CLEANSSES THE BLOOD

BUILDS UP THE SYSTEM

THE ONE THAT CURES WHEN OTHERS FAIL

Rheumacide

Is the most powerful and efficient blood purifier in the world. It sweeps out all the impurities and poisonous germs that cause RHEUMATISM, LIGRIFFE, GOUT, LIVER AND KIDNEY TROUBLES, BILIOUSNESS, CONSTIPATION, INDIGESTION AND CONTAGIOUS BLOOD POISON. Improves the stomach, builds up the entire system. Al Field, the famous minstrel; Hon. J. P. Gibson, the South Carolina legislator, and hundreds of others testify that it **ABSOLUTELY CURES**.

QUEER SUPERSTITIONS.

Some Medicines, Cures and Causes of Various Generations.

A sure cure for the ague, according to an old-time recipe, was to rub a live snake on the patient and then eat it. The late Vincent Stucky Lane, who died in England after spending much of his life in the collection of folk lore, gives many other instances of the medicines of former generations. To rub a dried mole to powder and to swallow as much of it as would lie on a shilling for some days in succession was another cure for ague. A hare's foot carried on the person prevented colic, eels applied to the ears were a specific against dizziness, and epilepsy yielded to a gentle treatment of toadstools gathered just as they were forcing their way through the ground and swallowed in claret at midnight. There were many ways of curing fits, but the simplest plan was to go into a church at midnight and walk three times round the communion table. A snake's skin worn round the temples was good for the headache, but if that failed the sufferer might try moss grown on a human skull, then powdered and taken as snuff.

Whooping cough could never be caught by a child who had ridden a bear, but if no bear was handy the child might be soundly thrashed or drawn backward through a bramble bush. The subject of signs and omens fills a number of pages of Mr. Lane's five volumes. Under the heading "Good and Ill Luck in Marriage" he shows on how trifling a matter the marital happiness or unhappiness of our ancestors could turn. It was unlucky, for example, to receive a present of doves, to marry on the anniversary of birth, to tread on the tail of a cat, to put on one's stockings wrong side out or to try the wedding ring on before marriage.

On the wedding day the happy couple had to redouble their vigilance, as a horse looking at them through a gateway, a pig running across their path on the way to church, a dog running between them or the clock striking during the ceremony might wreck their happiness. For the bride to look in the glass after she was attired in her wedding finery was sure to bring ill luck. On the other hand, it was lucky to be followed by a strange dog when going courting, to be touched by the wing of a bat or for the bride to hear a cat sneeze on the eve of her wedding.

Ten Thousand Churches Painted With L & M.

There is not much money lost in buying one pint of ready mixed paint, but when a quantity is needed, then its big loss to buy any ready mixed paint. The Longman & Martin's L & M Paint is semi-mixed, and quickly made ready for use as follows: to four gallons of the L & M at \$1.85 per gallon, add 8 gallons of Linseed Oil at 50 cts per gallon, thus making 7 gallons of paint for \$3.10 or \$1.16 per gallon. Wears and covers like gold.—Sold by Hymas Supply Co.

CHOICE MISCELLANY.

Remembering a Freshman.

A University of Pennsylvania freshman, followed by a strapping sophomore strolled into the buffet of a Broad street hotel the other day. The freshman slowly walked to the bar and then turned to his companion, who stood several feet behind. "Tell the man what you need," commanded the sophomore imperatively. The freshman sheepishly said to the bartender, "A glass of milk, please." While a dozen men looked on the freshman drank about half the milk. "Drink the remainder," said the sophomore. The freshman gulped it down. "Now, what should you do to show your respect and admiration for the lords of the sophomore class?" asked the sophomore. "You know what you have been told," said the freshman. "Buy the grand man a very good cigar," the freshman replied. "And what should you smoke?" queried the sophomore. "Oh, nothing," was the hesitating reply. "Smoking isn't good for the health of children; it prevents their mental and physical growth, and then they would never get to be big." The cigar was purchased, and turning to the amused crowd, the freshman solemnly said, "My, but the sophomores are great!" Then he wheeled and marched away in front of the sophomore to another hotel, where the same scene was rehearsed.—Philadelphia Record.

THE SECRET OF SUCCESS.

Forty million bottles of August Flower or sold in the United States since its introduction! And the demand for it is still growing. Isn't that a fine showing of success? Don't it prove that August Flower has had unflinching success in the cure of indigestion and dyspepsia—the two greatest enemies of health and happiness? Does it not afford the evidence that August Flower is a sure specific for all stomach and intestinal disorders?—that it has proved itself the best of all liver regulators? August Flower has a matchless record of over thirty-five years in curing the ailing millions of these distressing complaints—a success that is becoming wider in its scope every day, at home and abroad, as the fame of August Flower spreads. Trial bottles 35c; regular size 75c. For sale by all druggists. F. S. Duffy.

Potato of the Future.

The new potato is purplish green in color and is said to be far superior to the common "Irish" tuber both in flavor and in yield that it is destined to drive all competitors out of the market. It comes from the banks of the Mercedes river, in Uruguay, and is probably the result of a happy horticultural accident. Claim is made that it is immune to the diseases that ordinarily afflict potatoes, but whether or not it can resist the operations of the predatory potato bug is not stated.

There is no vegetable to the improvement of which more attention has been devoted than has been bestowed upon the potato. It has been mainly, however, for increasing the size of the tuber and to augment the yield. Flavor has been almost wholly ignored, and as a consequence the potatoes of today have less flavor than those which our grandfathers ate fifty years ago. Furthermore, all of the market varieties taste pretty much alike, whereas formerly there were recognizable differences.—Philadelphia Post.

The Key That Unlocks The Door to Long Living.

The men of eighty five and ninety years of age are not the rotund well fed, but thin, spare men who live on a slender diet. Be as careful as he will, however, a man past middle age will occasionally eat too much or of some article of food not suited to his constitution, and will need a dose of Chamberlain's Stomach and Liver Tablets to cleanse and invigorate his stomach and regulate his liver and bowels. When this is done there is no reason why the average man should not live to old age. For sale by all druggists.

A Famous Timekeeper.

The world's best timekeeper is said to be the electric clock in the basement of the Berlin observatory, which was installed by Professor Forster in 1905. It is enclosed in an air tight glass cylinder and has frequently run for periods of two or three months with an average daily deviation of fifteen thousandths of a second. Yet astronomers are not satisfied even with this, and efforts are continually being made to secure ideal conditions for a clock by keeping it not only in an air tight case, but in an underground vault, where neither changes of temperature nor of barometric pressure shall ever affect it.

Sulphur in Liquid Form

Modern Science Triumphs

Chemists Astonished! Doctors Amazed!

Everyone remembers the sulphur and molasses of childhood. You hated the dose, but it did you good. But you had to take a whole lot to get any benefit, because very little of it could get into your blood and system. Now, at last, a chemist has found a way to liquify sulphur—to make it soluble—so that it is instantly absorbed by the skin and blood. This marvelous discovery is called

HANCOCK'S Liquid Sulphur

Just think of it! Chemists show us that every part of the body contains sulphur—needs sulphur. Sulphur is Nature's greatest purifier. Where sulphur goes disease is destroyed. Hancock's Liquid Sulphur cures Eczema, Pimples and all Blood and Skin Diseases.

Baltimore, April 7, 1904.

Hancock Liquid Sulphur Co., Baltimore, Md.

Gentlemen—I wish to testify to the merits of your LIQUID SULPHUR and LIQUID SULPHUR OINTMENT. I am a police officer stationed at Baltimore and Charles Street, and all my friends and many others know that I have long suffered with a bad case of Eczema of the palms of my hands and have had to wear gloves all the time. I was under treatment by eminent physicians for a long time without success. Last summer your Liquid Sulphur and Ointment were recommended to me and I began its use. My hands improved from the first application. After about a week's trial I went to the Johns Hopkins Hospital to have my hands treated with X-rays. At the hospital I was advised to continue the use of the Liquid Sulphur and Ointment, as it seemed to be doing my hands much good. Under their advice I continued to use the Liquid Sulphur and Ointment for six weeks or two months, and at the end of that time my hands were cured, and they are as good as anybody's. I have used the Sulphur constantly in my family, and it is excellent, also, for the bath, for sore and tender feet and for any chafed or sore places. I cannot recommend your Liquid Sulphur and Ointment too highly. Yours very truly
JOHN T. CARROLL.

MAKES YOU WELL ALL OVER.

Remarkable Result Wrought by the Wonderful Rheumacide.

At last a remedy has been discovered that absolutely cures Rheumatism, Catarrh, Indigestion, Constipation, Liver and Kidney troubles and Contagious Blood Poison. It accomplishes this by cleansing the blood of all the germs that cause these diseases, toning up the stomach and Liver and building up the entire system.

Here is a typical letter taken from hundreds that bear similar testimony:—

Baltimore, Md., Feb 1st, 1904.
BOBBITT CHEMICAL COMPANY,
Proprietors Rheumacide, Balto, Md. Gentlemen:—

"Three years ago I was stricken with inflammatory rheumatism. During that time I suffered excruciating pain, principally in my lower limbs. My joints were stiff, swollen and inflamed. I could not straighten my arms or legs. Your wonderful cure, RHEUMACIDE, was recommended to me and I began to take it according to directions. In a short time I began to experience the greatest relief. The soreness and stiffness was soon gone and I certainly feel thankful. Rheumacide has done me more good than all the other medicines and Doctors' prescriptions which I tried. I found that Rheumacide acted well on the Kidneys and bowels, and I believe it will cure any case of rheumatism or blood disease. I now have perfect use of myself, can work and walk as well as ever, and I attribute my cure entirely to the use of RHEUMACIDE. My friends and neighbors marvel at the change in my condition.

I send you this testimonial of my own accord, without solicitation, and will cheerfully recommend your medicine to all who may write or call on me concerning this letter and the benefit I have received. I am a widow and reside at the address given below."

Yours thankfully,
MARY BATES WEBB,
407 W. Saratoga St., Balto. Md.
