Corporation Laws to be Amended. Young Man Arrested in Norfolk.

North Carolina Historical Society.

Raleigh, Sept. 17.—In Justice Hehn's court today Rev. Theo. Thompson, the negro "Hard Shell Baptist" preacher was bound over to court in a \$100. bond for obtaining goods under false pretenses from Rev. W. A. Simpkins and sent to jail ten days for contempt of court in not presenting himself for trial in accordance with a summons. He is the preacher who pleaded so earnestly to be let out of jail in time to keep an appointment to administer the ordinance of baptism.

State Auditor B. F. Dixon says he will be obliged to recommend that the next legislature amend the corporation laws so that there will be a fixed penalty for failure to make annual reports for taxation etc., to his office. There are quite a number that have not reported for this year and repeated letters that he has written them are ignored.

Ex-Congressman John Nichols of this city is making the experiment of using monkeys on his farm for picking cotton. He has three and says they are averaging about 300 pounds of cotton per day. They pick the cotton out of the bolls and put it in sheets spread along the rows for the purpose.

The matter of the selection on a matron for Rex Hospital by deceased Mrs. Lawrence, deceased, has been referred by the directors to Dr. J. A. McKee of the State Hospital. Miss Mary McClelland is temporarily in charge.

Tobacco breaks in Raleigh the past week have been exceptionally good and the prices have ranged high, in fact about double what they were at this season last year. Over 50,000 pounds were sold at the two warehouses yesterday. It is estimated that there is about a half crop in this section.

A report from Norfolk is that a young man J. J. Edmunds, a son of a leading pastor in Raleigh is under arrest there for robbing his employer. The young man's father is not a pastor here at all but is an evangelist who does considerable evangelical work among the country churches, being a Baptist. His name is J. J. Edmundson and not Edmunds. He returned to his employer's store at night, having helped to close up and entered through a door he had purposely left open and took about \$40 from the cash drawer.

Dr. Moment, pastor of the First Presbyterian church of this city announces that tomorrow night he will deliver a sermon on the subject "Manchuria" or "Russia's purpose to close the gates of the far east. Again Protestant Christianity."

Secretary Poe of the North Carolina Historical Society announces that a meeting of the Society is called for Tuesday of State Fair week (Oct. 18), and that features of the program will be an address by Prof. Alpheus Smith of the University of North Carolina, subject, "The Average American". Prof. D. A. Hill A. M. College, "Books of the year by North Carolinians". Dr. F. P. Moty, Carolina History, Prof. Chas. McNeill, University of North Carolina, an original poem or essay. Chief Justice Walter Clark "A synopsis of the reply of the committee of five to the charges made by Judge Christian of Virginia impeaching the claims of North Carolina that she was "First at Bethel" farthest to the front at Gettysburg and at Appomattox."

Chairman Simmons of the State Democratic Executive committee is receiving many inquiries as to how the registration books should be opened, confusion growing out of the phraseology of the law. He issues an opinion on the subject from Attorney General Glimer to the effect that the books must be kept open twenty days exclusive of Sundays preceding the day for closing the books which is the second Saturday before the election under this constitution. The books should be opened October 6th and close October 26th. Democratic State Chairman Simmons is now in correspondence with Rep. H. S. State Chairman Hoffman regarding an argument on the ruling.

LOSS OF BARGE SCHUYLKILL

Captain of the Tug Cuts Hawser and Lets Barge Go. Is Last Wednesday's Storm.

The tug Escherich arrived here yesterday from Philadelphia, and her captain reports the following marine disaster. Last Wednesday, Sept. 14th, the tug Escherich, towing the barge Schuykill, Capt. Sam Iryin, for Scranton, N. C. and Edwards, Capt. Schiller for New Bern, put out of the Pasquotank river and encountered the gale which prevailed in Albemarle Sound. Late in the afternoon, and struggling against the storm, the tug's captain becoming uneasy, cut the hawser to the barge, letting them shift for themselves. At about 7 o'clock p.m. the Schuykill dragged her anchor and went ashore inside the bar at the Pasquotank light, going well up on shore, so that the barge now lies one half mile from water that would float her, and one end in the woods, where she is likely to stay.

The barge was valued at \$6000, and belonged to Chas. Gring, Philadelphia. In the same storm the tug Curran was damaged \$500, losing her rudder and heel.

Thursday the tug Escherich, towing the barge Jupiter for this port, came along, and dropping her tow, took the Curran to Elizabeth City for repairs, and returning brought the barge Jupiter and the other barge Edward to New Bern. All these boats belonged to the same owner.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever, since cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure.

WHY THE OFFICERS GO

Not Enough Room Here. The Move Said to be Only Temporary.

In conversation with Mr. F. L. Merritt, yesterday, Mr. Merritt who is secretary to President B. B. Howland, said that the move of the offices of President, General Traffic Manager, Auditor and Treasurer, to Goldsboro, would only be temporary, and that the reason was that the Company had not enough room in its present quarters, and that no suitable quarters could be secured here.

There is a complete overhauling and changing of the system of the A. & N. O. which requires office force and room, and the Company, Mr. Merritt, said, would go to Goldsboro, pending the erection of new and suitable office quarters in New Bern.
