Horrible Manner of Suicide Taken by Dr. Hogg.

New Bill of Indictment Required for Trial of Colored Man. Southern B II Telephone Company Trying to buy the Interests of the Raleigh Telephone Co. Regrettable Political Condition.

Raleigh, Sept 30—A case against Jno O'Kelly, a negro hack driver for cutting a white man by the name of Mangum almost to death has been pending over a year, and came today and in the midst of the trial it was found that the bill of indictment was defective in that. The man out, was given as W M Mangum, instead of William A. Mangum Jr. O'Kelly was turned loose, but a new bill will be returned.

The people of Raleigh were horrified this morning by the news of the terrible death of Dr T D Hogg one of the oldest, and most respected and wealthiest citizens of the city. He was 81 years old and has been afflicted with melancholia manifesting itself sometimes in a desire to put an end to his life. This morning he wandered from the house about 6 o'clock and before any of the family had even missed him from the house he had wandered to the Johnson street station of the Seaboard Air Line, and thrown himself under a passing shifting engine and the great driving wheel of the engine had passed right across his waist, cutting his body into, and he was otherwise, terribly mangled. The engineer says he didn't see the Dr, at all, until he stopped from behind a box car on an adjoining track and threw himself on the track directly under the drive wheel so that he was powerless to do anything to save him.

Dr Hogg was born and reared in Raleigh and was for many years a practicing physician. He owns much property in Raleigh and also in New York and Baltimore. He leaves a family of four daughters one of whom is Mrs W T Dorch of Goldsboro. It is a sad coincidence that Dr Hogg's father met with a death very similar to that of his son today. Dr Hogg attempted to throw himself from the roof of his porch about a year ago, but he was discovered in time to prevent him. Since that time the family have kept a close watch on him. And it was the newest accident that he managed to slip away from them this morning.

In the office of the Secretary of State an amendment was granted the E. L. Shuford Co of Hickory, whereby the company is allowed to vote all its preferred stock in the stockholders meetings. E L Shuford is the vice-president of the company and president.

Announcement is made from Democratic headquarters that Senator Simmons will discuss the issues of the campaign at Charlotte on the night of Oct. 17th.

Representatives of the Southern Bell Telephone Co, are here making another offer to buy out the Raleigh Telephone Co, and thereby control the field. They took the Interstate exchange some months ago, and have made several successful attempts to swallow up the Raleigh Co, which was established by citizens some years ago to force down the tolls charged then by the Bell Directors. The Raleigh Company declare that they have no idea of giving the Bell the field to themselves, fearing that they would put the prices up again.

A gentleman high in Democratic councils remarked today that he regretted, after the happy settlement of the disquieting race troubles by the present State administration under the leadership of Gov Aycock there should be an agitation by party leaders looking to the dragging up of the skeleton of old troubles, in the way of proposals to divide school funds between the races on the basis taxes are paid, before the next General Assembly. Such a thing, he said, could not possibly be brought about and the news of the agitation of the question would be heralded over the country to the hurt of the State industrially as well as in the cause of education which has made such long strides in improvement under the operation of the policy of Governor Aycock.

Innards and Indigestion Cured "Last year I had a very severe attack of indigestion. I could not sleep at night and suffered most excruciating pains for three hours after each meal. I was troubled this way for about three months when I used Chamberlain's Stomach and Liver Tablets, and received immediate relief," says John Dixon, Tallamore, Ontario, Canada. For sale by all drug stores.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever, nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure.
