## ONLY INAUGURATION

Takes all Time and Attention of Raleigh.

Grand Lodge Masons Adjourn. Some Legislative Problems. Gen T H Bain Convalescing. Good Attendance at Cotton Convention: Her Greater Than Cotton.

Raleigh, January 12--The Grand Lodge of Masons ended its annual communication about noon today, the event today being the installation of the Grand officers, all the latter having been elected by acclamation, a very marked and unusual compliment. Past Grand Master Haywood I Clark as grand marshal. Ten Past grand masters were present and nearly six hundred Masons were in attendance during the communication, the largest number ever known. The meeting was characterized by past grand master Cotton as the largest and most harmonious ever held. All the Masons hope to have the next communication in the Temple.

Everybody today talked about the inauguration, and particularly about last night's reception and ball. The reception was simply magnificent. For the ball four times as much space is needed, and the hundred couples who danced found themselves very much crowded. Gov. Glenn arrived at his office at 10 o'clock, and exhibiting his right hand: "Now you can see what a reception and the handshaking mean, you see the skin is gone on my little finger for a space of nearly two inches. But I enjoyed every moment of the ceremonies and I want to emphasize my appreciation of the splendid reception arranged by the citizens of Raleigh and the Legislature. I have never seen anything so fine, and I owe and give heartfelt thanks for it."

The Legislature will now settle down to work, and has some rather interesting questions before it, for example, the establishment of a reformatory, the enlargement of the Insane Asylum and of the Soldiers' Home, better provision in the way of pensions, an appropriation for a fire proof Hall of Records and History, besides some minor things really of importance.

Lieutenant Governor Winston presided over the Senate today, with much grace and ease. Like all Winstonians he is a live wire and apt at everything. A big bouquet adorned his desk and he had to do a lot of handshaking. Members of the National Guard of this State will be very glad to know the Veteran Inspector General Col T H Bain, who has been very ill at Goldsboro is convalescing and will soon be out. It is expected he will be able to make the spring inspections, on which tour Col. Woodruff, U S A, will accompany him. The new Adjutant General, Thomas R Robertson was in his office today, talking with his predecessor, General Royter, who laughed and said he had now become a private.

The Cotton Growers are very greatly pleased at the magnitude of their State Convention held here yesterday evening beginning at four o'clock and ending at a very late hour. There was a fine attendance from the various counties. It is thought that the union of the merchants with the growers is a very strong point. It is stated that unless prices advance some of the country merchants will fall in business, owing to inability to collect debts due for supplies, but no doubt in such emergencies the larger merchants and indeed farmers themselves will go to the limit to aid such merchants. It is felt that this is a supreme test of the North Carolina farmers.

The State Poultry Show, in progress here, is very much finer than any ever seen before in North Carolina, but the general public has not realized its importance. The average North Carolinian is either not a thinker or else does not know that the hen is worth as much as cotton--in other words that the hen and her product are worth as much to the State as the cotton crop. If such people will look into the figures they will be amazed. If they would devote their eyes more to the hen and less to cotton, they could now be giving the laugh to the speculators, and incidentally wearing diamonds and that sort of thing. Some day, perhaps, they will begin to think.

State Shellfish Commissioner Webb of Morehead City is here and says the oysters this year are very good and abundant and that the price is very satisfactory averaging thirty cents a bushel at the best, not many are going out of the State. And he has found no infraction of the law. The Atlantic Baytha boat, is doing the patrol work this season.

Constipation and piles are twins. They kill people back by back, sap life away every day. Hollister's Rocky Mountain Tea will positively cure you. 50c each or pay 25c each. Tea or Tablets. F B DAY.

The Oaks Market will sell best Cuts of Pork hereafter at 12-13 cents per pound.

## THURSDAY'S LEGISLATURE.

Some of Leading Bills Introduced.-- Special Committee on Liquor Traffic--To Find Number Insane Persons in Jails.-- Educational Qualifications--For Factory Children.

Special to Journal. Raleigh, Jan 12.--In the Senate a resolution was introduced, looking to the material reduction in number of employees. Bills were introduced to permit married women to make contracts; to repeal the merchants purchase tax in accordance with the suggestion of the State Auditor, and to better protect crops.

The House resolution was adopted, providing, to give one hundred copies of the new revised statute to private persons the latter to examine them and make recommendations thereon to the code committee, such information being considered necessary.

A special committee on liquor traffic was created, the House having taken similar action. A bill was introduced to provide an inspector of tan bark. A resolution was adopted creating a committee to ascertain the number of insane persons in jails, McQueen, Etheridge, White, West and Bowman appointed. A bill was introduced to prescribe certain educational qualifications, and make other regulations for children working in factories, especially cotton mills. This embodying some recommendations in Gov. Aycock's message.

## Knights of Harmony.

At the regular meeting of Graven Lodge, No 1 Knights of Harmony, held in their Hall on Pollock St, January 11th 1905, the following officers were installed by D G I O., J J Tolson, for a term of six months:--

S R Ball--President.  
A R Willis--Vice-President.  
H C Whitehurst--Counsellor.  
Thos Clark--Chaplain.  
J H Smith--Recording Sec'y.  
R R Hill--Financial Sec'y.  
J W Biddle--Treasurer.  
H H Tooker--Marshal.  
H B Holland--Sentinel.

The following officers appointed by President are as follows:--  
John P. Hall--Asst Marshal.  
Geo D. Gardner--Examiner.  
J J Tolson } Finance  
H B Holland }  
C J Brinson } Committee.

After the installation services were concluded the Lodge was entertained in an inspiring, well timed and very interesting address by Pres. Ball, after which the routine business of the session was concluded.

There was a large attendance of members present and the signs are that the members are taking more interest in the Order than ever before, and the great number of applications for membership that are being initiated goes to show that the Knights of Harmony is an established fact, and is fast becoming to be a factor, as well a great benefactor in this community.

President Ball succeeded himself to the high office of President on his merits. He is efficient and courteous, and has made the principles and work of the Order a special study, which goes to make up an all around officer.

Short speeches were made by Messrs Forrest, Biddle, Tooker, Smith, Barrington, Whitehurst, Holland and others after which the reports of the Financial Officers were read and received, and the Lodge was closed in usual form.

## BABY'S FACE MASS OF SORES

Ears Looked as if They Would Drop Off--Body Entirely Covered with Humor--Three Doctors Could Not Cure--Child Grew Worse.

## CURED BY CUTICURA IN TWO WEEKS

Mrs. George J. Steess, of 701 Coburn St., Akron, Ohio, tells in the following letter of another of those remarkable cures of torturing, disfiguring skin humors daily made by Cuticura Soap, assisted by Cuticura Ointment, after physicians, and all else had failed: "I feel it my duty to parents of other poor suffering babies to tell you what Cuticura has done for my little daughter. She broke out all over her body with a humor, and we used everything recommended, but without results. I called in three doctors, they all claimed they could help her, but she continued to grow worse. Her body was a mass of sores, and her little face was eaten away, her ears looked as if they would drop off. Neighbors advised me to get Cuticura Soap and Ointment, and before I had used half of the cake of soap and box of ointment the sores had all healed, and my little one's face and body was as clear as a new-born babe's. I would not be without it again if it cost five dollars, instead of seventy-five cents, which is all it cost us to cure our baby, after spending many dollars on doctors and medicines without any benefit whatever."

## SLEEP FOR BABIES

Rest for Mothers. Instant relief and refreshing sleep for skin-tortured babies, and rest for tired, fretted mothers, in warm baths with Cuticura Soap and gentle anointings with Cuticura Ointment, the great skin cure, and purest of emollients.
