DEMOCRATS TALK POLITICS

And Continue To Show Figures. Important Legal Case. Watts Law a Triumph, Says Bailey.

Raleigh, Nov. 12.—Judge and Mrs Pritchard arrived here today from Asheville. The Judge at noon began the hearing of the case of Forrest against Southern Lumber Company, of which W J Edwards of Sanford is the receiver, he being also the receiver for the Carolina and Northern railway. Forrest seeks to remove the receiver of the Lumber Company and to have a special master appointed to take testimony to investigate alleged irregularities. Not long ago Cameron McRae was appointed special master. Today a motion was made to remove him, on the ground of alleged business relations with Ireddell Meares, one of the attorneys for Forrest.

The Democrats were talking a good deal today about North Carolina's vote in the election just held. Yesterday the Republicans, or some of them were claiming that they would get close to 100,000 votes on the official count but today they have reduced their figures to something like 80,000. A D Watts, Chairman Simmons' private secretary says the Democrats will have 120,000 votes, and at least 47 or 48 thousand majority in the vote for governor. He says he doubts very much whether the Republicans get 75,000 votes. North Carolina gave Bryan 24,000 majority and has doubled that figure for Parker. It is claimed that no other State did so well. Yet there was a tremendous stay-at-home vote. Not 80 per cent of a full vote was cast. There are 300,000 white voters, and 250,000 would be thought to be a good vote. The total this year will hardly reach 300,000.

Today Chairman Josiah W Bailey of the State Anti-Saloon League issued an address to the people on the result as to the temperance matter. He says: "It must be an impressive lesson to us all that a party could go before the people defending so sweeping a temperance enactment as the Watts act and achieve the triumph the Democratic party achieved. From all reports we can gather the new legislature will be as strongly Democratic as the one which enacted the Watts law, and even more strongly for temperance than that legislature was. It is true the Democrats have probably lost the eighth congressional district, but it is the stronghold of the distilleries has always been Republican and in it are the liquor towns of Williams and Shore, by incorporating which the last legislature made the blunder of surrendering the Watts act in Yadkin county. Therefore, so far from charging this loss to the Watts act, we may as well charge it to the unequal compromise of the Watts act. We are not inclined to press this point, but we know from a visit to Yadkin that it would have been more inclined to support the Democrats had they not compromised the Watts act by incorporating Williams and Shore. It is also true that one or two counties have been lost and one or two gained. Brunswick will send a Republican to the legislature but he is an outcast to temperance Republican and he defeated a whiskey ring Democrat."

BURNED THE WIND.

John Sellers, Gives Deputy Sheriff Credit the Slip and Gains His Liberty.

John Sellers, of Clark's a negro who has a reputation of being a dangerous man, was arrested by officers Lepton and Bryan yesterday on a warrant for assault sworn out by his wife. It is said that Sellers had threatened to kill his wife. She had been hiding for several days fearing violence at his hands.

Sellers was in the city yesterday when he was discovered by the police officers Mr Lepton secured a warrant of Magistrate Street and with Mr Bryan arrested the man, securing a mittimus from Justice Street took him to the county jail. Upon reaching the jail the jailer was absent and he could not get Sellers in the cell, but left him in the custody of the deputy in charge of the sheriff's office, Mr Credle. The latter was warned that the prisoner would escape and consequently kept a close watch on him. The negro seated himself and seemed to have either the air of injured innocence or repentance for his sin; at any rate he was crying. He removed his shoes and socks saying that his feet hurt him, he did that however in order that if he succeeded in making his escape he could run faster.

Sellers then made a dive for the door and though Mr Credle threatened to shoot and did shoot, the negro was unharmed and when once out of the room he left the Court House and ran down Broad Street like a deer.

He left his shoes and socks behind and they will be kept as hostages in the office of the sheriff.

While we have not been requested to do so we publish gratis the advertisement:

FOUND.—One pair of shoes and socks in fair condition. Owner can have the same by calling at the sheriff's office by applying to persons. Please bring the shoes.

SUED FOR LOSS OF FREIGHT.

Prof. Holton Brings Action Against the Southern and A & N C.

There was an important Civil case in Justice B E Streets office yesterday, in which the A & N C and Southern railways were involved.

It was the old story of loss by freight repeated and while there were no new or startling features it is a case that will develop strongly the facts that railways do not take the pains they should with goods consigned to their care for transportation.

Mr R O Holton principal of the Oriental Academy ordered some books of a publishing company and they were shipped last June. He has never received the books although he furnished evidence that they had been shipped and had been lost in transit.

The plaintiff was represented by Mr R A Nunn. Mr M DeW Stevenson was attorney for the Southern railway and Mr Ward for the A and N C. The amount of money representing the value of the books was eighty dollars.

Decision on the case was reserved until Monday.

THE SECRET OF SUCCESS.

Forty million bottles of August Flower sold in the United States since its introduction! And the demand for it is still growing. Isn't that a fine showing of success? Don't it prove that August Flower has had unfailing success in the cure of indigestion and dyspepsia—the two greatest enemies of health and happiness? Does it not afford the evidence that August Flower is a sure specific for all stomach and intestinal disorders?—that it has proved itself the best of all liver regulators? August Flower has a matchless record of over thirty-five years in curing the ailing millions of those distressing complaints—a success that is becoming wider in measure every day, at home and abroad, on the faces of August Flower of thousands of grateful ones, who, by its use, have secured their health and happiness.

No Poison in Chamberlain's Cough Remedy

From Napier New Zealand Herald. Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Co, Des Moines, Iowa, U S A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. This remedy is for sale by all druggists.
