TWO ESTIMATES.

Democrats Say 60,000, Republicans Name 30,000

For Head State Tickets. Wet Weather For Circus. Comment Over Finding of Soldiers Death. Belle For Hall of History.

Raleigh, Nov. 4.—Sells Bros Circus was here today and it was a day marked by rain from beginning to end—rain which some of the crops need, but which the circus people did not like at all, and the general public was equally dissatisfied. This circus will close its season at Tarboro on the 19th and there it will be sold. Two of the Sells Brothers have died during the past two months, and these are really the end of the family. A circus is a great money maker. The average earnings of Sells Bros. Circus are a million dollars a year. One of the circus people, speaking about the sale said the property ought to bring several millions of dollars. The year Sells Bros went to Australia with the circus they made two millions of dollars. It is quite probable that Bailey or some other well known circus owner will buy the property of the circus.

There was considerable comment today on the finding by the court of inquiry as to the deaths of the two Durham guardsmen on the way back from camp. The finding ought to have specifically named the officers responsible. Of these there were five, one being Col. Craig, who in his evidence before the court said he gave no order in regard to the observance of the regulations by the troops on their way back from camp. That morning Gen. Armfield had sent orders to the colonels of both regiments to strictly enforce the regulations regarding the movement of troops and their conduct on route. Major J. J. Bernard, and Adjutant Gwyn were on the train, as were also of course the officers of Company A, to which company the men killed belonged. It was in evidence that when the troops left camp there was a guard at the door of each car, but Company A's guards were taken off because the men were sleepy. Quartermaster sergeant Gates of Company A, who was on top of the car and who was injured testified that he knew he was disobeying orders.

A charter is granted the Southern Trading Stamp Company of Greensboro with \$25,000 capital stock, E. M. Andrews and others being the stockholders.

The following new rural free delivery routes are established—Curry, W. O. Bell carrier; Garner, N. W. Powell; Goldsboro E. F. Edgerton; Kenley, J. W. Watson, Jr.

On the 22nd, Miss Lila Gray, daughter of Robert T. Gray, esq. of this city, is to be married to Mr. O. F. Fish, who last year was an instructor in Mechanical Engineering at the Agricultural and Mechanical College here.

The dullness which has prevailed in the various State departments for the past month or more will end with the election. Never before have so many of the officials been in the campaign at once. The activity has been, in fact remarkable. Some of the Republicans are asking why the Democrats are so active. The answer is that they wanted to be sure to carry the legislature by a big majority, and to awaken all interest possible in the National tickets. The Republicans say they do not believe Capt. Glenn will receive over 30,000 majority, but the Democrats name a figure twice as large.

The last arrival at the Hall of History is the old sun dial from Fort Macon. Last summer your correspondent found it lying outside the fort, neglected and has secured it from the Secretary of War as a loan. The dial is set in a slab of brown sand stone, and the date is 1850. Nothing is now left in the old fort, but the two mortars which stood there being at the Soldiers' Home, one on each side of the flag-staff.

FOR THE DAUGHTERS OF THE FORT.

The devices of the daughters of rich men to make their own money are perfectly well known to the managers of women's exchanges, which are established solely to help poor women put their work on the market. One day I was in an exchange when a woman, evidently a lady's maid, came in and registered some embroidery in her own name. The superintendent took up the work and in a casual way asked the supposed artist to show her how to do a particular stitch. The woman pleaded lack of time and went out embarrassed and guilty looking. "I thought so," said the superintendent. "She brings her mistress' work. Her mistress is the daughter of a very rich man, but she has no pocket money, and the poor thing has to cheat the exchange by selling her work here under her maid's name."—Everybody's Magazine.

When You Have a Bad Cold

You want a remedy that will not only give you quick relief but effect a permanent cure.

You want a remedy that will relieve the lungs and keep expectoration easy. You want a remedy that will loosen any tendency toward pneumonia.

You want a remedy that is pleasant and safe to take.

PORT ARTHUR'S END NEAR

Tremendous Assaults Continue. Russian Commander Wounded.

London, Nov. 4.—The Daily Telegraph's Chefoo correspondent, telegraphing Thursday, says that the Japanese losses during the last assault on Port Arthur were heavier than on any one of the previous attacks. The bombardment, he says, was so fierce that the streets of Dalny were said to tremble as though from an earthquake.

The same paper's correspondent with Gen. Oku, under date of November 2, says that the indications are that a terrific engagement is about to commence.

A dispatch to a news agency from St. Petersburg says, Lieut. Gen. Stoesel, commander of the Russian troops at Port Arthur, is reported to be wounded in the leg.

Less Meat, More Vegetables.

Vegetarians will find hope in the statistical comment in Collier's for November 5th, which says:

The census shows that Americans are becoming addicted to less meat and more vegetables, cereals, and products of the dairy. It is figured out that in 1890 a hundred Americans ate 94 sheep, 118 hogs, and 25 beefs, whereas, in 1900, they consumed but 50 sheep, 48 hogs, and 20 beefs. Cheese has declined, but if eggs and poultry are included with butter and milk as belonging to the dairy class, the consumption of that kind of food is three times what it was forty years ago. The total use of meat, reckoned by the price, is reduced by 36 per cent. In 1850 one hundred persons ate 430 bushels of wheat and 90 bushels of oats. In 1890 they ate 623 bushels of wheat and 286 bushels of oats, and in 1890 the breakfast food movement was small to what it is today. Corn and potatoes have increased about like wheat. The general gain in vegetable expense is 80 per cent. Meat still leads, however, although it apparently will not do so long. We spent in 1900 \$1,635,000,000 for meat and \$1,975,000,000 for vegetable diet. Among meats beef leads, by a long distance, with sheep second and eggs third. Americans have grown healthier in the half-century which has seen this change, probably, however, on account of more air and exercise and better cooking and sanitation. The general question of the best relation of meat to vegetable diet is a ill one on which the medical world is far from concord.

Doesn't Respect Old Age.

It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age. Dyspepsia, Jaundice, Fever, Constipation all yield to this perfect Pill 25c, at all drug stores.

INSURANCE AND BRICK Like a Shipwrecked Sailor

adrift, helpless and hopeless is the average man who suddenly finds himself bereft of wealth or a competence by reason of fire loss without insurance indemnity. The insurance companies we serve will come to your rescue if you get your policy now.

I also sell first class Brick.

A MATTER OF HEALTH

DOVER

November 4. The Disciple Church was dedicated here Sunday. There were quite a number of people here from Kinston, Richlands and other places to witness the ceremonies.

Miss Sue Wilson of Kinston spent the day with her father Mr. Geo. B. Wilson Sunday.

Mr. O. W. Gold, general agent for the M. C. and S. C. Department of the Provident Savings Life, spent the day with us last Friday.

Mr. D. W. Richardson, general manager of the Goldboro Lumber Co., returned last night from Washington, D. C. where he went on business in the interest of the Company.

Mr. Geo. R. Richardson and wife from West Virginia spent yesterday and last night with his mother, Mrs. Fannie Richardson and left this a. m.

It is rumored here that there is a probability of our town having a union depot between the A. and N. C. and the D. and S. B. R. We appreciate the consideration of the A. and N. C. to give us better depot accommodations. But a union depot would be a great inconvenience to the public in general here.

Mr. Richard W. White died of typhoid fever at his home near Dover October 14th, 1904, after 6 weeks of illness. Mr. White was born September 17th, 1855, and was therefore 49 years and about one month of age. He leaves a devoted wife and eleven children with a host of relatives and friends to mourn our loss, but we trust his gain. Mr. White was born and lived in this community all his life and had accumulated by hard work and untiring energy quite a good estate. He was always willing to help the needy in his community, and will be sadly missed. We extend to the heart-stricken family our heartfelt sympathy, and point them to the God who knoweth and doeth all things well.

A FRIEND.

No Discrimination.
"Beneasy has a good ear for music."
"What makes you think so?"
"He told me you were the worst singer he ever heard!"
"That's strange."
"Why?"
"He told me you were the worst!"
