STANDING TOGETHER

Reports From Different Counties of Cotton Farmers.

Bad Weather. Pinehurst Opens next Month. Request For St. Mary's Great Poultry Show. Topographical Work in State.

Raleigh, Dec 19.—The bad weather has done much to check the holiday trade here. The snow still covers the ground and the roads are heavy.

Secretary Parker of the State Farmers Alliance finds that the meetings of farmers were held in all the cotton growing counties last Saturday, and as a rule the attendance was large. Here in Wake it was remarkably large. The farmers seem to be standing very solidly together.

General Manager T B Collier of Pinehurst was here yesterday and say the Carolina Hotel there will re-open on the 9th of January. Pinehurst, now one of the most popular resorts in the United States will again be crowded with visitors from the north. A great many of whom have engaged rooms, while many are already at the place, at other hotels and cottages.

Miss Eleanor Clement of Philadelphia was a pupil at St Mary's Female College here where her mother was for years a teacher. By her will Miss Clement bequeaths to St. Mary's \$5,000 for the purpose of founding a scholarship in memory of her mother, and also leaves a residuary in trust in her estate.

The poultry show which is to be held in the Agricultural building here January 10th to 13th is to be one of the largest affairs of the kind ever seen in this State. Many choice birds from Georgia, Virginia, North Carolina and Tennessee will be on show and among them some Tennessee birds which won first prizes at the St. Louis Exposition.

The report of State Geologist Holmes to the geological board, covering the work for the two years ended November 30th says a great deal of work has been done in connection with the good roads movement and many public meetings held. The road engineer of the survey, W L Spoon attending these and visiting the various counties, giving instruction and advice. In a number of counties in the middle section and the west and in New Hanover work has developed in the way of grading properly, locating and macadamizing. Dr Pratt the mineralogist has prepared two reports, one on mining, the other on the deposits, and the building stone resources of the State have been investigated by George P. Morrell of the National Museum and two assistants. The topographic survey of the State has continued by the United States and of the 58,000 square miles about 21,000 has been mapped under the direction of H M Wilson. The United States bureau of forestry and State survey had co-operated having made a careful examination of the mountain forests and has done much to arouse sentiment for a permanent national reserve. The examination of the forests of the eastern counties is being arranged for and is soon to be pushed. The oyster survey and investigation of the fisheries and oyster beds has been continued by the Government. Legislation is needed to prevent the catching of shad at the river mouths.

He is accompanied by Miss Elms Lardo, the famous cow girl rifle shot and musician.

The Commercial Appeal, Memphis, Tenn.—"Gilbert Walden, the Cowboy Orator and noted elocutionist, gave a splendid entertainment here. It was replete with songs and music and touch and humorous stories of the Old South. His rendition of 'The Bell' is wonderful. James City Negroes Pardoned

The nine James City negroes convicted of assault with intent to kill Deputy Sheriff Stocks in the Spring term of Superior Court, arrived in the city Sunday morning having been pardoned by Governor Aycock. Deputy Sheriff Cox went to Snow Hill where they were at work on the road, with the papers containing the pardon and presented them to the officer in charge, who forthwith released them.

The serpent for which these men were serving time was particularly atrocious and Judge Moore gave them the extent of the law for their punishment. They have been under conviction about six months. The average sentence was one year.

With Memories of 1862—4

Mr Frank Baldwin of New York and Major Pillsbury of Boston, were in this city, yesterday. These gentlemen were here during 1862—1864 coming with the Federal army, they were in the Forty fourth Massachusetts regiment.

Mr Baldwin has been here three times since leaving in 1864. It was the Major's first visit. In the role of a private citizen. The war landmarks have about all disappeared, but Mr Baldwin was able to get a box of pictures of the houses in which he was quartered forty two years ago.

ECZEMA

The World's Greatest Skin Humour.

Affects Every Age and Condition.

The Only Sure Cure is Cuticura.

If there were not another external skin disease known, eczema would be a sufficient infliction on mankind. It pervades all classes, and descends impartially through generations. While some are constantly enveloped in it, others have it confined to small patches in the ears, on the scalp, on the breast, on the palms of the hands, on the limbs, etc., but everywhere its distinctive feature is a small watery blister, which discharges an acrid fluid, causing heat, inflammation, and intense itching, scaling and crusting.

The Cuticura treatment is at once agreeable, speedy, economical and comprehensive. Bathe the affected parts freely with hot water and Cuticura Soap, to cleanse the surface of crusts and scales, and soften the thickened cuticle. Dry, without hard rubbing, and apply Cuticura Ointment to allay itching, irritation and inflammation, and soothe and heal, and, lastly, take Cuticura Resolvent, or Pills, to cool and cleanse the blood. This treatment affords instant relief, permits rest and sleep in the severest forms of eczema and other itching, burning and scaly humours, and points to a speedy, permanent and economical cure of torturing, disfiguring humours, eczemas, rashes and inflammations, from infancy to age, when all other remedies and the best physicians fail.

Send throughout the world. Cuticura Resolvent, 25c. (in form of Chocolate Coated Pills, 50c. per box of 50). Cuticura Soap, 25c. per box. Cuticura Ointment, 25c. per tin. Paris, 3 Rue de la Paz; Boston, 127 Columbus Ave. Trade Marks & Chem. Coys. Sole Proprietors. Send for "How to Cure Eczema."

FOR NEW BOAT LINE

New England Man Here Favorably Impressed

Mr H W Mowry, Vice President and Traffic Manager of the Commercial Steamship Company, of Providence, R I was in New Bern, yesterday, and looked into the situation of establishing a steam boat line between this city and Elizabeth City, to make connection at the latter place so that business can be carried through to northern points, with good passenger and freight connections both ways.

Mr Mowry met a number of the leading merchants here, and talked over the prospects of his putting a steamer on, and he was given assurances that he would have plenty of business. He said he had an iron hull steamer of 350 to 400 tons which could be put on this route, and after looking after dock room which was guaranteed him, he spoke most favorably of the outlook for a boat line, and said he would be back next month, to see what was needed in getting the service established.
