We Thank You All.

You want to thank all our friends for the magnificent success of our Second Great Annual Clearance Sale just closed; it was the greatest trade event ever had in our progressive little city beyond any doubt. The 10 days were out yesterday, but we have determined to allow the cut prices to hold on all heavy winter stock until closed—no stock must be carried from one season to the next in this store—we were heavily stocked on winter Shoes, Underwear, Clothing, Overcoats, Ladies Cloaks, and Dress Goods. The cut prices hold good on all these Stocks to Feb. 15th.

During such a rush and bustle incident to such an enormous business, it is inevitable that a great many remnants, and odd pieces must have accumulated. We shall go through the entire stock tomorrow and clean out every short piece and odd thing in the house and place them on the bargain counter at a price to clean them out in a day. This week's buyers will reap a harvest.

REPUDIATE DELEGATES.

Workmen at St. Petersburg Claim to be Misrepresented.

St. Petersburg, Feb. 6.—The workmen to the number of 4,000 in the car shops here have drawn up a manifesto disclaiming the delegates who were put forward as representing them in the deputation which visited Empress Nicholas at Tsarskoe Selo on Wednesday, February 1. They assert that these men were selected by the employers, and were not representatives of the workmen. The employees of one or two other factories may follow suit, but the workmen in general are inclined to stand by the deputation.

There were a few slight collisions between Lessner's workmen and the police guarding the factory yesterday. Poland, however, continues to be the storm center of the disturbance. Though the strike has ceased in some establishments, it has assumed a more important phase by its extension to the great coal mines and sugar factories; and three more governments have been placed under martial law. Police and Cossacks have had to break up a number of demonstrations and quell disorders; but as yet there has been no repetition of rioting on the scale of the first collision. Strikers in Tiflis and other parts of the caucuses are frequent and the present one does not attract much attention, except as bearing on the general situation in Russia.

The rumor as to General Kuropatkin's retirement is generally discredited.

Cures dizzy spells, tired feeling, stomach, kidney troubles. Makes you well and keeps you well. That's what Hollister's Rocky Mountain Tea will do. 35 cents, Tea or Tablets. F. S. Duffy.

WINTER KNOWS NO SECTION.

Charlotte Observer. Talk about wiping out sectional lines. When a blizzard like that of the last three days extended to the Gulf of Mexico we feel indeed that the Lord intended us to be one people. Mason and Dixon's line is assuredly not the Tropic of Cancer. Next summer we shall be reminded that it is not the Arctic Circle, either.

WANTS OYSTER PROTECTION.

Fishing Gazette. Mr. J. N. Whitehurst writes as follows regarding oyster conditions in North Carolina: "If every Tom, Dick and Harry come down with their vessels after dredging is over in Virginia and Maryland and pay no taxes, take charge of the beds in North Carolina, I don't think it just. If one of our vessels should go in the waters of the above named states and throw a dredge, in less than 48 hours the vessel would be locked to a wharf, and the captain would look from behind prison bars. Then if other states protect their citizens, why not North Carolina? We need a law that will allow our boats to dredge through the month of April in upper part of Pamlico Sound and compel every vessel to be owned by citizens of the state for so many years."

COLD FOR FIGHTING.

With Moderation in Weather Japanese Will Advance in Manchuria.

St. Petersburg, Feb. 6.—According to General Kuropatkin's latest reports, which indicate the wounding of a third Russian general, the operations at Sandan and the fighting at Shakhov have been momentarily suspended.

The Russians successfully repulsed the latest attack of the Japanese eastward with heavy losses. The cold is still intense, there being 26 degrees of frost. There are indications that the Japanese are preparing to break the ice activity on their own account as soon as the weather moderates.

DOG TAX BILL FINALLY GETS PRESENTED.

Senate Committee Report Unfavorably on Corporation Commission Bill of Foushee. School Appropriation Bills. Applicants for Attorneys License. Three Inches Snow.

Special to Journal.

Raleigh, Feb. 6.—Bills were introduced in Senate to prohibit dealing in futures; to provide a short form of crop lien. A bill passed to allow Dare county to levy a special tax. A resolution was adopted urging Congress to make an appropriation for the improvement of the upper Cape Fear River. Bills were introduced in the House to abolish the North Carolina geological survey; to require county surveyors to keep records of all surveys; to allow the Camden Ferry company to build a bridge across Pasquotank river, to establish the Eastern North Carolina Normal College for Women; to repeal the law taxing agents who take laborers from the State; to encourage sheep husbandry by taxing dogs. Regulating the fees of magistrates in Currituck county. A bill was tabled increasing the jury tax to \$5 in civil and criminal cases. Ehringhaus bill to establish a Normal Woman's School for Eastern N. C. carried ten thousand dollars annual appropriation for support, and \$25,000 special appropriation for buildings. A bill of the A. & M. College calls for \$35,000 annually for support, \$35,000 special for a laboratory and \$20,000 for a heat, light and power plant.

After argument by railroad attorneys the Senate committee reported adversely on Foushee bill giving the Corporation Commission power to order railroads to repair road beds, bridges or equipment, which investigation shows to be defective. Foushee was instructed to consult the Commission and prepare another bill.

Three inches snow here and heavy sleet. Very heavy snow in west. 34 applicants for attorneys license before Supreme Court, 4 colored.

Reports of Corporation Commission on banks, shows total to be 198. State Savings and Private. Total resources thirty-two million dollars, a gain of four millions dollars in one year.

WORST IN ATLANTA'S HISTORY.

Atlanta, Ga., Feb. 5.—Never before in the history of Atlanta has the ice king held such a grip on the city as he has tonight. Traffic is completely at a standstill, the street car service closing down at night fall. The entire electric light service except that in the immediate center of the city, is dead.

It has been either sleeting or raining since Friday afternoon, a heavy rain falling and freezing as it fell this afternoon. Tonight three inches of solid ice covers the streets. The telephone and telegraph service is badly crippled. Every wire between here and New Orleans is down.

DIVORCE BILL JUST PASSED.

Special to Journal.

Raleigh, N. C., February 6th.—By a vote of eleven to ten the house Judiciary Committee reported favorably the divorce bill. The abandonment clause provides that unsupported testimony of plaintiff shall be insufficient to secure divorce. The bill as agreed on contains seven causes. The present law has six for divorce.

FOR WOMEN AND WOMEN ONLY

Much That Every Woman Desires to Know About Sanative, Antiseptic Cleansing and the Care of the Skin, Scalp, Hair, and Hands.

WHAT CUTICURA DOES FOR WOMEN

Too much stress cannot be placed on the great value of Cuticura Soap, Ointment, and Pills in the antiseptic cleansing of the mucous surfaces, and of the blood and circulating fluids, thus affording pure, sweet, and economical local and constitutional treatment for weakening ulcerations, inflammations, itching, irritations, relaxations, displacements, pains, and irregularities peculiar to females. Hence the Cuticura remedies have a wonderful influence in restoring health, strength, and beauty to weary women, who have been prematurely aged and invigorated by these distressing ailments, as well as such sympathetic afflictions as anemia, chlorosis, hysteria, and nervousness.

Women from the very first have fully appreciated the purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy which have made Cuticura the standard humor remedy of the civilized world.

TORTURING HUMOR

Cured by Cuticura.

"I suffered five years with a terrible itching eczema, my body and face being covered with sores. Never in my life did I experience such awful suffering, and I longed for death, which I felt was near. I had tried doctors and medicines without success, but my mother insisted that I try Cuticura. I felt better after the first application of Cuticura Ointment, and was soon entirely well." Mrs. A. Elson, Bellevue, Mich.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Put on a trial. Write for free literature.

MRS. T. L. CRAIG ENTERTAINS.

Gastonian Gazette.

Mrs. T. L. Craig entertained the Tuesday Afternoon Club this week with an elegant violet dinner served in eight courses. The hostess received in a beautiful violet gown. The handsome home was thrown open and lavishly decorated with Parma violets and palms. The game of the evening was Trail, the score cards being hand-painted violets.

The dining room was very attractive with its wealth of hand-painted china cut-glass and silver under the soft glow of the electric lights. On the table were silver candelabra, violet and green candles and handsome violet centerpiece. The place cards were hand-painted violets, the favors were tiny green and violet baskets filled with crystallized violets. The color scheme was carried out in the ices and refreshments, crystallized violets being used in profusion. The guests of the club were Mrs. O. F. Mason, of Dallas and Mrs. E. L. Bain. Mrs. G. W. Ragan won the prize which was the little prose poem on violets written by Mr. I. E. Avery with his portrait encircled in violets.

CHANGES IN REAL ESTATE.

Two tracts of city property were sold by auctioneer S. R. Street at the court house yesterday. The first sale consisted of some property up town situated between George and Bern streets. It was a commissioners sale and was the result of an order from court to sell the property in order to affect a division. John F. Fisher vs Samuel Bryant et al were the parties to the sale. The land was sold to W. P. Metts for \$305.

The second transaction and one of the most important real estate deals that has taken place recently was the sale of the old Slover estate corner of East Front and Union streets. Quite a number assembled at the sale but the bidding was slow only a few participating. It started at \$7500 and was run up to \$10,000, the property being sold to S. W. Smallwood for that price.

A FUNERAL UNDER DIFFICULTIES.

The following special taken from the Philadelphia Record and dated from Laurel, Delaware, shows that there were other cold places on the map last week and that the cold worked many hardships.

Undertaker W. D. Gravenor arrived here today with the body of Mrs. Rebecca McLane, of New Bern, N. C., after an arduous funeral procession from Jalestown, Md., where the woman died. Mrs. McLane weighed about 300 pounds and as all roads are choked with snow, it was impossible to take it to Reed's Grove, Md., the nearest railroad station. Finally the undertaker thought of the frozen surface of the Nantuxke river, which is covered with smooth ice all the way from Jalestown to Laurel. The coffin was placed on skids and easily pushed up the river until near Laurel. It was then loaded on a wagon and brought to the railroad station here. This afternoon it was expressed to New Bern, N. C.
