NEW BERN, N. C., September 29, 1904

GOV. AYCOCK IN MAINE.

Baltimore Sun, Sept. 27. A very gratifying recognition of the ability of Southern men has been made recently by the Government of the State of Maine.

The authorities in the Pine Tree State desired to arouse the interest of their people in educational work, and to this end they inaugurated an elaborate campaign. After a survey of the whole field they invited the Governor of North Carolina, Hon Charles B Aycock, and another eminent North Carolinian, Judge Winston, to deliver a series of addresses on education.

Some of our Northern contemporaries not unreasonably, perhaps—mistakenly assumed that the Southerners were participating in the political campaign, and indulged in no little humor at their expense.

As a matter of fact, Governor Aycock and Judge Winston were engaged in a work in which party lines are not drawn in enlightened communities. Their logic and eloquence were employed in convincing the people of Maine, without regard to party, of the importance of providing the best educational facilities for the children of the Pine Tree State.

Thirteen largely attended meetings were held in various portions of Maine, at each of which the visiting North Carolinians delivered addresses. At the final meeting the Maine State Superintendent of Education, Mr Steaton, in a speech gave "an appreciation of the services" rendered by the North Carolinians. He said, in the course of a glowing eulogy:

Governor Aycock and Judge Winston have made it possible for us to have a just conception of the quality and character of the people of the South. They have helped us to an understanding of the temper and purpose of the leaders that years of reading could not bring us.

This experience has shown us how scant reason we have for distrust or disapproval of our brethren. It has given us another proof that people are better than they are painted.

The past week has convinced us that Governor Aycock is a student, a scholar, a statesman and an orator in the truest sense of that much-misunderstood word.

No other speaker on educational subjects in this State has ever so aroused and impressed his listeners. He has taught us needed lessons and given us nobler views of our work.

We respect him for his commanding manding abilities, honor him for the great service he is rendering and love him for his devotion to the cause that is dear to us.

The visit of Governor Aycock to Maine has been helpful to the people of that State in more than one way. He has convinced them that in the States south of the Potomac there are men of culture, of earnestness of purpose and of statesmanship and patriotism every whit the peers of their brethren in the North. There are no Governors in the New England States, in the Middle States or in the West who are superior intellectually to Governor Aycock, of North Carolina, or Governor Montague of Virginia—none who has a firmer grasp upon economics and the details of

EDITOR SEES ROBINSONS SHOW

And Gives His Impression of the Splendid Attraction Which is Exhibited Here. Nearly Everything is New and Novel—Managerial and Hippodromic Unexcelled.

John Robinson's great shows will exhibit at New Bern, Tuesday, October 4th. The Allentown (Penn) Item says of Robinson's shows: The fact that fully 15,000 people were present at John Robinson's circus, shows that the ancient love for the circus still exists. It is born in our very flesh and blood. In youth it thrilled us and in our middle age it is our comfort and solace.

Every time we visit a circus we vow we will never go again; that it is the same old thing, the same old acrobats, the same old ground and lofty tumblings, the same old elephants, the same old horseback riding. And it is all true. Same old thing, nothing new. But the next time the circus comes again the fever breaks out once more, the roar and the rattle of the heavy wagons have an enticing echo of their own, the tented city appeals to the imagination as fervidly and as vividly as in the days when we carried water for the elephants, and when the door opens we, all of us, are in the rush to get under the canvas and see the same thing over again, with the same delightful anticipations as in the days of yore. It is well that this is so. When a man no longer loves the circus he has arrived at the lean and alighted age, where he faintly must crouch before the fire to warm his thin hand and muse over the days that are gone. The first sign of old age is when we lose our love for the circus.

Every backache sufferer, every man, woman or child with any kidney trouble will find profit in the reading.

A L Bryan officer in the police department residing at 128 East Front street says: "My back was so bad that when I got down on the bed I could scarcely get up. There was no strength in my back and it ached all over. I thought I had rheumatism. The kidney secretions were dark colored and full of sediment. I saw Doan's Kidney Pills advertised and procured a box at Bradham's Pharmacy and used it. The very first dose helped me and after finishing the first box I bought a second. The pain in my back disappeared and I was stronger and better in every way. I am grateful for what this remedy did for me and you are welcome to use my name as an endorser of its claims."

THE NORTH CAROLINA SECTION.

Climate and Crop Service, Bulletin of the Weather Bureau. For the Week Ending Monday, Sept. 26, 1904.

The temperatures during the week were quite low, and their average was several degrees below the weekly normal. The days were generally fair and pleasant, but the nights were abnormally cool, especially during the middle of the week, when light frost occurred at a number of scattered localities, which fortunately resulted in no damage. The rainfall was light and of no consequence; it occurred during the early part of the week and was confined to a few scattered places in the eastern half of the State.

In the Western District the e has been no rainfall for several weeks, and the late crops are beginning to suffer from want of moisture, while the soil is becoming too hard for fall plowing and sowing; but in the Eastern and Central Districts it is in excellent condition and plowing and other farming operations are actively pursued while the weather continues fair and favorable.

Fodder pulling is about over, but hay and meadow and pea vine hay are being saved in good condition. With few exceptions cotton is opening rapidly and picking is general, the present indications point to a decided shortage in the crop. Tobacco curing is about over. Corn is maturing well and the crop is generally good. The growth of turnips and fall potatoes has been checked somewhat by the prevailing cool nights, but the stands are about as promising as heretofore.

Peanuts are doing well and preparations are being made for digging, which will shortly commence. Peas will not be as plentiful as previously expected, as there is a general complaint that the pods are few. Grapes are ripening rapidly in the Eastern District and are quite plentiful. The apple crop in the western district will be much better than estimated several weeks ago.

Rains (in inches) for the week ending 8 a. m. Monday: Raleigh, 0.29; Hatteras, 0.86; Charlotte, a trace; Asheville, a trace; Wilmington, 0.52; Goldsboro, 0.36; Greensboro, none; Lumberton, none; New Bern, 0.20; Weldon, 0.01; Nashville, a trace.

COVE.

Farmers are having all the nice wheat or they are looking for to save hay and get out cotton, but the cotton crop is coming up so short it won't take it long to get housed.

Seems as if we won't have any gin Mr Whitty has his already but the gin and press they have been delayed in transit somewhere.

Mr Sammie Ipeck whose hand was so badly cut with a cotton gin is improving as fast as could be expected.

Most everybody here got bad colds now. That is about the only sickness we have.

Mr Eugene Tucker and son of New Bern were in Cove today testing scales and found every pair here to be correct, which shows the merchants are doing a straight business.

Mr. Walter Gloran of Dover and Miss Ruby Dougherty of Cove were married at the home of the bride last Wednesday the 21st. Quite a number of our young people are getting married now. Hope times won't get any worse.

A Boy's Wild Ride For Life.

With family around expecting him to die, and a son riding for life, 15 miles, to get Dr. King's New Discovery for Consumption, Coughs and Colds, W. H. Brown, of Leesville, Ind., endured death's agonies from asthma; but this wonderful medicine gave instant relief and soon cured him. He writes: "I now sleep soundly every night." Like marvelous cures of Consumption, Pneumonia, Bronchitis, Coughs, Colds and Grip prove its matchless merit for all Throat and Lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottle free at Bradham's drug store.

North Carolina at Horse Show

Norfolk, Sept 28.—North Carolina will occupy a place of honor at the Southern entrance of the Norfolk Horse Show, as Maryland does at the Western and Virginia at the Northern. The three States which are situated side by side, and three States which are both neighbors and friends, the three States which grow and improve together with the impetus of a laudable competition, have much in common, and their honor ary positions here are significant of their relation to the development of this part of the country.

The North Carolina box will be the scene of sociability characteristic of the Old North State, the Maryland box will display the distinctive courtesies of Maryland; the Virginia reserve the civilities of the Old Dominion. And the Governors' wives and their staff will direct the social features of the celebration.

Deafness Cannot be Cured

by local applications, as they can reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever, also cases out of ear are caused by Catarrh, which is nothing, but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Dr. Hays' Catarrh Cure. Send for circular free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, etc. Take Hays' Family Pills for constipation.

MAGNIFICENT PAINS

Newport News, Va., July 25, 1903. Last summer while recovering from illness of fever, I had a severe attack of Inflammatory Rheumatism in the knees, from which I was unable to leave my room for several months. I was treated by two doctors and also tried different kinds of liniments and medicines which seemed to relieve me from pain for awhile, but at the same time I was not any nearer getting well. One day while reading a paper I saw an advertisement of S. S. S. for Rheumatism. I decided to give it a trial, which I did at once. After I had taken three bottles I felt a great deal better, and I still continued to take it regularly until I was entirely cured. I now feel better than for years, and I heartily recommend S. S. S. to any one suffering from Rheumatism. 613 3rd St. CHAS. R. GILDERSLER.

It's All Laugh.

That Gus Hill's elaborate scenic and musical comedy of "Happy Hooligan" in which that cheerful, comic, cacophonous character is the central figure is to be presented shortly in this city, will be welcome news to all classes of theatre goers.

The interest in the laughable diverting and humorous incidents, events and happenings of this comedy never ceases or flags and its success has been little short or amazing. Undoubtedly the profuse comedy it contains has had much to do with securing popular favor and the scenes and adventures in incidents bustling in animated action, bristling in effervescent humor, bubbling with unadorned mirth and permeated with sparkling novelties, quaint originality and catchy music, elaborate costuming, and presented by an cast of the very best and highest salaried artists possible to secure and they have all contributed to its phenomenal success. They include Frank McNish, John Price, Ruby Raymond, Eva Thatcher, Charles Gramble, Charles Saunders and Joseph Pettengill.

Happy Hooligan will be with us Monday, Oct 3rd. Reserved seats on Sale Monday Oct 3rd. Prices \$1 and 75c, Balcony 75 and 50 cts.

Letter to R B Blafek.

Dear Sir: Have you found this out? You need less of Devco lead and zinc for a job than anything else, less gallons; less money. M. A. Thomas, painter, Lynchburg, Va has found it out; he writes: "The first job I did with your paint I estimated 87 gallons; had 13 gallons left over. Since then I have not used any other kind of paint but Devco, lead and zinc; I recommend to my customers. When I commence a job, I take up a card reading as follows: M. A. Thomas, contractor, Devco Paint. Putting it on coats two or three times as much as the paint. Have you found this out? You can paint Devco in less time; less money; less cost. Have you found this out? Devco was longer than anything else. You don't object to long time between jobs. Your customer likes it. And you like what he like. It keeps your customers. Go by the name. Yours Truly, F. W. Devco & Co. P. S. E. W. Smallwood will cut for you.

THREE JURORS CURED

Of Cholera Morbus With One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr G W Fowler of Hightower, Ala, rates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Cleburne county, Alabama. He says: "While there I ate some fresh meat and some soups and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the 21st I was in. I took one dose of it and my better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale by F. S. Duffy and Davis Pharmacy.
