FUTURE CAVE AND CLIFF DWELLERS.

The citizen of this, the twentieth century looks with curiosity and wonder upon the ruins of the habitations of what are known as Cave and Cliff Dwellers, the former in the Paleolithic period, the latter whose habitations are found in the valley of the Rio Colorado and Mexico.

But how will future ages regard the people of this century, when an examination is made of some of the buildings of today, which go into the earth many feet, and also tower story upon story, almost rivaling the famous Tower of Babel?

The result is that men live and do business in the modern cavern of today or else living above ground in a towering structure, find themselves in the darkness of smoke or in the obstructed light of some other huge sky scraper.

And who can foretell but that this century will find the dwellers in the great cities, existing and pursuing every ordinary life function, doing away with real air and light, their wants in direction supplied by wire for light and heat, and their air furnished by tube and pump, this producing a race of beings whose birth and life are strictly created through artificial means and in the greatest degree thereby, productive of an abnormal human race.

News in a Nutshell.

It is believed that signs point to an early move on the part of the United States to stop the Eastern war.

It is the belief at Charlottesville that the defense in the McOne case will be emotional insanity. The trial began yesterday.

The Episcopal House of Bishops passed the amendment to the marriage canon forbidding the remarriage of divorced persons, but the House of Deputies did not concur.

An attorney for Belgium declares an attempt is being made to make the United States a cat's paw in the Congo affair.

A henchman was run down in a fog and sank in Norfolk harbor. Those on board were rescued.

A military strike in the Kanawha coal region is threatened.

Letter to a New Bern Sawyer.

Dear Sir: Two and two make four—not always, depends upon what "two and two" are.

Two gallons of water and two gallons of milk don't make four gallons of milk.

Neither does four gallons of paint that's half lead, white, clay and kerosene oil, make four gallons of real paint.

That's what we mean by saying "Two or Gallons, same longer." It takes fewer gallons of Devoe lead and zinc than of mixed paints to paint a house, and it wears twice or three times as long as lead and oil mixed by hand.

Mr. Chas. Avery, of Hickman, N. Y., bought 21 gallons of Devoe lead and zinc to paint his five houses, his painter having agreed that it would require at least that amount, 21 gallons did the work and he returned 12 gallons.

YESTERDAY'S MARKETS.

Cotton, Grain, Provisions and Stocks. Change in Prices. Receipts and Shipments.

The following are the market quotations received by private wire from J. Walter Labaree & Co., to Burrus & Co., New Bern, N. C.

A Judicious Inquiry. A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or an adult, and if for a child they almost invariably recommend Chamberlain's Cough Remedy.

Wilcox Strikes Back. Bellair N. C. Oct 15th.

Editor Journal. I see in your issue of 4th inst an article headed, "An Answer to Geo S Wilcox's Card."

I wish to state that the card I wrote was not written expecting a reply nor as a challenge to any one, I just wished to state publicly what my political convictions are and that they have not changed to that because my coat got too large for me in another party or that I changed expecting a fat job.

And I never asked any party for an office except road overseer and this I do.

SCIENCE PREVENTS BALDNESS.

The Patent Germ and its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be said to be bald. The new scientific Herpicide destroys the germ that cuts the hair off at the root and cleans the scalp of dandruff and leaves it in a perfectly healthy condition.

SIMPLE REMEDY FOR CATARRH

Just Breathe Hyomel Four Times a day and be Cured.

If a few years ago some one had said you can cure catarrh by breathing air charged with healing balsams, the idea would have been ridiculed and it remained for that eminent investigator, R T Booth, to discover in Hyomel this method of cure.

Hyomel has performed almost miraculous cures of catarrh, and it is today recognized by leading members of the medical profession as the only advertised remedy that can be relied upon to do just what it claims. The complete outfit of Hyomel costs but \$1.00 and consists of an Inhaler, a medicine dropper and a bottle of Hyomel.

Rev J B Cook, of Holliston, Mass, says: "My wife has suffered greatly from catarrh for fifteen years. Nearly four weeks ago she commenced to use Hyomel and the beneficial effect was immediate. It is very seldom that she needs to clear her head and throat and she is able to rest quietly at night."

Breathe Hyomel through the Inhaler for a few minutes four times a day and it will cure the worst case of catarrh. It soothes and heals the mucous membrane of the air passages, prevents irritation, and effects a complete and lasting cure.

In New Bern there are scores of well known people who have been cured of catarrh by Hyomel. If it does not help you F B Duffy will return the money you paid for Hyomel.

Saves Two From Death.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs W K Hayward, of Armonk, N. Y., "but, when all other remedies failed; we saved her life with Dr. King's New Discovery. Our niece, who had Consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well."

Dr. King's New Discovery is an advanced medicine on earth. Infallible for Coughs and Colds. 50c and \$1.00 bottles guaranteed by C D Bradham. Trial bottle free.

Not Completely Annihilated.

It needs but a few months more use of Chamberlain's Cough Remedy and Bronchitis to completely free the city from the rain and snow with which it was afflicted a year or so ago. Chamberlain's Cough Remedy is the best medicine in the world and is used in all the best places there are today for colds, coughs and bronchitis. This Remedy drives the rain and snow out of the house to the sea, and can be depended upon to rid the lungs of these pests. It is pure and does not give any medicinal assistance. Dealers generally have the Remedy for sale, or it will be sent, upon receipt of order or price, by Chamberlain's Medicine Co., 219 North Washington, Chicago, Ill. Small size, 50c. Large size, 1.00. Sent by mail, 1.00.

ITCHING ECZEMA

In July, 1882, I began to break out with eczema on my head, legs and arms, and began treatment with local doctors, but did not get much relief. They said the disease had become chronic. I then quit them and tried various ointments and soaps for another two years, but as soon as cold weather came I was as bad off as ever, so I finally decided to let medicine alone, and for twelve or thirteen years did nothing towards curing the disease, except bathing. This seemed to do about as much good as anything I had tried.

During the time I lost about one-half of my hair. I began S. S. S. doubtful of a cure, because the disease had run so long, but soon discovered your medicine was doing me good, and continued to take it. I used seven bottles, when I was completely cured, not having a single spot on my body, which before was almost completely covered.

The head, feet and hands are usually the parts affected, though the disease appears on other parts of the body. While external applications allay the itching and burning temporarily, it is the acid secreted off by the blood that cause the irritation and eruptions upon the skin. The acids must be neutralized and the system cleansed of all humors and poisons before the cure is permanent.

S. S. S. is guaranteed entirely free of Potash, Arsenic and other minerals. Book on the skin and its diseases sent free.

Medical advice furnished free.
