## REAL ESTATE

Its Valuation in North Carolina in 1903.

State Charters Granted. Notice To County Superintendents of Public Instruction. Comptrols Wanted at State Farms. To Jail Safety.

Raleigh, Nov. 2.—The State Auditor today completed the statement showing the valuation of real estate in North Carolina for 1903, as it will appear in the report for the year ending Nov. 30th 1904. The total number of acres is 29,804,882, and the valuation \$144,999,819. This is the valuation of real estate in the country. There is 20,000 acres owned by manufacturing establishments outside of town, the value of this being \$800,000. The value of mineral, quarry, and timber interests is \$1,327,831. The number of town lots is 108,986, the valuation of these being \$74,456,870. The total valuation of all real estate in North Carolina is \$290,308,389. The previous year it was only \$178,892,819. The increase during the year is over \$111,415,570, which is by far the greatest ever recorded in any one year. This shows the great prosperity of the State and the marked advance in the value of farm lands. It is a very practical proof of the prosperity of North Carolina.

The State charters the High Point Hosiery Mills with \$20,000 paid up capital, authority being given to increase to \$100,000, J. H. Mills and others being the stockholders. A charter is also granted the Columbus County Trucker Reporter, of which H. C. Moffitt and others are the stockholders. A weekly paper is to be established.

State Superintendent Joyner gives notice to the County Superintendent of Public Instruction that the annual meeting of their State Association will be held here November 30th and December 1st. Attendance upon this is compulsory and every Superintendent is expected to be present. Last year 98 attended. In a circular letter to the County Superintendents, Superintendent Joyner says the outlook for education in the State is hopeful and that this ought to be the most successful year's work for education in the history of the State. The success, however, depends very greatly upon the wisdom, enthusiasm and devotion of the County Superintendents. A graded course of study for the public schools has been prepared and this is to be strictly enforced, as it will greatly promote public school work. The Superintendents will discuss it, as also the business details of the public school work. Many things of importance will be submitted to them at the meeting.

Gen Robert F. Hoke, who is so largely interested in the iron mines at Cranberry is here for a day or two and says work is very active there, over 300 men being employed.

The directors of the penitentiary were in session today. They are asked to send more convicts to the State farms, in order to get out the cotton and other crops there, but say they have about all the available convicts now on the farm. To it have been sent half of those on the Raleigh and Pamlico Sound Railway and all the Guilford county road gang. Thus far about 500 bales have been ginned and there will be at least 500 more, yet the crop will not be a full one. There is considerable increase in acreage. Last year's crop was 750 bales. There are only about 700 State convicts all told. The term of the present board will end with Governor Aycock's administration.

Kidney Norris and Wiley Lucas, young men charged with murdering a man named Norris in Harnett county last month have been brought to jail here for safe keeping.

## GIVES RELIEF QUICKLY

Regular Use of Hyomel Cures Most Stubborn Case of Catarrh.  
No other medicine gives such prompt relief as Hyomel in the treatment of catarrh.

The first breath of this remedy soothes and heals the irritated and smarting air passages, and the regular use for a few days or weeks will cure the most stubborn case. Some of the reports of those who have been cured of catarrh by Hyomel read like miracles.

John S. Gray of Radwood Hill, Pa. writes:  
"I am 52 years old and have been a sufferer of catarrh in the head for 25 or 30 years. I have doctored with many specialists and they all told me that the disease was incurable on account of my age. After using Hyomel a short time I was greatly benefited and can now say that I am entirely cured. It has been six months since I stopped using the remedy and I still remain cured."

The complete Hyomel outfit costs but \$1, consisting of an inhaler, dropper and sufficient Hyomel to last several weeks. This will effect a cure in ordinary cases, but for chronic and deep-seated cases of catarrh, longer use may be necessary, and then extra bottles of Hyomel can be obtained for 50c. Probably the strongest evidence that can be offered as to the power of Hyomel to cure catarrh is the fact that P. S. Duffy will agree to refund the money if you say that Hyomel has not helped you.

## JAPANESE CAPTURE BOATS

At Port Arthur. Win in Manchuria. Mobilization of English Fleet is Over.

Rome, Nov. 2.—Word received here from Manchuria states that the Russians lost two thousand men and four guns in the fighting Monday last. The Japanese right and centre continue their tactics trying to surround the enemy. Dispatches also state the Japanese have captured forts fifteen and sixteen at Port Arthur.

Gibraltar, Nov. 2.—All the excitement caused by the mobilization of yesterday has abated. The crisis is believed to be over. The British cruiser Boomerang and torpedo flotilla have returned to the harbor. The battleship Illustrious and cruiser Leander have also arrived from Vigo and Malta respectively. The battleships Majestic, Magnificent and Hannibal have left, sailing east.

## A Game Warden on Business.

Mr J R Upchurch, Game Warden for North Carolina, is in this section, and in this city, Wednesday, going to Morehead last night, to look after offenders of the game laws.

Mr Upchurch is giving some special attention to violations of Sunday shooting, which is against the state law. A new game warden is to be appointed here, who will give attention to the protection of game. Each warden is under oath to see that the State game laws are observed, as well as to see to offenders of the Audubon law.

## No Poison in Chamberlain's Cough Remedy

From Napier New Zealand Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Co, Des Moines, Iowa U.S.A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for cough, colds, croup and whooping cough. This remedy is for sale by all Drug stores.
