### KNETT'S BOOK STORE

Once a Year Christmas, birthdays and the stress come but once a year.

Once a year is also seldom enough to have your Piano tuned and put in order for season's use. Are you waiting for a better opportunity? Others are improving the present one, why not you? Only a few more days in this week. Only a short time in which to avail yourself of the services of a tuner of 20 years experience.

JOHN G. RUSSELL, Patterson House.

Wanted at Once. Five Lumber graders and fifteen Lumbermen to work in planting mill. GOLDENBORN LUMBER CO. DORR, N. C.

## 30TH DAY NO RAIN

Dry and Cold Weather Continue at Raleigh.

Successful Park Season. Foot Ball, Colored Church. Schools Closed by Diphtheria. Colt Revolver. Compilmentary Banquet. Republicans Speak.

Raleigh, Oct 14.—Pullen Park here has had a very successful season. From the first of May to the last of September the number of visitors from the city averaged 800 a day, and during that time more than 40 excursion parties from other places went to the park. The receipt of the swimming pool were \$200. The showing is very satisfactory indeed. A number of improvements have been made at the park.

This morning the football team of the Agricultural & Mechanical College, left for Charlottesville, Va. to play the University of Virginia team.

Rapid work is now being done on the large First Baptist Church, colored, at the southeast corner of the capitol square. It will be one of the four most conspicuous churches in Raleigh.

Today was the 30th day without a drop of rain. The combination of the drought and the cold weather is rather odd and not at all pleasing. In a day or two Mr. R. D. W. Connor is expected here from Wilmington to take a position in the office of State Superintendent Joyner made vacant by the election of Mr. E. O. Brooks to the superintendency of the public schools at Goldsboro. Mr. Brooks is still here, the schools at Goldsboro being closed on account of diphtheria. This disease has also closed the oldest and largest public school here. There is some increase of it, and it is claimed that the dust which is blown everywhere is largely responsible for the increase.

For a number of years a claim has been made that Calvin Cox of Pitt county was the inventor of what is known as a colt revolver. The latter revolver was first used by the American troops in the war with Mexico, and gave the Mexicans a great surprise. Today Secretary of State Grimes received the two patents granted to Mr. Cox for his improvements in breech loading fire arms, dated in 1858 and 1860, and signed by Jacob Thompson, Secretary of the Interior, who was by the way, a graduate of the University of North Carolina. Your correspondent looked at these patents and the drawings of the weapon, the latter do not show the revolving mechanism.

The banquet of the alumni of the State University resident here was held this evening. One of the special guests was Dr. Charles Beakerville, now occupying the chair of Chemistry at the college of the city of New York. He will go from here to Chapel Hill tomorrow to receive a testimonial from the faculty and students of the University.

Two cases of small pox are reported in the country in this county. There are no cases in Raleigh. This evening Mr. Chas. J. Harris, Republican nominee for governor, and Hon. Thomas Settle spoke at the court house here. Mr. Settle has spoken here a number of times, but it is the first time Mr. Harris has been heard.

## FRIDAYS SESSION.

Business For October Term Superior Court Completed.

In the case of Dineaway vs Edwards wherein plaintiff awarded judgment, defendant takes an appeal to Supreme court.

Miller vs Schenk, judgment for plaintiff.

Miller vs Smith, fined magistrates court, affirmed.

Miller vs Roberts, judgment for plaintiff.

Tucker vs Black, plaintiff takes non suit.

Johnson vs Johnson, divorce, judgment for plaintiff.

H. H. & J. A. Meadows vs H. B. Wooten judgment and case continued.

State vs John Newby, defendant enters nolle prosequi, judgment that he be sentenced to roads for six months.

F. & H. Bank and W. B. Blaine, trustee vs T. W. Dewey, order in garnishment.

Martin vs Pamlico Oyster Co., et al, non suit ordered.

Hudson vs Curraway, plaintiff called and failed, non suit ordered.

Smith vs French, defendant takes non suit.

Now et al vs Fisher, judgment for defendant. Judgment rendered and filed directing John H. Fisher to be owner in fee of the land in dispute.

Defendants who were convicted at this term of court and ordered to be worked on the roads will be sent to Pasquot county instead of Pitt county as was first intended.

Courts adjourned at about 9 o'clock yesterday afternoon for this term.

Sick headache is caused by a diseased condition of the stomach and is quickly cured by Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

## STATE PENSION LIST.

Classes and Allowances given. State Charter.

Raleigh, Oct 14.—State grants a charter to the Bellevue Manufacturing Co, of Hillsboro, to make yarns and cloth and knit goods of cotton, wool or silk, the capital stock being \$125,000 and the principal stockholders S. S. Strudwick and T. M. Webb. It is the second cotton mill chartered this year.

In a special interview with State Auditor Dixon, who has charge of pension matters, he was asked about the number of pensions on the new list and replied that there were of the first class 94, who will receive \$50 a year, of the second class 293, who will receive \$45; of the third class 551 who get \$35; fourth class 7438, whose annual allowance is \$14. There are 3950 widows, who receive \$14. The total number of pensions is 13,316, an increase of 1,348 over last year. The largest increase in any one year was in 1902, when the new law went into effect and it was over 3,500. Last year the increase was only 745.

## RUSSIANS FLEE

Japanese Pursue Capturing Men and Guns. Japanese Minister Receives Report.

London, Oct 14.—Baron Hayashi, the Japanese minister this morning issued a report from Field Marshal Oyama, received in Tokio confirming many of the press reports of the Russian reverses about Yental. The report reads: "Near Penlabu the enemy's counter attacks were repulsed on all sides. The centre and left columns and the right army are vigorously pursuing the enemy. The central army has captured the heights a few miles east of Yental, taking two field guns and eight ammunition wagons. While pursuing the enemy they also captured field guns and ammunition wagons numbering eleven at Sank-uashichuan, besides one hundred and fifty prisoners. The pursuit by the right column of the left army is proceeding satisfactorily. On Wednesday, a detachment of the enemy with artillery, while being enveloped by us ran panic stricken. This was eleven miles east of Yental and are retreating northward in disorder. Our left since Tuesday night has been continuously attacking the enemy, posted near the railway within ten miles north of Yental. The central column of the left army after repulsing the enemy's strong force occupied Lantzen-wich five miles northwest of Yental, capturing five guns. Thereupon they immediately pursued the enemy who were retreating in disorder and captured four more guns. The right column of the left army while pursuing the enemy near Schilli river captured five guns and ammunitions."

## An Exciting Runaway.

An exciting runaway and one not attended with some peril occurred on Broad street last evening.

Mrs. John Palmer and child were seated in a buggy at the corner of Broad and Metcal streets when the horse became frightened at some of the flying circus advertising banners and whirled around overturning carriage and throwing the occupants out. Neither Mrs. Palmer or her child were badly hurt. The carriage passed over Mrs. Palmer's body. The horse was stopped at Jones' stable. The carriage was damaged but little.

## A Very Delightful Event Tonight.

One of the most delightful entertainments of the age will be presented in the New Masonic Theatre tonight. The attraction is Lyman H. Howe's latest exhibition of moving pictures. Mr. Howe always has a complete change of program at each appearance, and to say that his new program surpasses all previous ones is putting it mildly. A pleasing feature of this entertainment is the careful reproduction of the natural sounds as they would emanate from the real scenes. The crack of firearms, the puffing of engines, the cheering of multitudes, the shouts of individuals and all other sounds are so cleverly imitated that the scenes impress the mind the same as if viewing them in reality.

The Howe Moving Pictures will exhibit in the New Masonic Theatre Saturday night October 15th. Prices 25, 35 and 50 cents.

## Insomnia and Indigestion Cured

"Last year I had a very severe attack of indigestion. I could not sleep at night and suffered most excruciating pains for three hours after each meal. I was troubled this way for about three months when I used Chamberlain's Stomach and Liver Tablets, and received immediate relief," says John Dixon, Tullahoma, Ontario, Canada. For sale by all druggists.

## A Bright Beautiful Opera.

Since results are known to be the proof of excellence of achievement, Willard Spenser, whose latest successful effort "Miss Bob White," will be seen in this city at New Masonic Theatre next Thursday night should be placed in the front rank of successful men of the play writing class, for in addition to this latest comedy opera, he has won fame as an author of "The Little Tycoon" and "Princess Bonnie." Both were more than ordinarily successful and Spenser is said to be the recipient of bigger royalties than any other man in the profession. In this latest success of his he occupies an enviable position, for he has written both the play and the music for it. This, in itself, is quite an achievement, and the success the opera has attained should make Mr. Spenser the happiest of men. It is not often that a play or opera possesses such merit that it is capable of sustaining two different runs of 125 nights each, outside of New York, but this Miss Bob White has done, and that in Philadelphia, too. The brightness and beauty of the opera appeal to the most blasé theatre goers and the favor with which it was received everywhere indicates clearly that Mr. Spenser, in following clean methods, avoiding risqué scenes and speeches, has struck the keynote to success in the comic-opera field. The theme is also well and brilliantly treated and the versatile brain of the author and composer has placed together an effort which cannot fall of success.
