### STILL BIG MAJORITY

#### Claimed For Democrats in North Carolina.

#### Singular Boycott Case Wins. Investigating Bell Weevil. Textile Department Students. Dye Plant in Carolina Mill.

Raleigh, Nov. 1.—In the Supreme court this morning there was argument in a case of much general interest, that of the State vs Van Pelt and others, from Rowan, this being the case in which Yan Pelt and others, as members of a labor union verbally notified a lumber dealer that he would be boycotted unless he employed only union men and also published him in the papers. The man claimed that his business was injured. The case went against the State which appealed.

State entomologist Franklin Sherman has gone to Shreveport, La., to attend the cotton boll weevil convention. Louisiana called this convention, the weevil having appeared in five parishes in that State, the purpose being to have co-operation of all the cotton growing States.

There are now 50 students in the textile department at the Agricultural and Mechanical College, of which Prof. Wilson is the head.

Secretary Field of the Democratic State Committee was asked today if he had ever seen political matters so quiet a week before election, and said never. He added that he thought the majority would be as large as that of four years ago, that is over 60,000. The average given by leading Democrats is from 60,000 to 65,000. He says he sees nothing in the situation to indicate a decrease. Plenty of speakers are in the field. A very active and aggressive campaign has been conducted and a great deal of literature has been sent out. He says Chairman Simmons has managed the campaign well.

The Carolina Cotton Mill here, is putting in a new dye plant, which will cost \$15,000.

News from State Treasurer Lacy, in Arizona is of his improvement in steady and gratifying.

Among today's arrivals were Congressmen Theodore F. Klittz of Salisbury, T. Jerome of Monroe, Augustus H. Price of Salisbury.

The September bulletin of the State agricultural department was issued today and is devoted to farm and poultry, the matter having been prepared by State poultryman, J. S. Jeffrey.

### GAINED A POUND A WEEK.

#### Brooklyn Woman Tells of Simple Flesh Forming Food That is Also a Cure For all Stomach Troubles.

Thinness is one of the many symptoms caused by disordered digestion.

This is well illustrated by an experience told by Mrs E. J. Bell, 215 Walworth Street, Brooklyn, who says: "My daughter has gained over a pound a week since she began taking Mi-on-er. Her appetite is good and she enjoys her food very much. Her face and limbs are filling out, and she has a good color. She has also regained her spirits, while she used to be so melancholy that I thought at times she would lose her mind. For a long while she was quite weak and her nerves so shattered that she had convulsions and could not sleep at night. Now she takes Mi-on-er and sleeps right through the night until morning and has gained greatly in strength."

Few medicines have as many friends in New Bern as Mi-on-er. F. S. Duffy has the local agency for this preparation. A box of these tablets costs but 50c, and this amount will cure the average dyspeptic and fill out the wasted form. Begin the use of Mi-on-er at once, knowing that unless it cures, it will cost you absolutely nothing.

### RUMORS OF HITCH

#### Between Russia and England. Baltic Fleet Sails. English Prepared To Act.

London, Nov. 1.—Lord Lansdowne, the foreign secretary, and Lord Selborne, first lord of the admiralty and Count Renckendorf, the Russian ambassador had a long conference last night, which continued until a late hour. After the conference a meeting to be held Wednesday. The rumors are not confirmed, but they are current that a serious hitch has occurred.

London, Nov. 1.—Your correspondent at Vigo, Spain, wires that the Russian Baltic fleet under Admiral Rodzestvensky left that port this morning.

St Petersburg, Nov. 1.—It is reported that England has consented to the Baltic fleet proceeding on its way providing the officers responsible for the North Sea incident are left behind as a sort of hostage pending the investigation.

Gibraltar, November 1.—The garrison was suddenly ordered to be mobilized at 10 this morning and that the fleet has been ordered to be ready to put to sea at a half-hour's notice.

### Capt. Jack Crawford Last Night.

The people of New Bern had a treat in the entertainment line rather out of the ordinary. It was a breezy, enthusiastic interesting talk on life in the west. The love of nature supercedes everything else with the captain and he makes city life appear ridiculous by his graphic description of the career of a wild west man who is laying the foundation for a great civilization in the border land.

Then his tender nature finding expression in poetic utterances made his lecture pleasurable. He was the promoter of a scheme to relieve the family of Gen. Hood the famous Confederate commander and the touching references to the reconciliation of the blue and the gray was a signal of marked appreciation by the audience.

Capt Crawford was a soldier in the Union army but that fact did not hinder him from showing kindness to those who fought against him.

He appears before his audiences in costume, composed of a deer skin coat. His garment has had a rather of a hard experience, having been the overcoat of a wax figure in the Eden Museum in New York City, covering a figure representing the famous poet-scout.

### The Coming of "Macbeth."

Lovers of the highest ideals in dramatic art are continually finding fault with the too frequent appearances not only here, but in all the cities of silly farcical plays, cheap sensationalism, and the other immaterial features of current theatrical productions, and are always clamoring for the works of Shakespeare and the other great masters of literature. It is a pleasure to announce in this connection the early appearance here of the eminent tragedian, John Griffith and his splendid company of legitimate artists in Shakespeare's immortal tragedy "Macbeth" with brilliant fire-proofed scenic equipment, electrical effects, chemical illusions and all the details needed to insure an absolutely perfect performance of this the greatest of the great master's plays. Everywhere that Mr. Griffith has appeared the local press has teemed with praise of his magnificent performance and it will be a real pleasure to welcome him to this city. The engagement is announced for Friday Nov. 11th, and promises to be the one great big event of the season.

### Disastrous Wrecks.

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from Throat and Lung troubles. But since the advent of Dr. King's New Discovery for Consumption, Coughs and Colds, even the worst cases can be cured and hopeless resignation is no longer necessary. Mrs. Lois Cragg of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all Throat and Lung diseases by C. D. Bradham, Druggist.
