Top of Head Covered with Scales Which Peeled off Taking Hair with Them.

CURED BY CUTICURA Hair and Clean Scalp. Cure Permanent.

"My baby was about six weeks old. when the top of her head became covered with thick scales, which would peel and come off, taking the hair with it. It would soon form again and be as bad as before. I tried several things and then went to the doctor. He said and then went to the doctor. He said it was Eczems, and prescribed an ointment, which did not do any good. A friend spoke of Cuticura Soap. I tried it and read on the wrapper about Cuticura Ointment as a remedy for Eczems. I bought a box and washed her head in warm water and Cuticura Soap and gently combed the scales off. They did not come back and her hair grew out fine and thick. She is now a year and a half old and has no trace of Eczema."
