### THE FLOW OF BILLS

Continue in Legislature. Little of Importance Or Consequence Transacted.

Special to Journal.

Raleigh, Feb. 13.—A petition was presented in the Senate for a law making the marriage of girls under 18 larceny, on the part of the groom. Bills were introduced by Ward, giving the corporation commission power to inspect the physical condition, equipment and management of railways, and power to investigate all arrangements for the public safety and convenience. Bills passed to incorporate the Tuckasee Railway, the Asheville and North ern Railway; to better protect travel in Tyrrell; to require wide tires on wagons in a number of counties; to allow magistrates half fees in certain cases.

But little of importance was done in the House. Bills were introduced to change the time of holding court in Pasquotank county; to allow the board of agriculture to fix the salary of the commissioner; to incorporate Belhaven graded schools; and a resolution asking Congress to enact a law to allow growers of tobacco to sell leaf free from any tax. There was debate on the bill to make it a misdemeanor to give away whiskey on election day within 8 miles of a voting place, it passed with an amendment striking out the words "with intent to influence a voter."

Hundreds of thousands of people use Hollister's Rocky Mountain Tea as a family tonic. If taken this month it will keep the family well all summer. If it fails get your money back. Sects. F. S. Duffy.

### THE PLAY TONIGHT

What Became of Parker, A Farce Comedy Of Much Merit That Will Be Presented Tonight.

What is said to be the cleverest and funniest farce comedy creation of recent date is the play to be produced before the amusement loving public tonight. It will be one of rare and refined fun and the cast given below will be recognized at New Bern's best amateur actors.

The play is put on under the auspices of the Benevolent and Protective Order of Elks and the proceeds will be exclusively for the benefit of the fund. Admission 50 cents to any part of the house. Seats reserved at Waters' store.

### DRAMATIS PERSONAE.

Fred Parker, a dry goods merchant in Chicago—Mr. Albert Willis.  
William Torrence, his partner—Mr. Jack W. Smith.  
Jerome Crowler, a retired business man—Mr. T. C. Daniels.  
James Jones—Mr. Clarence Cooper.  
Mr. Harrison, worth a million and a half—Mr. James B. Dawson.  
Dr. Rogers—Mr. Jack W. Smith.  
Otto, a waiter—Mr. Alfred A. Kiefer.  
Police Sergeant Ripley—Mr. Eugene MacFarley.  
Virgie, Parker's wife—Mrs. J. W. Duguid.  
Mildred, her maiden aunt—Mrs. R. A. Damon.  
Edna Worthy, Crowler's niece—Miss Laura E. White.  
Cora, a maid at Parker's home—Miss Belle Kinney.

The Knights of Pythias Band has accepted the invitation of the "Starliner" and will play the overture and accompaniment between the acts at tonight's performance of "What Became of Parker." This will be a most pleasant feature of the show.

See the Illustrated Star Light at J. C. Durr & Co's store and bring some. Call on more than others and give you the best value.

### NO BONDS NEEDED

As State Has Abundance of Money.

\$437,000 Above Expenses Says State Treasurer. Uninteresting Legislature. Gifts for Hall of History. Weather Very Bad. Decreased Use of Fertilizers.

Raleigh, Feb. 13.—The weather continues very bad in this section, there having been another sleet yesterday, though a small one, rain following last night and a rising temperature taking away most of the snow. The ground is thawed on top, but as yet frozen to a considerable depth.

Members of the legislature state that they have a statement from the State Treasurer to the effect that the receipts for this year and next year, including the balance in the treasury will aggregate, \$4,800,000, and that there will be some \$437,000 in excess of expenses. From this they are urging that no bond issue will be necessary and some of them offered a bet that there will be no such issue. The advocates of a bond issue say it is a necessity. It is also claimed by the opponents of the plan to erect a new building for a Hall of Records that no step of this kind will be taken until two years hence anyway. The policy of delay is a very popular one with some members.

Tomorrow the legislature will have its first night session. The session is considerably more than half over and has certainly been one of the most uninteresting ever held, certainly in the experience of your correspondent.

Today the sub-committee appointed to look into the matter of the continuance of the State Geological Board and Survey met, and State Geologist Holmes appeared before it, very happy to be given an opportunity to show what the survey has done for North Carolina and very full of information on that point. The code commission regarding the geological survey on the ground, it is learned that the law regarding the latter was vague.

It is expected that there will be a very great decrease in the amount of commercial fertilizers used this season, and of course a corresponding diminution in the revenues of the agricultural department. The sales of fertilizers for cotton will very quickly show whether the growers are complying with the terms of their compact to reduce the use of fertilizers at least 25 per cent.

Col. Arthur Lillingston Smith of Charlotte has presented to the Hall of History one of the ammunition boxes used on the Confederate Ram Albemarle, and it has been placed with the other relics of that vessel, which played such an important part in naval operations in this state, until it was sunk.

Major Joseph M. Morehead, the president of the Guilford battle ground company has presented to the Hall of History a superb collection of photographs illustrating the various monuments which adorn the grounds, which by the way are the only ones, so far as Revolutionary battles are concerned, which are properly kept and marked throughout the South. His devotion to the work is a monument to his patriotism and zeal, both National and State.

A bill is to be introduced in the legislature designed to amend the law regarding life insurance, so as to require that the companies shall be responsible for acts and declarations of their agents and that the policies shall be very plainly written, with no claims in small type, which will affect the statements made in the large type—in other words to make the policies entirely clear and to show the cash value, in case such is provided for and to have no cloudy clauses.

### NO TONGUE CAN TELL SUFFERING

From Itching and Bleeding Eczema—Pain Terrible—Body and Face Covered with Sores—Doctors and Medicines Failed.

### ANOTHER WONDERFUL CURE BY CUTICURA

"No tongue can tell how I suffered for five years with itching and bleeding eczema, until I was cured by the Cuticura Remedies, and I am so grateful I want the world to know, for what helped me will help others. My body and face, were covered with sores. One day it would seem to be better, and then break out again with the most terrible pain and itching. I have been sick several times, but never in my life did I experience such awful suffering as with this eczema. I had made up my mind that death was near at hand, and I longed for that time when I would be at rest. I had tried many different doctors and medicines without success, and my mother brought me the Cuticura Remedies, insisting that I try them. I began to feel better after the first bath with Cuticura Soap, and one application of Cuticura Ointment. I continued with the Soap and Ointment, and have taken four bottles of Cuticura Resolvent, and consider myself well. Any person having any doubt about this wonderful cure by the Cuticura Remedies can write to my address. Mrs. Altie Eton, Bellevue, Mich."

### ITCHING ECZEMA And All Other Itching and Scaly Eruptions Cured by Cuticura.

The agonizing itching and burning of the skin, as in psoriasis; the frightful scaling, as in psoriasis; the loss of hair and crusting of scalp, as in scalled head; all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such stands proven beyond all doubt.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Foster Drug & Chem. Corp., Boston, Sole Importers. 407 Grand St. "How to Cure Eczema."

### Legislature Abolishes Pilotage.

Special to Journal. Raleigh, Feb. 13.—The legislative committee of the House, after a week of investigation and debate reported favorably this afternoon the bill repealing compulsory pilotage at the Port of Wilmington, and greatly reducing pilotage charges. Bill was prepared by Wilmington Chamber of Commerce, and was bitterly fought by the pilots association. It received a unanimous vote, after amendments making some concessions to pilots had been agreed on.
