THE NEGRO'S CRIMINAL RECORD.

By Prof Kelly Miller in the October-December Forum.

According to the census of 1890, the negro constituted only 12 per cent of the population of the United States and contributed 80 per cent of the criminals in Mississippi there were 1,426 colored and 219 white prisoners out of each million of the respective races, while in Massachusetts the numbers were 6,864 colored and 2,923 whites.

Such are the facts which, uninterpreted, can be quoted in support of a damaging doctrine that might be advanced. No person of knowledge and candor will deny that the negro in the South is more readily apprehended and convicted of any charge than the white offender. The negro constitutes the lower stratum of society, where the bulk of actionable crime is committed the world over. Social degradation is the great contributing factor to his high criminal record. If the lower element of the white race should be segregated and brought under the microscope of sociological investigation, the proscribed class would doubtless reveal like criminal weakness.

The foreign element of our population shows a higher criminal average than the native whites, as they occupy a decidedly lower social status.

While the negro's criminal record exceeds that of the white, it does not appear that his presence in any community increases its criminal quality. In 1890 the Western division of States had 1,800 prisoners out of every million inhabitants the North Atlantic States 883, and the South Atlantic States, with their heavy negro element, had only 831.7; Mississippi had 1,177, against 5,297 for Massachusetts. If the negroes of the South were replaced by a white population there is no statistical indication that the moral character of that section would be improved by the interchange.

There is nowhere any traceable causal connection between crime and race, the relation being between crime and condition. It should not occasion surprise that the free negro shows a higher criminal record than did his slave progenitor. Under the surveillance of slavery there was little opportunity to commit crime and punishment for offences was personally inflicted by the master without any public record. Slavery suppressed wrong doing, but did not implant the corrective principle, so that when the physical restraint was removed there was no moral restraint to take its place. The increase in the criminal rate for the United States from 1860 to 1890 was 12.48 per cent. The parallel growth of education and crime is a noticeable phenomenon of the American people as a whole, and cannot be justly traced to the discredit of the negro alone.

But, says the objector, in the North where legal processes are acknowledged to be fair, and where the negro has the fullest educational opportunity, he shows a criminal rate three to four times as great as his ignorant and oppressed brother in the South. And the conclusion is hastily reached that education makes the negro criminal.

Referring to the above-cited statistics it will be seen that while the negro in Massachusetts seems to be five times as

TO CURE ANY DISEASE.

The Cause Must Be Removed, Hence Why With Doan's.
KNOW the germ that causes dandruff, falling hair and baldness, you will have no more dandruff, and your hair must grow luxuriantly. No other hair dressing not only contains the dandruff germ destroyer, but it is also a most delightful hair dressing for regular toilet use. No other hair preparation is so effective in stopping the irritation, keeps the scalp sweet, pure and wholesome. Remember that something claimed to be "Just as good" will not do the work of genuine Doan's. Sold by leading druggists. Send for a sample. For sale by The Hygienic Co., Detroit, Mich. C. D. criminal as the negro in Mississippi, it appears at the same time that the white man in Massachusetts is ten times as criminal as the white man in Mississippi. Shall we discount the superior education of the white man in the Bay State because he seems to be the only one tenth as sinful as his less enlightened white brother on the banks of the Mississippi? Or shall we foster the bills of ignorance only when it is found under a black skin? Ordinarily one would explain the high criminal rates of the Northern States on the ground of congested population and more stringent enforcement of laws; but logical processes seem to be of no avail against sweeping assertions to the detriment of the discredited negro.

TESTS PATIENCE.

The Most Patient New Bern Citizen Must Show Annoyance at Times.

Nothing spoils a good disposition. Nothing taxes a man's patience. Like any holiness of the skin. Itching Pills almost drive you crazy.
All day it makes you miserable. All night it keeps you awake. Itch, itch, itch, with no relief. Just the same with eczema. Can hardly keep from scratching it. You would do so but you know it makes it worse.
Such miseries are daily decreasing. People are learning that they can be cured. Learning the merit of Doan's Ointment. Plenty of proof that Doan's Ointment will cure Piles, Eczema or any itches of the skin.
Read the testimony of a New Bern citizen.

John F Hanft, proprietor of General Merchandise store at 80 Middle street, says:
'I used Doan's Kidney Pills and they are all they are represented to be. I can also say that Doan's Ointment is the best thing that I ever used for itching hemorrhoids. I suffered untold agony with them, could not rest one moment day or night, and I could not find any relief to relieve the suffering until I came across Doan's Ointment and procured it at Bradham's Pharmacy. It relieved me at once, and acted entirely different from anything else I ever used. You could talk about this remedy for a month and it would not be like one application of the ointment. You can use my name and I will be only too glad to recommend this remedy to anyone whenever opportunity arises.'
For sale by all dealers. Price 25 cents. Doan-Milburn Co., Buffalo, N. Y., sole agents for the United States.

A NOBLE DEED.

A Wounded Man Appeals to Court for Leniency to His Assailant.
A rare case of charity was one of the features in the Superior court Wednesday. It was one instance that furnishes an example to jail men, a really practical application of the golden rule do unto them as you would have them do unto you.

The case of the State vs Cuddy Service for assault with deadly weapon was on trial. This was for the affair which occurred at the Atlantic Coast Line depot Monday morning in which Mr J M Kane was wounded by Service.

While Mr Kane was on the stand as prosecuting witness, he made an appeal to the court to be lenient with the defendant. He stated himself that he had no ill feeling toward Mr Service and that there may have been a cause for the attack inasmuch as there had been another encounter between them in the state of Kentucky. He stated to the court that he would be satisfied if the defendant was released from further punishment.

Judge Council, however, fined Service \$50 and costs.

SHORT PASSING EVENTS.

Invitation cards are out announcing the marriage of Miss Mary Helley of Jackson, N C, to Mr Leonidas Simpson Grant of this city. The wedding will take place on the 19th of October at "Woodburn Hall," Jackson, N C, the home of the bride.

The village of Snow Hill had a narrow escape from a very serious fire Wednesday night. The fireworks which had been left over from last Christmas in the store of J Exum & Co, exploded and set the building on fire. Hard work on the part of the bucket brigade saved the adjoining buildings from destruction. The loss was slight.

The Home Telephone and Telegraph Company's improvements are rapidly approaching completion and it is expected that they will be able to use the new phones next week. The new system which will be used is the best in the world, and the mechanism at the exchange by which the telephone is operated is a magnificent piece of work.
