AYCOCK ATTRACTS.

Raleigh Takes Holiday To Enjoy The Fair.

Chiefs of Police of State Convention. Inmates Soldiers Home Sick. Dispensary Having Big Business. Fire Underwriters In Session.

Raleigh, Oct. 20.—Governor Aycock returned today from a campaign tour of 20 days, in the west, during which he spoke daily, frequently twice. He says that during that time he rode 250 miles and in various kinds of vehicles. During the last week and a half of the tour Commissioner Patterson was with him. The latter returned today. Mr. Patterson says he never saw such a drought, and expresses the belief that it was even drier in the mountain region than it is in this part of the State. Insurance Commissioner Young, who has also been speaking in back here. He says the Governor has drawn larger audiences than he did during his famous campaign of 1900, and that people of both political parties have turned out to hear him and have given him a welcome. The Governor finds upon his return here that his little son, John, has fever, which it seems is typhoid. The Governor has engagements to speak in two or three other States before the campaign is over.

Today was the great day at the State Fair, and business was generally suspended and the public buildings closed. Everybody took a holiday and went out to the grounds and the capacity of the railway train and of the street cars was well taxed. There have been no accidents during the week and only one robbery has been reported, in this case the thief having been captured promptly. Great numbers of Johnson county people attended the Fair today. It was their day and they enjoyed it to the utmost. They greatly appreciated their display, which was extremely moribund.

The chiefs of police of this State had a meeting here last night which lasted until a very late hour. J. A. Woodall of Durham was re-elected president and P. M. Jordan of Asheville secretary. John W. Cotton of Tarboro being vice-president and J. H. Mullins of Raleigh, O. H. Skinner of Dunn and S. M. Wheeler of Oxford composing the executive committee. Every chief in the State is invited to become a member.

Ten miles of the Raleigh & Pamlico Sound Railway has been graded and track laying is now progressing. The first of the steel bridges has been completed. The worst of the grading is finished.

There are several very sick inmates at the Soldier's Home. The death rate is heavy now, as many of the Veterans there are very feeble. Yesterday forty five of them went out to the State Fair and enjoyed it very much.

Tomorrow ten engines, which weigh 15,000 pounds more than any others in use on the Seaboard Air Line will pass here on their way south for use on the new Birmingham division. Orders require that they shall not exceed six miles an hour speed in passing over bridges on this division and not over 25 miles an hour on the road bed.

The Raleigh dispensary is one of the attractions of the city just now, and there was a street full of thirsty ones on hand early this morning, lined up ready to get in.

The Fire Underwriters of this State in session here elected A. B. Dangerfield of Winston president, J. Van B. Motte of Wilmington, Secretary and R. W. Murray of Greensboro, C. W. Jacobs of Windsor, J. R. Patterson of Asheville, J. O. Marshall of Wadesboro and W. W. Smith of Raleigh, the executive committee. The association favors the repeal of the regulations which forbid division of commissions with non-resident agents and brokers.

THE SECRET OF SUCCESS.

Forty million bottles of August Flower sold in the United States alone since its introduction! And the demand for it is still growing. Isn't that a fine showing of success? Don't it prove that August Flower has had untold success in the cure of indigestion and dyspepsia—the two greatest enemies of health and happiness? Does it not afford the evidence that August Flower is a sure specific for all stomach and intestinal disorders?—That it has proved itself the best of all liver regulators? August Flower has a matchless record of over thirty-five years in curing the ailing millions of these distressing complaints—a success that is becoming wider in its scope every day, at home and abroad, as the fame of August Flower spreads. Trial bottles 25c. Regular size 75c. For sale by all druggists. B. Duffy.

DEMOCRACY EXALTED

The Virtues of Democracy and Faults of Republicanism Contrasted.

Brilliant Speech Delivered By Hon R B Glenn at Court House Last Night. Large Crowd Attended.

In spite of threatening weather and the counter attraction at the theatre, there was a very large audience at the court house last night to hear Hon R B Glenn deliver a most forceful address on the issues of the campaign. It was a brilliant effort, devoid of oratory insofar as that embraces flowery and meaningless platitudes but earnest, truthful and hard hitting statements on the condition of the country under Republican rule.

Mr Ernest Green presided and Mr C T Watson introduced the speaker. All seats on the floor were taken and many in the gallery were occupied. There was also a good attendance of ladies showing that they were interested in the question which is now on the voters' mind.

Mr Glenn said he acknowledged the right of every man to vote as he pleased just as he accorded to every man to be free religiously just as his conscience dictated. There were many reasons why there should be difference of opinions and he was glad these differences existed. If the Republican party is all right, if by the promotion and election of its principals and men the condition of this country is going to be improved even in the least degree, then it is our Christian duty to vote for the perpetuation of that party in power. If, on the other hand, we should find upon thorough examination that the party in power is a party of thieves and spendthrifts then it is our bounden duty to turn the rascals out whether we are of the same political belief or not.

He next paid his attention to National politics taking into consideration at first the tariff question. He alluded to it with two or three humorous anecdotes and briefly but plainly and pointedly demonstrated the evil effects of a high protective tariff. He said the citizens of Craven county paid for the support of their State and county the sum of \$40,000 or \$50,000 and they raised a great fuss, but they let the Republican party siphon them of a half million dollars directly and indirectly and never say a word. He then explained the operations of the tariff by the simple but comprehensive illustration of the walled city and the monopolist.

He then eloquently told how and in what kind of protection he believed. It was the protection afforded by the God in Heaven to the humblest and poorest man as well as the richest. The protection accorded the poor widow as well as the millionaire. Let the wealth and the enormous moneyed and manufacturing interests be protected but let those who helped to make those interests possible also share that protection.

He made the promise that when he should be elected governor of North Carolina he would invite capital and labor to this State and have them develop this State as only they can; he would open the cotton factories and invite all manufacturing enterprises and give every possible opportunity for the elevation and progression of the people, but as for the contests between capital and labor as produced by trusts and high tariff he would do his utmost to defeat them.

The extravagance of President's administration, imperialism and labor difficulties were dealt powerful and logical blows.

State politics and needs were discussed at some length. He went thoroughly into every detail of the political condition of the State and made the people know what to expect. His speech lasted about an hour and was heartily applauded by a gratified audience.

How to Cure Corns and Bunions.

First soak the corn or bunion in warm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by all druggists.

ECZEMA

The World's Greatest Skin Humour.

Affects Every Age and Condition.

The Only Sure Cure is Cuticura.

If there were not another external skin disease known, eczema would be a sufficient infliction on mankind. It pervades all classes, and descends impartially through generations. While some are constantly enveloped in it, others have it confined to small patches in the ears, on the scalp, on the breast, on the palms of the hands, on the limbs, etc., but everywhere its distinctive feature is a small watery blister, which discharges an acid fluid, causing heat, inflammation, and intense itching, scaling and crusting.

The Cuticura treatment is at once agreeable, speedy, economical and comprehensive. Bathe the affected parts freely with hot water and Cuticura Soap, to cleanse the surface of crusts and scales, and soften the thickened cuticle. Dry, without hard rubbing, and apply Cuticura Ointment to allay itching, irritation and inflammation, and soothe and heal, and, lastly, take Cuticura Resolvent, or Pills, to cool and cleanse the blood. This treatment affords instant relief, permits rest and sleep in the severest forms of eczema and other itching, burning and scaly humours, and points to a speedy, permanent and economical cure of torturing, disfiguring humours, eczemas, rashes and inflammations, from infancy to age, when all other remedies and the best physicians fail.

Sold throughout the world. Cuticura Resolvent, 25c. (in form of Chocolate Coated Pills, 50c. per box of 50). Cuticura Soap, 25c. per box. Prepared by J. C. Williams, Inc., Portland, Me. Sold by all druggists. For full particulars see "How to Cure Eczema."
