In Charge of By Examiner at Gastonia.

County Superintendents Meet. State Textile Mills. First Sheriff to Settle. State Board of Censors. Selma Injunction Case.

Raleigh, Dec 1.—The State Association of county superintendents of public instruction resumed its session this morning, and took up the program which was set for yesterday, Prof. C. L. Ocon leading in the work of the morning. There was a report by the committee composed of superintendents Terrington of Johnson, Massey of Durham, Bagdale of Pitt, Hayes of Wilson, Atkinson of Wayne, Wright of Wilkes, Post of Guilford and Mohane of Catawba, this being upon school register, blank reports, record books, and rules and regulations. This afternoon there was a very complete explanation and discussion of the State course of study, also a discussion of consolidation and local taxation, the Calvin A. Wiley monument and North Carolina day in the public schools, changes in the school law, the second hundred thousand dollars aid to schools; the evening being devoted to the organization of district association. Several new superintendents arrived, and only very few are absent.

Sheriff J. T. Ellington of Johnston county again has the honor of being the first sheriff to make full settlement of taxes, he having paid the State Treasurer today \$15,800.

There is a difference of opinion as to what shall be done at the Soldiers Home here in the way of providing more dormitory room. Auditor Dixon favors the cottage system, which the veterans themselves prefer, while A. B. Stronach thinks the second story of the present dormitory should be completed.

Today Superintendent McKee of the State School for the Insane here and Superintendent Miller of the one at Goldsboro were in conference with the Governor.

At noon today the State Board of Censors met in the Hall of the House of Commons. The Hall is now being renovated but the law requires the board to meet there. There is two or three days work. Wilson G. Lamb is presiding.

There is no change in the small-pox situation here, and as yet compulsory vaccination is not ordered. The situation is closely under watch.

North Carolina is put down in the drought basin in the newspapers, although the drought was broken some weeks ago. It is true there is a dry period just now, but not at all like a drought.

The corporation commission sprang a surprise today by ordering bank examiner Ellington to go to Gastonia and take charge of the Gastonia Banking Co., until the judge of that district appoints a receiver. Application for such appointment is to be made at once. The total resources and liabilities of the bank are \$981,000 the capital stock being \$100,000. The amount due depositors is \$138,000. John P. Love is the president and James A. Page cashier. The commission regards the bank as insolvent on account of excessive loans and undesirable securities. The report of the bank examiner on which this action by the commission is based was made yesterday; after a critical examination of the affairs of the institution.

At the opening of the county superintendents convention today 79 were present, and by noon six more had arrived and reported. The program arranged for today and got touched, because of the absence of Charles L. Ocon, the chief figure in the work of the day, who was hurriedly called to Salisbury to appear as witness in a law case. State Superintendent J. J. Jones did not intend to make any remarks, but filled in the gaps by reading various reports of his annual report. The program for Thursday was taken up and the first discussion was on rural libraries, how to secure them, preserve them and increase their usefulness. H. D. L. W. Connor and E. O. Brooks leading the discussion. The next subject taken up was county supervision, including the examination of teachers, institutes, township meetings, selection of teachers, visiting schools, and courses of study. At 10 o'clock the convention went in a body to the Hall of History and spent an hour there examining by thousands of historical objects which had been collected for two years.

Attorney General Gilmer, Fred A. Woodard, Argo and Baifer, Babin and Babin appeared for the corporation commission in the Selma Junction case today. The old Selma and Justice Davis representing the Atlantic Coast Line. This case went against the commission in Wake Superior court, the state appealed. The railway broadly contends that the State has no power to regulate such connection to be made as the order of the corporation commission also provided.

A charter is granted the Promoters' Mutual Benefit Association, of Henderson. J. W. G. Gresham and others being the promoters.

here today from Rockingham, where last night he attended a very fine banquet given by the order, at which 800 persons were present. He says the lodge at Jonesboro is to be revived, and that there will be new lodges at Lynn, in Falk county, at Hayesville.

The State labor commissioner finds that there are now in North Carolina 314 textile mills, an increase of 15 over last year; 2,178,904 spindles, an increase of 244,242; 48,200 looms, an increase of 2,300; 2,477 knitting machines and increase of 284. There are 87,553 employees an increase of 7,261 over year ago.

Conference at Work.

Henderson, N. C., Nov. 30.—Conference opened at 9:30 a. m., with Bishop Candler in the chair. The religious services by the bishop were very impressive. His subject was the power of the ministry, its duty and responsibility and heroic work in saving souls. The conference roll was called and 138 answered to their names. W. L. Cunningham was elected secretary, with Assistant Secretaries N. H. D. Wilson, G. T. Simmons, H. G. Stanley, R. H. Broome, R. F. Taylor.

The hour of meeting was 9:30 a. m., and adjournment at 1 o'clock was agreed on. The joint resolutions of the ministers of the town offering their churches for worship and all courtesies necessary was received. The resolutions were adopted. The motion was carried that the presiding elders nominate different committees. A special committee was appointed to take under consideration the divorce laws of North Carolina, Messrs. E. A. Yates, R. F. Bumpas, L. L. Smith compose said committee. Two special committees, one on temperance and Sabbath observance were created.

At The Theatre.

The wide and spontaneous success which met the coming of Archibald Sneyd's high class Moving Pictures on its initial tour of the South, has encouraged the management to respond to the numerous appeals for a reappearance of the Co here. This time, however, we are to be visited by the big No 1 Co, which has previously confined its route to the larger cities of the East.

It is the organization foremost in picture entertainment, having the greatest variety of high grade subjects seen on the stage. No expense has been spared in making this entertainment the first of its kind in the country, and the warmth of the welcome given in the East has proven to the management the merit of presenting the best of its kind on earth.

The Journal acknowledges the receipt of an invitation to the inauguration ceremonies of Prof. J. A. Blyvis as head master Park School, Friday evening December 9th, at Durham.

AS GOOD AS A BANK.

F. B. Duffy, Gives Bond That M-I-O-a Will Cure or It Costs Nothing.

If M-I-O-a does not cure you of dyspepsia or any form of stomach trouble, it will not cost you a cent. When you buy the remedy from F. B. Duffy, have him sign the following bond, just as good as a bond issued by any bank, stating definitely that the money will be refunded if M-I-O-a does not cure.

GUARANTEE BOND.
I hereby agree to refund the money paid for M-I-O-a on return of the empty box, if the purchaser tells me that it has failed to cure indigestion or stomach troubles. This guarantee covers two 50c boxes, or a month's treatment.
(Signed) F. B. Duffy.

M-I-O-a acts upon an entirely different principle from any other remedy for dyspepsia. It mixes with the food you eat, helps it digest, strengthens the nerves of the stomach and gives health to the whole digestive system. Instead of the dose being increased from time to time, it is gradually lessened until after all digestion has been restored and you are actively well.

Begin the use of M-I-O-a today with the signed promise of F. B. Duffy, that it will cure you nothing unless it cures. The medicine is to be paid for by the money you save, usually with one and one-half boxes.

DISFIGURED WITH ECZEMA

Under Physicians Five Months. Went from Bad to Worse.

CURED BY CUTICURA

Wonderful Change in One Night. In a Month Face Was Clean as Ever.

"I was troubled with eczema on the face for five months during which time I was in the care of physicians. My face was in such a condition that I could not go out. It was going from bad to worse and I gave up all hope, when a friend of mine highly recommended Cuticura Remedies. The first night after I washed my face with Cuticura Soap and used Cuticura Ointment and Cuticura Resolvent it changed wonderfully, and continuing the treatment it removed all scales and scabs. From that day I was able to go out, and in a month my face was as clean as ever."
THOMAS J. BORTH, 217 Stagg St., Brooklyn, N. Y.

The above letter was received in 1898 and he again writes us Feb. 19, 1903, "I have not been troubled with eczema since."

The agonizing itching and burning of the skin as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of scalp, as in scalded head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants, and anxiety of worried parents, as in milk crust, tetter and salt rheum—all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment and Resolvent are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy have made them the standard skin cures of the civilized world.

Sold throughout the world. Cuticura Resolvent, 50c. in form of Cuticura Coated Pills, 25c. per box of 50. Cuticura Soap, 25c. per box. Cuticura Ointment, 50c. per tin. Prepared by J. C. Ayer & Co., Lowell, Mass., U. S. A. Put up in 1/2 lb. boxes. Price 1/2 lb. boxes, 50c. 1/4 lb. boxes, 25c. 1/8 lb. boxes, 12 1/2c.

News in a Nutshell.

A plan is on foot to locate Italians as laborers in the Southern States.

The oyster industry, which for years flourished and was very profitable in the waters of Virginia and Maryland, being now on the decline, the General Government has decided to send the Fish Commission steamer Fish Hawk to the coast of Texas to begin a series of exhaustive examinations into the culture of oysters along the Gulf of Mexico.

Admiral Dewey has declined to serve on the Digger Bank Inquiry Board.

An outlet for rail for the greatest peanut market in the world, at Smithfield, Va., is to be given by the establishment of a new electric road between that place and Wakefield, on the main line of the Norfolk & Western Railroad's Virginia Division.

E. S. Raynard, one of the proprietors of the Gerke Brewing Company of Cincinnati, who is in the south on business will in all probability locate a branch establishment in New Orleans for the manufacture of malt extract.
