Church Debt Raised. Prominent People Many. Mayor Powell No Longer A Candidate. No Baptism Took Place.

Raleigh, Nov. 22.—Pledges and cash amounting to \$7,000 were raised in the First Presbyterian church, in this city Sunday by the pastor, Dr. H. A. Mument for the liquidation of the debt that has hung over the church for some years. This puts the congregation out of debt, after the erection of a \$93,000 house of worship.

This morning at 10:15 o'clock Miss Lilly Gray was united in marriage to Dr. Ohas L. Fish of New York, the ceremony being in Christ Church by the rector, Dr. M. M. Marshall. The maid of honor was Miss Caro Gray, sister of the bride and the best man was Mr. Chas. M. Hayes of New York. The ushers were Mr. H. MacRae of Fayetteville, Mr. C. B. Crowell, Mr. W. S. Wilson and Mr. Robert Gray of this city. The church was beautifully decorated with palms and ferns and chrysanthemums. The wedding was one of the most fashionable of the season, Miss Gray being popular in social circles throughout the State. She is a daughter of Mr. R. L. Gray of this city. The groom was for two years a member of the faculty of A. & M. College here but has been a resident of New York for the past three years, bridge architecture and contracting being his specialty.

A. M. Powell, Mayor of Raleigh, has just issued the fifth annual report of his stewardship as Mayor of Raleigh and he declares that he will not accept a re-nomination. He pronounces the dispensary here a decided success. He says drunkenness has been reduced 40 per cent and that the financial returns are surpassing all expectations, that the city treasury will receive about three times as much revenue as formerly from the liquor business, despite the fact that one half of the net receipts from the dispensary must go to the county school fund.

Governor Aycock, State Auditor B. F. Dixon, Secretary of State J. Bryan Grimes, Commissioner of Agriculture S. L. Patterson and other State officials spent the day in the fields about five miles from the city, hunting rabbits and birds. They bagged a great amount of game and had a thoroughly successful hunt. This is their fourth annual hunt under the guidance of Col. Fred A. Olds.

There were three candidates for baptism to be immersed at the Tabernacle Baptist church Sunday night after the exercises of the evenng, but after the ladies of the congregation had removed their hats and the candidates were ready, the pastor started down into the pool it was found that the sexton had carelessly allowed all the water to leak out and the pool was dry. This necessitated the postponement of the ordinance.

Doesn't Respect Old Age.

It is shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age. Dyspepsia, Jaundice, Fever, Constipation all yield to this perfect Pill 25c, at all drug stores.

Doesn't Respect Old Age.

Some beekeepers will put pieces of old carpeting or a bag of straw directly over the brood nest as a winter cover to act as an absorbent of the moisture arising from the bees. The latest advice is to cover with a board, says American Agriculturist. The board will absorb moisture, and if there is a light, porous material above it, which will be warm, this will keep the board dry.

Not a Sick Day Since.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of Rheumatism, Neuralgia, Liver and Kidney troubles and General Debility." This is what B. F. Bass, of Fremont, N. C., writes, Daily 50c, at C. D. Bradshaw's Drugstore.

Death of Mrs Alice M. Griffin.

Mrs Alice M., wife of Mr J. F. Griffin died at her home at No. 73 Griffith street Monday night at 12 o'clock.

The funeral services were held at the home at 3 o'clock yesterday conducted by Rev. G. T. Adams and the burial was made at the St. Delights church grave yard.

Its Content.

A train of some little respectability appeared at a gentleman's door asking alms. "Not today," said the interrogated one. "When may I call?" responded the tramp. "Why don't call at all. I know what you are. I saw your picture on a tin can at the grocery store at the corner." The applicant for a loan sauntered leisurely down to the place and stood viewing the goods in the window. Soon his eye came upon a can of crustaceans from the Maine coast. Then the joke flashed on him. As he meandered away he mumbled to himself, "Well, that's the nearest way of calling a fellow a lobster that I've struck yet!"

MONTH'S MEDICINE ON TRIAL.

Generous Offer to all With Weak Digestion or Stomach Troubles.

With every box of Mi-on-a sold F. S. Duffy gives the following plain and positive guarantee bond, assuring the purchaser that the money will be returned if after a month's use, the remedy has not given satisfaction.

GUARANTEE

I hereby agree to refund the money paid for Mi-on-a on return of the empty box, if the purchaser tells me that it has failed to cure dyspepsia or stomach troubles. This guarantee covers two 50c boxes, or a month's treatment. (Signed) F. S. Duffy.

Anyone whose food does not digest as it ought, who has to take thought about when and what to eat, should take advantage of this generous offer of F. S. Duffy.

Mi-on-a is almost invariably successful in curing stomach trouble of all kinds, from an acute attack of indigestion to a chronic case of indigestion. By its use new rich blood is made, the weight increased and health restored.

If Mi-on-a were not successful in 99 cases out of 100, an offer like this would be ruinous. This offer shows the great faith F. S. Duffy has in the health giving powers of Mi-on-a and you should begin its use at once. Try it for a month any way. If it fails to help you, the cost is absolutely nothing, while if it does what is claimed for it, the expense is trifling.

A WARNING!

Wild-Cat Insurance Concern Exposed.

Insurance Commissioner Warns Citizens Against Hartford Insurance Company of New York.

The Insurance Commissioner has received many inquiries of late in regard to the Hartford Insurance Company of New York. This company is not licensed in this State and could not be. They are a "wild-cat" and "underground" concern of the worst character, and are attempting by similarity of name to get some character and business in this State because of the standing and character of the Hartford Fire Insurance Company of Hartford, Conn. The company has no money, and its officers no character, and the general manager, Rogers, has an unsavory reputation, even among the "wild-cat" promoters. Anyone representing this company will not only defraud his neighbors, but lay himself liable to fine and imprisonment.

The Insurance Commissioner also desires to warn the people of the State against each and every registry company attempting to do business in the State. The International Registry Company, the Commercial Registry Company and others seem to be determined to try to do business in this State without complying with the law, and the people are warned against them. However "specious" their propositions may appear upon the surface, there is nothing in them for the citizens of this State. The Commissioner does not understand why they should continue to flood the State with their literature and offers of business, when they have repeatedly written him that they would not attempt to do any business in this State until they comply with its laws. These registry companies are going so far as to even publish advertisements in some of the reputable journals of the State.

Best Egg Preservers. In a test with various egg preservatives at the Ontario station the two leading successful substances were lime-water and glass-water solution. Eggs put up in lime-water scored 41 out of a possible 50, and those in water glass in proportion of one part to seven of water scored 43.2 out of a possible 50. The addition of salt to the lime-water failed to secure as good results as the lime-water alone, and greased eggs put up in salt were not equal to the others mentioned.

SULPHUR CURES ECZEMA.
