POLITICS! POLITICS!!

Democrats Say Cotton Mills Make Republicans.

Fraud Cry Heard From Stanly County Five Requests for Good Object. Convicts Cutting Wood. Insects for Museum.

Raleigh, Nov. 11.—Prof. J. B. Carlyle of Wake Forest College has now secured \$11,000 for the alumni building there, which is to be also the biological laboratory.

Most of the talk is now about politics, and Stanly appears to be the storm center. The Democrats were dead sure of 400 majority there up to the night before the election. It is said that the frauds in two or three townships were notable and that at least 80 more votes were cast than there were voters. A prominent Democrat says the cotton mills largely affected the result there, this being aided by the State homes, of whom there were 800. He says the cotton mills make Republicans everywhere. The Republicans are doing a lot of talking. They express regret that the South is solid and say it is too hidebound. One prominent Democrat says the real secret of the great majorities North for the Republicans is hatred towards the South. Another Democrat says the real cause is the favor the people have for protection.

The penitentiary convicts are cutting three thousand cords of wood, to be used in the brick yards next season, this being taken from the lands of sheriff Salmon near Lillington.

The State poultry fair, to be held in the agricultural building here January 10th to 13th is going to be made by far the best ever seen in this State. State Poultryman Jefferys will have a magnificent display of fowls from the State poultry farm here.

Grand Secretary John C. Drewry of the Grand Lodge of Masons says money from the building fund of the Masonic Temple is now coming in quite rapidly. The corner stone will be laid sometime next year, possibly early in the year, though he does not yet know the time. Possibly the Grand Lodge when it meets in January will fix the date.

State entomologist Sherman is making a very complete collection of the insects of North Carolina, to go in the State museum. Just now he is at work on the grasshoppers, of which there are 80 species in the State.

The Supreme court did not file any opinions this week, nor will it file any until next Tuesday.

Mrs. W. B. Sheperd, formerly Miss Mildred Cameron of Hillsboro, who died a fortnight ago, has left \$3,000 to the State University and \$2,000 to Rex Hospital here. Her family has a memorial cot in the children's ward in the hospital. Her personal estate is valued at about \$69,000.

Among today's arrivals here were Brooks G. Empe and Iredell Meares of Wilmington, and R. E. Lee of Lumberton. Francis P. Hogood, president of Oxford Female Seminary. President Hogood is very justly proud of his success. His building was begun January 18th but was rebuilt and completely furnished so that it was re-opened September 7th, the building representing double the value of the one destroyed. There are more students than ever before in the history of the seminary.

Isaac M. Meekins, who is the Republican nominee for Lieutenant Governor is here and said he thought the party had cast 30,000 more votes this year in the State than it did last year. Prior to the election his estimate was that the increase would be 25,000. He said there was never so much independent voting. For example Roosevelt carried Tyrrell by 40 and Mr. Meekins' father was elected to the house by 40, yet the whole Democratic ticket was elected by 300 to 250. There was an equally funny State of affairs in Dare.

Democratic State headquarters were closed today, after a couple of months or more of hard work.

RUSSIAN MESSENGERS ARRIVE

At Japanese Headquarters From Port Arthur Indicates Its Capitulation. Baltic Fleet Refused Coal.

London, Nov. 11.—The Tokio correspondent of the newspaper Messager wires that a report has reached there that Port Arthur has capitulated. The Agencia Libre has a despatch from Chee Foo stating that a messenger from Gen. Siocssel in command of the forces at Port Arthur has arrived at Japanese headquarters. It is believed his purpose is to ascertain what conditions the Japanese impose should the Russians surrender the Port.

London, Nov. 11.—Several reports from private and press sources are current this morning that Port Arthur has fallen. No official confirmation has been received, and Baron Hayashi, the Japanese minister, says he has no intimation that such an event has occurred.

Birmingham, Nov. 11.—The port here the Japanese government will consider the permission granted to the Russian Baltic fleet to coal at neutral ports a serious breach of neutrality. The Mikado's government organ paper says he has communicated in strong terms with several European governments in the matter.

John Griffith in Macbeth,

Seldom has a New Bern audience had the opportunity to witness a play like Shakespeare's immortal tragedy, Macbeth, such as they had last night at the New Masonic Theatre. It was a feast to the students of the Bard of Avon and a real treat to the admirers of real dramatic art. The play was presented to a full house.

The play of Macbeth involves all that is vicious in a man's nature and emphasizes the devilry of a woman's heart when she acts as lacerator to man's ambition. In this intrigue and plotting John Griffith as Macbeth and Miss Louise Ripley as Lady Macbeth acted their parts with wonderful conception of the characters.

To have enjoyed the play to its fullest extent one should have read at least once and a second or third reading would have been better still, but even without this acquaintance of the play the person who discerns merit in live performances would have enjoyed this presentation.

The scenic effects were fine. The weird incantations of the witches and the illuminations attendant thereon was one of the best electrical displays seen on this stage.

State Press on Election.

From President Roosevelt to Congressmen, we have expected defeat. In the Nation, the President has been overwhelmingly endorsed. The majority is so heavy that no Democrat can fail to recognize his popularity and to see that the people want him for President and not Judge Parker.—Salisbury Globe.

Indeed it is a joy and pleasure to know that the South solidly repudiated Roosevelt and his whole shooting match.—Duplin Journal.

It seems the Democratic party has dwindled down to the South, and hereafter we want a Southern man nominated. The war has been over long enough and we have been on the stool of repentance sufficiently long to be advanced to the first grade of converted sinners.—Wilson Times.

The latest returns indicate that Texas has been saved to the Democracy.—Charlotte News.

The big majority for Roosevelt indicates that the people will help him to carry the big stick and authorize the Republican powers that be to go ahead with its greater navy and bigger army scheme.—Wilmington Star.

The prophet of evil is never a welcome guest, but it had just as well be told, by way of preparation of our people for what is to come, that with as strenuous a man as Mr. Roosevelt in the White House for the next four years, with a Senate and House each about two-thirds Republican, the South, the only hostile section, may look out for rough sledding.—Charlotte Observer.

There will be a special "Bible service" at the Tabernacle Baptist church tomorrow evening. Fine music will be rendered. All are cordially invited to attend.
