## FINANCES GOOD

For North Carolina As Per Official Reports

### Back From Mexico. Cabbage Planting Experiments. Governor To Honor Requisition. Pardon Granted. Test Fruit Farm Needed.

Raleigh, December 8.—The statement of North Carolina finances given out by Auditor Dixon is a very gratifying one, showing a balance of the general fund of almost exactly \$340,000. The treasurer, however, will have very pressing demands upon him in the next sixty days. This month he will have to pay out \$300,000 for pensions, and in January will be called on for \$200,000 for the public schools and also for \$70,000 interest. He says that before February 1st he will have to pay out at least \$630,000.

Today Dr and Mrs D H Abbott and Messrs Henry and James Litchford returned from Mexico. They were in the large party of Corporation Commissioners and their friends who made a tour of the Mexican railroads. They were everywhere entertained royally, meeting President Diaz and the governors of the various states through which their special train passed.

In the Federal court here there is a case against a woman who is charged with sending obscene matter through the mails, in the shape of advertisements of a medicine. The opinions seem to be that she will not be convicted.

William Dunn of the Board of Agriculture, who is making the tests of the 279 varieties of cabbage, the seed of which were secured by State horticulturist Hume, says they are planted and are growing very well indeed. There are two acres in the plants. Speaking of the cabbage crop in the vicinity of New Bern, Mr Dunn says it looks well and is larger than usual. That is one of the very finest truck growing sections in all the south, and can hardly be equalled anywhere for cabbage growing.

The Board of Agriculture send a committee to St. Louis in October to see the North Carolina exhibits at the exposition. This committee reports to the full board, specially complimenting Commissioner General Herbert Brimley, T K Bruner and State Geologist Holmes for their work in connection with the North Carolina exhibits in the various departments. The mining exhibit was the best the State has ever made. The total expense of the North Carolina exhibits was about \$20,000, of which the State gave half, private individuals and manufacturers contributing the other half. It was a great show for the money.

Governor Aycock is notified that the Governor of Pennsylvania will honor his requisition for Hugh Ridson, who is wanted in Rowan county, on the charge of perpetrating frauds on people there. Ridson was not long ago in the penitentiary at Atlanta, and married there a young woman from Ohio, who became acquainted with him by going to the prison to sing to convicts.

State Auditor Dixon this afternoon completed his statement of the North Carolina finances. For the year ended November 30th, 1904, the receipts from all sources for the general fund were \$7,115,849, with the disbursement \$1,896,694, leaving a net balance of \$5,219,155. The balance on hand December 1st, 1904, was \$120,488, which added to the balance above referred to gives a total of \$5,339,643, which is the largest on record. The balance of the public school fund, derived from the sales of what are known as the swamp lands, December 1, 1904, was \$20,107. The receipts for the year ended November 30, 1904, were \$23,896, the total being \$25,968. The disbursements were \$20,540, leaving a net balance of \$5,428. The net balance of both funds is \$5,449,571. Of the disbursements charged to the educational fund was last year \$28,414, and this year \$35,790, lent to various counties for building and improving public school houses, making the total thus loaned \$119,908. All the loans are secured by county notes.

Governor Aycock today pardoned Andrew Wilson, a white man who shot and killed another in Granville county and was sentenced to ten years imprisonment for murder in the second degree. He had served three and a half years. Judge Shaw specially recommended this pardon.

At the meeting of the State Board of Agriculture today H T Bauman of the Eastern Carolina Fruit and Truck Growers Association made an address, asking the establishment of a test farm for the growing of small fruits, berries and vegetables, at some point in the East to be selected by the board. He presented resolutions to this effect adopted by the association, and spoke in support of them. The board will consider the matter.

### A Costly Mistake

### No Show Last Night

Cowan Brothers, lessees of the New Masonic Theatre, telegraphed local manager, Frank Matthews yesterday that on account of the Mendlesohn Quartette missing their connection at Florence, S C, they would be unable to appear at their concert at New Bern which was to have been given last night.

The concert being on the Lyceum lecture course, Messrs Cowan stated that they would supply an entertainment to take the place of the Mendlesohns and the same would appear here at an early date.

Subscribers holding tickets on this course need have no fear that the full number of engagements will not be given.

### THE EDITOR'S WIFE.

Letter From an Illinois Newspaper Man That is Well Worth Reading.

As a usual thing editors save the good things for the columns of their own newspapers, but the following letter from S H Duncan, editor of the Nation, Ill., independent, shows that there is at least one editor who wants to help others.

He writes as follows:  
To the Editor of the New Bern Journal:

I wish you would print the following and thus help me to do a kindness to your readers. My wife has been a great sufferer with stomach troubles for the past four years, and the last two years practically an invalid. Nothing seemed to help her until I procured a box of Mi-o-na, nature's cure for dyspepsia. This gave her so much relief that she continued using the remedy until now she enjoys her meals, is relieved from all pain in her stomach and has increased in flesh.

I hope you will publish this letter, for I think there is no remedy for stomach trouble equal to Mi-o-na, and the more wide spread its use becomes, the more good will be done to humanity.

S H DUNCAN,  
Editor of Independent.

F B Duffy has the local agency for Mi-o-na and his faith in its merits equals Editor Duncan's. He in fact, offers to pay for Mi-o-na in any case where it does not give satisfaction. No stronger endorsement of the merits of the remedy can be given than this, that a local drug firm is willing to sell a medicine on his own guarantee to refund the money if it does not cure stomach troubles and increase flesh.

## BABY QUIRK'S QUICK CURE

### Of Torturing Eczema by Cuticura

### When All Else Had Utterly Failed.

"My baby, Owen Herbert Quirk, was afflicted from the age of six weeks with a loathsome running eczema, almost covering his face. I took him to Dr. ——— and ——— of Victoria Road, Aldershot, and he was treated by them for three months, but got much worse, and was a sickening sight to look at. I saw an advertisement of the Cuticura Remedies, and got the Soap, Ointment and Resolvent.

"We noticed an improvement at once, and within a fortnight the running had ceased and the scales were nearly all dried off, and in a month his face was perfectly clear, not a spot left. I have enclosed photograph of him when he was thirteen months old. He is now two years and four months, and has never had the slightest return of it. I am very grateful for the benefits derived from your remedies, and shall feel it a pleasure to make their value known. For corroboration of this statement you may refer any one to Mrs. Williams, 45 Michaels Road, Aldershot, or Mr. Gunstane, 40 Victoria Road, Aldershot, to whom we recommended the remedies for a skin humor, which they also cured. You are at liberty to do what you like with this statement, as I should like all to know of the value of Cuticura."

### A Card to the Public.

Owing to the similarity in names of The Great Barlow Minstrels and another touring the country, the management of the above company wishes to notify the minstrel loving people of this city that, The Great Barlow Minstrels have toured the country since the year of 1878 and have never had in any way shape or form any connection whatever with an organization that is at the present time touring under the title of Barlow and Wilson. Owing to the similarity in names, the public are cautioned, thus enabling them to judge for themselves as to the merits of the organization. The Great Barlow Minstrels appear in this city at the New Masonic Theatre next Tuesday, one night only, with J A Coburn as Manager and owner. Any company appearing under similar title without Mr Coburn or his name on printed matter are impostors.
