IN GOOD SPIRITS

Democrats Feel Safe in Eighth District.

Welcome Rain at Last. State Fair Dolans. Thirsty Get Dispensary Liquor. Gattis Killgo Trial Next Term of Court

RALEIGH, October 21.—The Democrats are in fine spirits about the eighth congressional district and the success of their campaign there. Insurance Commissioner J R Young who has been up in that district says that Spencer Blackburn is backed, for the first time and shows it. His opponent being too much for him Governor Aycock considers Democratic chances all right in that district and is also very sure of success in the tenth. The Republicans, on the other hand, assert that they will carry both these districts. Of course the fight is a sharp one in both.

State Superintendent Joyner has a letter from the Superintendent of Catawba county, in which the latter says, with great pride and satisfaction, that the attendance upon the public schools has reached the high water mark.

Never was rain more welcome than that which fell here last night. The whole of the State was literally covered with dust, and in this section travel was almost unbearable. Today was fair and fine and added greatly to the enjoyment of visitors to the State Fair. Secretary Pogue of the Fair says there were never more people on the grounds than were present yesterday. It was a very orderly crowd.

One manager of a "blind tiger" was captured and is now in jail on his way to work on the public roads.

Everybody comments on the remarkable greenness of most of the trees in spite of the long drought. Weather Observer Von Herrman says it is really remarkable.

The clay pigeon shooting at the Fair Wednesday and yesterday was very largely attended and was certainly high-class. George Lyon of Durham, who is easily the best clay pigeon shot in North Carolina, and one of the very best amateurs in the country won the trophy cup which he himself had offered for the State championship. It will again be shot for next year. Last year W P Whitaker of the Raleigh Post, who is an uncommonly fine shot won it. Whitaker did great work with the gun this year. A fourteen year old brother of George Lyon is the best shot in the State easily. Yesterday he broke 70 out of 85 clay pigeons and did not shoot with his own gun either.

The Raleigh dispensary had its biggest days Wednesday and yesterday, and the receipts averaged nearly \$2.50 a minute. A great many thirsty people came here from other towns.

At the capital club this evening the fair marshal's tall was given, and was of course the notable event of the week in a social way. Chief Marshal J F Taylor of Washington has made a most acceptable chief marshal and his assistants were well chosen. They were better mounted than any marshal's ever before seen here.

One of the exhibits in the Art Department of the State Fair is in the way of paintings by Capt David Hill of the steamer Hatteras. He is from Washington, N. C. and shows several specimens of his work, some of which he has presented to one of the State institutions here.

Last night Edwin Greene, a young white man of Harnett county was shot five miles from here, while standing on the rear platform of a Raleigh and Cape Fear train, by one of a party of negroes who had just left the train. His injuries are not fatal.

One of the interesting cases to be heard at the coming term of Wake Superior Court is the notable one of Rev T J Gattis of the Methodist Conference against Rev John C Killgo and Ben Duke of the American Tobacco Company. It will be the third trial, the two previous ones having been held at Oxford. In the first trial the jury gave Mr Gattis \$20,000 damages for libel, and in the second trial he was given \$30,000. About a score of lawyers are engaged in this long-drawn out case.

Farmers say that more cotton has been picked in the past fifty days than any time before since that crop began to be a great feature in North Carolina. The amount of work done has certainly been remarkable and there has been more white pickers than ever before, particularly women and children. Everybody has lent a hand.

A Judicious Inquiry.
A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or an adult, and if for a child they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know that there is no danger from it and that it always cures. There is not the least danger in giving it, and the cough, cold and croup it is unexcelled. For sale by all druggists.

KUROPATKIN ADVANCES.

Captures Japanese Guns at Severe Loss to Russians.

St Petersburg, Oct 21.—A dispatch was received this morning which reports that Gen Kuropatkin resumed the offensive yesterday. He took important positions to the right of Gen Kurok's army and captured two guns, one hundred and forty shells and fifty-five men. The Russian losses are five hundred. The bad weather continued at the front, but Kuropatkin is determined to persist in a forward movement in the face of all obstacles.

CHAMBER OF COMMERCE.

Elects Officers to Fill Vacancies. To Advertise This City.

After a long time between meetings, the New Bern Chamber of Commerce met at the City Hall last night, J E Latham, presiding, Geo Green Secretary. A quorum was found to be present.

Mr William Dunn explained the object of the meeting, which was in a letter read from Industrial Agent Meermans, who wrote that he would be in this city about November first, and suggested that New Bern advertise its resources upon a plan which he would offer. On motion the matter was referred to the Executive Committee.

The applications for membership of J J Wolfenden and Wm Dunn Jr., were received, and favorably acted upon.

President Latham, because of his expected removal from this city, tendered his resignation. On motion J J Wolfenden was elected President. On motion E W Rosenthal and C L Ives, were elected members of the Executive Committee and C L Stevens, Second Vice President to fill vacancies in the several offices, the secretary casting the vote for the election in each case.

The following resolution was offered by E W Rosenthal and unanimously adopted:

The Chamber of Commerce of the City of New Bern, learning of the lease of the A & N C R R to the Howland Improvement Company, and the intentions of the Lessee to exert his best efforts for the upbuilding of our city and section, and the Chamber of Commerce always ready to aid in this upbuilding. Be it,

Resolved, That an invitation be extended to Mr R B Howland to meet with this Chamber at his convenience.

Resolved, That a copy of these resolutions be sent Mr Howland by the Secretary.

Saves Two From Death.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs W K Haviland, of Armond, N. Y., "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had Consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for Coughs and Colds. 50c and \$1.00 bottles guaranteed by C D Bradham. Trial bottle free.

CUTTING AFFAIR

At Penitentiary Between Negroes Working at Brick Kiln.

Raleigh, Oct 21.—At the penitentiary today Archie Melver cut and almost completely disemboweled Sterman Jolly. Both are negroes employed as steers in the brick kilns. There has been trouble between the men for some time, and several weeks ago Jolly charged Melver, having a knife open in his hands. Today Jolly attacked Melver after a quarrel and struck him with a brick. It seems that some fellow convicts who were present attempted to separate and hold the men, but Melver had a knife made of a piece of steel from a shoe, concealed somewhere in his clothing and with this he cut Jolly twice on the arm and then slashed him across the abdomen. The wound is a terrible one but the man may recover.

How to Cure Corns and Bunions.

First soak the corn or bunion in warm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Palm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by all druggists.

Tell all your friends that Saturday is the day at the Broad Street Fruit Company.

Special Apple sale Saturday. A good apple for 25 and 30 cents a peck. The best for 40 cents. Sales Cash. Broad St Fruit Co.
