struggles of educational institutions after the war. He also spoke of the high standing the school had already taken and congratulated the president on the success of the school. The exercises concluded with a very pretty solo by Miss Sadler which was heartily applauded.

The attendance at the school at the opening of the surges the president's fondest hopes and presents the advisability and even the necessity of erecting another building for the accommodation of the students. A great many have come by train and by team and all the rooms in the barracks and dormitory are now occupied.

The attendance including the students who live and board in the city will number 250.

WANTED: 50 MEN AND WOMEN

To Take Advantage of Special Offer Made by Davis' Pharmacy.

Davis' Pharmacy, the enterprising druggist, are advertising today for fifty men and women to take advantage of the special half-price offer they are making on Dr Howard's celebrated specific for the cure of constipation and dyspepsia, and get a fifty cent package at half-price, 25 cents.

So positive are they of the remarkable power of this specific to cure these diseases, as well as sick headaches and liver troubles, that they agree to refund the money to any customer whom this medicine does not quickly relieve and cure.

With Dr Howard's specific at hand, you can eat what you want and have no fear of ill consequences. It strengthens the stomach, gives perfect digestion, regulates the bowels, creates an appetite, and makes life worth the living.

This is an unusual opportunity to obtain 60 doses of the best medicine ever made for half its regular price, with the personal guarantee of a well known business firm to refund the money if it does not give satisfaction.

If you cannot call at Davis' Pharmacy store today, send them 25 cents by mail, and they will send you a package promptly, charges paid.

Davis' Pharmacy has been able to secure only a limited supply of the specific, so great is the demand, and you should not delay taking advantage of the liberal offer they are making this week.

Chamberlain's Cough Remedy Aids Nature.

Medicines that aid nature are always most effective. Chamberlain's Cough Remedy acts on this plan. It soothes the lungs, relieves the irritation, opens the passages, and aids nature in restoring the system to a healthy condition. Sold by F. S. Duffy and Davis' Pharmacy.

Try a bottle of Carbonated Coca Cola. It possesses wonderful tonic properties made from the famous Coca plant and Cola nut.

AN EDITOR'S EXPERIENCE

In the Treatment of Humours with More Than Magical Effect with

CUTICURA REMEDIES.

A Remarkable Testimonial from a Most Intelligent and Trustworthy Lady.

"A tumor came on my neck and in a day or two it was as large as half an orange. I was very much alarmed for fear it was malignant. My friends tried to persuade me to consult my physician; but dreading that he would insist on using the knife, I would not consent to go. Instead, I got Cuticura Resolvent and Cuticura Ointment. I took the former according to directions, and spread a thick layer of the Ointment on the swelling. On renewing it I would bathe my neck in very warm water and Cuticura Soap. In a few days the Cuticura Ointment had drawn the swelling to a head, when it broke. Every morning it was opened with a large sterilized needle, squeezed and bathed, and fresh Ointment put on. Pus and blood, and a yellow, cheesy, tumorous matter came out. In about three or four weeks' time this treatment completely eliminated the tumor. The soreness that had extended down into my chest was all gone, and my neck now seems to be perfectly well.

"About five or six years ago my sister had a similar experience, used the Cuticura Remedies with magical effect. I am willing you should use my testimonial, with the further privilege of revealing my name and address to such persons as may wish to substantiate the above statements by personal letter to me." Chicago, Nov. 12, 1902.

SHOT INTO TRAIN.

A Second Outrage Perpetrated on Passengers of the Wilmington Excursion Train.

For the second time within a few weeks the passengers on an excursion train between Wilmington and New Bern have been made victims of a dastardly affair by which the cars were assailed from the outside. The last time it was with bullets and it seemed to be only a merciful dispensation of providence that somebody was not struck and killed.

The train was near Folkstone on its return to New Bern Wednesday night, and the reports from several cars were heard followed by the crashing of glass. The passengers, especially the women were greatly frightened because they remembered the unpleasant experience of the excursion preceding that one and that it happened at or near this place. In fact it was recalled that trains have been stoned several times at this place and the consequently felt a little fearful about passing there in the night.

Fortunately none of the flying missiles struck but it was no thanks to any of those who fired the shots who evidently intended to do great mischief. It is believed that six or seven shots were fired. Only one pane of glass was broken and no trace of the bullets could be found.

No manner of blame can be attached to this kind and yet if anything should occur it is quite likely that the victim or friends of the victim would sue the company and therefore it should behoove them to use their utmost pains to bring the rascals to justice.

They have been fortunate enough to capture and convict one stone thrower and it is severely to be hoped that the creature who would dare to use a gun in such a cowardly way will get his just desert.

Cause of Insomnia.

Indigestion nearly always disturbs the sleep more or less and is often the cause of insomnia. Many cases have been permanently cured by Chamberlain's Stomach and Liver Tablets. For sale by F S Duffy and Davis' Pharmacy.
