Holynes Preacher Comes to Grief. Deer So Numerous in Granville County that they became a Nuisance.

Raleigh, Sept 27.—Clement Smith, a colored "Holiness Preacher" has been sentenced by Judge Ferguson here to eight months on the county roads, on the charge of stealing a watch from the Express Company.

James Blakeley, of Lenoir, is to be tried in Wake Superior court Thursday on the charge of embezzling the proceeds of the sale of several car loads of horses and mules. He claims that he was a partner with the western horse dealers and the shortage could not therefore be an embezzlement. The prosecution charges that Blakeley was merely an agent in Raleigh for the sale of the stock.

A charter has been granted and the company formed for the operation of The Wake County Saving Bank, the capital being \$15,000 subscribed and paid in, and \$100,000 authorized. The officers have not been elected yet. Such well known business men as T. H. Briggs, W. W. Vass, W. B. Grimes constitute the J. P. Upchurch, Warden for the North Carolina Audubon Society, for the enforcement of the game laws of the State has just returned from a tour over the entire county of Granville. He says farmers in the northern section of the county, adjoining the Virginia line complain greatly about deer being so numerous in the woods, that they go into the fields at night and do great damage. The people in that section want the law changed so they can kill deer at least from August to March instead of from Oct. to January.

Bronze inscription plates have just been put up on the two cannons on either side of the Washington Statue in Capitol square, the plates bearing the inscription "Bought in France by Richard Caswell, mounted at Edenton 1778, re-mounted in 1861, Captured by the United States forces in 1863 and gunnion broken off. Presented by Edenton to the State of North Carolina in 1920.

Rev. R. J. Bateman, for the past two years pastor of the Fayetteville St. Baptist church closed his pastorate here and will leave Thursday for Mt. Olive where he has accepted the pastoral charge of the Baptist church there.

Judge Ferguson convened Wake Superior court this morning and in the course of a right lengthy charge about the only offence with reference to the suppression of which he especially charged was that of keeping disreputable houses and the aiding and abetting in the same by knowingly renting houses for such purposes. This action creates the impression here that the grand jury will be asked to return bills of indictment against places of this character in Raleigh.

Governor Aycock announces that Superintendent W. W. Stetson of Maine Public Schools will visit North Carolina sometime later in the fall and visit a number of the principal cities in company with the Governor and other State officials.

### GREAT BATTLE IMMINENT

Japanese Crossing Taitse River. Will Try to Outflank Russians.

St. Petersburg, Sept 26.—An official dispatch indicates the Japanese are preparing an extensive turning movement east of Mukden. A large force of Japanese from Liao Yang are advancing across the Taitse river.

Rome, Sept 26.—A message from Chee Foo states that the Japanese are again bombarding Port Arthur today. The losses of the attacking parties are insignificant, owing to the fact that the Japanese fortify all their positions, and are not employing infantry. Until the forts have been almost dismantled by artillery fire on they can be taken by assault.

St. Petersburg, Sept 27th.—News of the battle of Mukden is hourly expected. The Japanese are crossing the Taitse river at the rate of a thousand daily. Apparently a large force is now marching across the Taitse river by the road from Tatu Chan, passing a hundred miles east of Mukden. When this fresh turning movement is sufficiently advanced a general movement against the Russian forces is anticipated.

Cred of Lame Back After 15 Years Of Suffering.
