### A MATTER OF HEALTH

THE EASTERN WAR.

Port Arthur Hard to Take. Intense Cold in Manchuria. Sentinels Frozen to Death.

Rome, Nov. 28.—The Giornale di Roma has a dispatch from Tokio reporting a general attack on Port Arthur fortifications which began the night of November 26th, which has been partially successful. The forts of Ehringshan, Ras torlung and the Malokabujama have been destroyed, but the Japanese attacks on Shungshan and Vikwar, probably the Kackwan forts were repulsed. The total Japanese losses reported have been nearly seven thousand. The correspondent adds that possibly the attacks were not to be renewed, but the Japanese will continue to besiege the town until the Russians are forced to capitulate on account of lack of food.

Rome, Nov. 28.—A message from Tokio says bitter cold prevails throughout Manchuria. The cold is especially intense about the Shalke river, where the armies of Field Marshal Oyama and General Kurapatka face each other. Five of Gen. Kuraki's sentinels have been frozen to death at their posts.

### A MAGNIFICENT REPORT.

Will be Submitted to the M. E. Conference at Henderson from the New Bern Church.

Sunday was the last Sabbath of the conference year of the Methodist Episcopal Church South and it was certainly a memorable occasion in annals of the local church. The services at night were very impressive. A very large audience was present and the sacrament of the Lord's Supper was observed.

Rev. G. T. Adams, the pastor, read the usual annual report. Its figures were something of a surprise to most of the people and a very agreeable surprise it was too. It is safe to say that no report will be presented at the conference at Henderson this week that will compare with it. The report shows a phenomenal growth and an increasing interest in the benevolent objects of the church.

We publish only a few items of the report but these will give an idea that the church has been enjoying a splendid prosperity.

Contributed Cash in hand \$27,790.45

Women's Foreign Missionary Society \$1,160.38

Women's Home Missionary Society, \$1,008.68

Juvenile Missionary Society \$90.16

Total offerings of these organizations \$3,890.09

Epworth League \$289.55

Sunday School \$285.87

Conference Collections \$770.00

To Orphanage Fund \$384.75

The balance was raised to pay the running expenses of the church and of the new church edifice.

The spiritual and temporal growth of the church was a matter of the greatest rejoicing. There have been 193 persons received during the past conference year. Of these 71 were by profession and 122 were by certificate.

These additions make the total membership of the church 945.

The Sunday school gives evidence of progress equal to that of the church.

Two hundred new scholars have been added to the roll and the total attendance is 600 or more. The average attendance in round numbers is 300.

Interest in the missionary affairs of the church is increasing. The Home and Foreign Missionary Societies are very strong organizations and are doing a great work in their special lines of church activity. They have created and are sustaining a lively interest in missionary life. A Juvenile Missionary Society keeps the children in touch with these matters and equips them with a knowledge they would not otherwise have.

Rev. G. T. Adams, very successful pastor and his invaluable services as a spiritual leader have made the church a unit in conference in return him to New Bern. The magnificent work he has begun would be retarded by the direction of another no matter how able or skillful he may be.

Mr. F. A. Orsen, member of the Finance committee went to Henderson with Mr. Adams last night and will invite the conference to meet in New Bern next year.

### RALEIGH.

State Treasurer Lacy Returns From Arizona. Model For Bust Senator Ransom. Inspection of Soldiers Home.

Raleigh, Nov. 28.—State Treasurer Lacy has returned from a two months visit in Arizona for the benefit of his health. He is at his office today and said he felt better than at any time in ten years. He looks extremely well. He led the strenuous life while in Arizona, riding everywhere, having had several years experience as a cow boy in Texas about 25 years ago. He also made political speeches and some religious talks, notably one to the Mormons. He came back wearing a cowboy hat, which his brother made him put on, so that he would not be taken for a "tender foot" while in Arizona. While there he visited a number of the long deserted dwellings of the Cliff-dwellers, that strange pre-historic race of Indians. He was given a pair of moccasins at least 3,000 years old, and made of grass. He says the Smithsonian Institute attempted in vain to get some of these slippers, but that a pair was presented to him. The treasurer is loaded with all sorts of stories about the great southwest, and his friends look forward with delight to the hearing of these during the next six months.

The Supreme Court will devote this week to the hearing of appeals from the 14th district, Rutherford county and that section, the docket being quite light.

State Auditor Dixon has received from a Charlotte sculptor Benthien, a photograph showing a model for a bust of the late General Matt W. Ransom. Mr. Benthien desires to complete in case arrangements are made to erect a statue in the capital square here to the memory of North Carolina's great statesman.

Among today's arrivals were George G. Thomas and Julius Davis, Wilmington; E. Bingham, Rich Square; J. E. Alexander, Winston-Salem; and General Smith B. Atkins of Freeport, Ill. General Atkins married a daughter of the late Governor David L. Swain and visits Raleigh almost every winter.

The executive committee of the board of directors of the Soldiers Home will have a busy day tomorrow, inspecting the home and making plans for the enlargement of its dormitories. There are a number of applicants who need to be admitted as soon as possible.

It takes a severe matrimonial frost to kill the orange blossoms used in making Hollister's Rocky Mountain Tea. 25 cts. Tea or Tablets. F. S. Duffy.

### Accidental Drowning Verdict.

Coroner Jones held the inquest on the case of Rita Moore, the woman found in the Neuse river last Saturday evening and the jury returned a verdict of accidental drowning. The evidence of the witnesses all tended to show that she was intoxicated when last seen and that she was alone.

No autopsy was held as it was not thought necessary, the unusual circumstances attending the case being considered too trivial to demand an examination.

### FROM THE ASHES.

Baltimore Family's Experience Points a Moral to Residents of New Bern.

The visitor to Baltimore today scarcely realizes that less than a year ago the city was almost destroyed by a memorable fire. A similar comparison might be made by George W. Nally, one of the leading citizens of Baltimore, as to the change in his own looks.

A short time ago, Mr. Nally, writing from his home address, 2213 Barclay St., says "I have been troubled for years with catarrh and had resorted to all remedies that could be thought of. My wife was also afflicted with this terrible disease, but all the treatments we used were an absolute failure until we tried Hyomel. It worked like a charm and has made a complete cure in both of our cases. There is no disagreeable stomach doing in using Hyomel. We breathed it, and its fragrance, so clean, pure and bracing, killed all the catarrhal germs in the head, throat, and lungs.

The experience of Mr. Nally and his wife certainly points a moral to all readers of the Journal who are suffering from catarrh. It shows how they can be cured of this frightful disease, without dangerous stomach dosing.

F. S. Duffy, the local agent for Hyomel, has so much faith in the treatment that he gives his personal guarantee to refund the money in case it does not benefit. A complete outfit costs one dollar, the extra bottles are but fifty cents. Ask to see the strong guarantee under which Hyomel is sold.
