Asked Governor For Pardon. Bank In Charge State Examiner. Farmers Holding Their Cotton. Social Attention to Judge Pritchard. Soldiers Home Report.

Raleigh, Nov 15.—Frank Benbow was before the Governor today, to ask a pardon for J V Long, of Jackson county, who is serving a penitentiary service for seven years for murder. A number of lawyers are with Mr Benbow in this effort to obtain pardon. Both sides were given a hearing, there being opposition to the pardon.

W D King, a white man here, has given bond to appear on the 21st inst, before U S Commissioner Nichols on the charge of using the mails to defraud, by ordering goods sent here, taking the name of Harris & Co, Hobson and Co, Uphurch and Co, and perhaps other names. A government official says that King got a lot of stuff from various parts of the country which he sold; among other things beef from Richmond invoiced to him at 8 cents per pound which he sold at 3 cents., and all pork sausage which he sold at 6 cents. He put up the bond in cash.

State Labor Commissioner Varner came here today and secured a charter for the Globe Publishing Company of Salisbury which will publish a newspaper; do job printing, etc., the capital stock being \$15,000 and he and others being the stockholders.

At the church of the Good Shepherd this morning Miss Rosa Battle, the youngest daughter of Mr Richard Battle was united in marriage to Dr R B Miller, of Goldsboro. Mr J. Frank Miller was best man.

The corporation commission has directed State Bank examiner, Ellington, to take immediate charge of the Merchants and Farmers Bank at Milton, his report showing that it is insolvent. He will hold all assets until a receiver is appointed, which will be done within 24 hours. The bank is 15 years old, J A Hardie being president and R L Walker, cashier. Poorly secured loans amounting to \$27,000 are the cause of the insolvency of the bank, which is shown by the report of the bank examiners.

Judge Pritchard has denied the motion for the removal of W J Edwards of Sanford as receiver of the Southern Sawmill and Lumber company, and has appointed Phillip Buebe and Brook G. Empe commissioners to sell the property at auction, January 17th. He has also appointed Eugene B. Martin special master to examine into the financial situation of the company and report to the court. The property is at Kingsland and the sale is to foreclose a mortgage to the Union Trust Company of Philadelphia. The Judge orders that no bids shall be considered unless it is for \$25,000 at least.

This morning Benjamin James, a young white man was arrested at the railway station here, on the charge of breaking into the trunk of his roommate, E E Purvis, of Tarboro, and stealing \$310 in money and various other property. A young detective, named Haynes tracked James to Raleigh and found him by means of a woman. James confesses the theft, and \$141 and a lot of stolen clothing was found on his person. His home is near Scotland Neck. He confesses that he spent the money which was not found.

Wilson G. Lamb will be the chairman of the State Board of canvassers, which will meet here December 1st to canvass the election returns. The board will be here about a week, as of course a contest is expected in the 8th congressional district.

**THE ROBIN.**  
He is an Adaptive Bird, but He Doesn't Mix Mortar.

The robin is a very adaptive bird certainly. It adjusts itself readily to new conditions, but it falls far short of the intelligence that is often ascribed to it. Thus there are persons who seem to believe that when mud is scarce the robin will bring water in its beak to the dust of the road and so make the mortar that it needs. This notion is, of course, absurd. How could the robin know that water and dust will make mud? This knowledge is the result of reflection and experiment and is not within the reach of an animal. More than that, if the robin could find the water he could certainly find the mud somewhere. I have known them to use a substitute for mud furnished by the crows.

Another equally absurd claim for the robin comes from a correspondent. A robin had her nest in a tree under his chamber window in such a position that he could see all that happened in the nest. He says that when the young robins were nearly grown he saw the mother bird take them, one by one, by the nape of the neck and hold them out over the rim of the nest to teach them to use their wings! I suppose "our modern school of nature study" would accept this statement without question. It is such preposterous natural history as this that furnishes the stock in trade of this "school." Some persons deceive themselves in what they think they see, and not a few, I am convinced, are deliberate falsifiers.—John Burroughs in *Outing*.

**Modified Negroes.**  
While there are no black races indigenous outside of the tropics, the leading American, English, French and Italian ethnologists boldly teach that the white races of the world are simply modified negroes and that the Anglo-Saxon and other white races are of an African origin, having crossed over into Europe during the neolithic age. Their habits, character of food, environments, attitude of their homes, climate, occupation, their greater distance from the rays of the tropical sun, are some of the ethnological factors which are believed to have bleached their skins and made them white.

**Both's Him Too.**  
"It is strange," said the minor poet, with an important air, "but there are days that I cannot write at all."  
"Me, too," replied the plain person, "and Wednesday's the worst of all. I most generally write the 'n' before the 'd'."—Philadelphia Press.

**Accommodating.**  
Housekeeper—And are you good about roast meats? New Girl—Faith, Oh an so, m'ann. O'ff ate any kind o' thim widout complainin'—Philadelphia Ledger.

**Doesn't Respect Old Age.**  
Its shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age. Dyspepsia, Jaundice, Fever, Constipation all yield to this perfect Pill 25c, at all drug stores.
