THE BOND SCARE.

South Dakota Will Not Further Any Schemes.

Bill to Force Marking Liquor Packages. Lawyers Alarmed Over Peremptory Challenge Bill. Compulsory Pilotage. Governor Pleas-ed With Bond Matter.

Special to Journal.

Raleigh, Feb. 17.—In the Senate a bill was introduced requiring all packages of liquor shipped into prohibition territory marked so as to show contents. Resolution adopted appointing committee of two Senators and three Representatives to confer with the Governor to protest regarding South Dakota bond judgment, and report to legislature what action, if any, should be taken. Bill to reduce passenger fares to three cents and abolish second class fares discussed made a special order for Thursday.

In House bills were introduced to incorporate Southport & Western railway; to amend code relative to challenges in cases other than capital ones. Bill restricting peremptory challenges to jurors in capital cases to ten for defendant, and four for State came up. Murphy offered amendment to make it twelve. Stewart offered amendment giving defendants closing argument, when killing was admitted, was defeated, thirty-two to fifty-six. Murphy's amendment adopted without division. While vote on these were being taken many attorneys were saying to members in quiet voices, "gentlemen for God's sake allow us something". Bill passed second reading 76 to 27 and third reading.

Bill abolishing compulsory pilotage Cape Fear river passed as reported by committee. It was stated its purpose was to reduce present rate so as to make it equal to that of Savannah as well as abolishing compulsory feature.

Gov. Glenn this afternoon received the following telegram from Senator Overman in response to his letter of yesterday asking Senators Simmons and Overman to ascertain whether legislation was pending in South Dakota to buy more North Carolina bonds in order to bring fresh suits. Senator Overman's reply was as follows: "I am assured that South Dakota will enact no legislation to further the scheme of the bondholders, but that the legislature which was the outcome of those unhappy populist days under which suit was brought, will be repealed". The Governor expressed his pleasure at this, and said it would put an end to the claims of bondholders attorneys that such legislation was pending.

At The Races.

The delightfully successful piece of comedy, "At The Races" was seen last night at the New Masonic Theatre. A large audience greeted the return of this clever comedy company and enjoyed the show immensely.

The Lyman Twins like all persons who have the misfortune to be born double furnished the centre of the comedy and their pale and vivacious made the situations various and ludicrous.

Miss Fatti from the leading lady is pretty and pretty a singer whom we can not forget and her most pleasing way of entertaining.

George Hillman the German comedian is taken the front rank in that line of work that has been seen on the New Bern stage and we do not expect to see any better. His dancing was clever and the pantomime features that were enjoyed so much as any.

WILL CONTEST PERPETUAL CHARTER

Senators Ward And Arendell Very Much Opposed To The Measure.

Howland Down And Out Of The Management Of The Atlantic And North Carolina Railway.

The extension of the charter of the A. & N. C. railway is a subject which will be taken up next Monday in the legislature and there are prospects that there will be a long and hard fight. The measure is one to which the people in this section of the State are unalterably opposed and if it become a law it will only be so after one of the hardest contests that has been in the legislative halls for some time. Senator Aaron of Wayne county is the introducer of the bill which was framed by W. C. Munroe, attorney for the road.

Senators Ward and Arendell who represent the people living on most of the line of the A. & N. C. railway except such part as is built in Wayne county, are both opposed to the measure and they stand for the wishes of their constituents.

In a conversation, Mr. Ward said that there was no haste for action in this matter. The present charter of the road has 47 years to live and there are yet 23 legislatures before it can become now operative.

HOWLAND'S INTERESTS SOLD.

R. S. Howland, the capitalist who engineered the deal whereby the lease was obtained has got rid of his interest in the road. It does not appear whether he was an agent of other parties or had a real tangible interest in the road, but it seems certain that he has dropped out and left only his name to be remembered by. It is the subject of a good deal of gossip that Howland was the mere tool of Senator Aldrich of Rhode Island and that the latter is in the pay of some big syndicate and is desirous of obtaining control of the road. The statement has some color in it if one will take into consideration of the events in which he is a leading figure. Mr. Aldrich has recently become interested in this part of the country and possibly he has designs.

A citizen informed the Journal reporter today that Aldrich had other "battered bond holders" had been interested in a concern which had its existence in this city some years ago, and the statement made gave the syndicate the appearance of a gang of robbers.

The developments up to date show that the syndicate, trust or whatever it may be are going to make desperate efforts to get a clear title to the road and there is unquestionably a pit fall for some one. The lessees are long distance operators and care not one cent for the interests of the people of this section just so they can realize on something they have not in. A Mr. Perry, Aldrich's right hand man succeeds Howland.

The Stillwater Gas Burner gives a light of 250 and 300 candle power. Will not smoke mantle nor stand up as other Burners. Call and see them.

The Ocracoke Disabled.

The steamer Neuse arrived in New Bern yesterday morning having in tow the disabled steamer Ocracoke. The latter was passed early yesterday morning a few miles beyond Oriental and she gave the signal of distress upon which the Neuse hove to and took her in tow.

Her shaft was broken and she was unable to continue her trip. She was left at Union Point and taken in charge by a tug which took her to the dock to await the order from the owners in New York. It is likely the boat will be taken to Norfolk to be repaired.

SEEK DEMOCRATIC SAFETY.

That is Why Simmons Calls Committee Meeting. Howland Changes Name.

Special to Journal.

Raleigh, N. C., 17—Amendment to charter Howland Improvement Company is now law. It increases capital stock from quarter million dollars to one million and changes name to Atlantic and North Carolina Co.

This afternoon members of the democratic state committee who telegraphed a letter to State Chairman Simmons at Washington, asking that full meeting of the committee be held to consider anti liquor legislation now pending in legislature, received a telegram from him saying he would call for the committee to meet at noon Tuesday. Your correspondent interviewed Richard H. Hackett of the committee signing the letter to Chairman Simmons. Hackett said that two weeks ago he suggested this course, that other committeemen expressed approval and that he conferred with other democrats from various sections, who approved. He said the movement was a fight on the Ward liquor regulation bill or any other liquor legislation. He added that in the meeting of committee it was asserted that the democrats would lose the 5th district if the bill passed and that he knew in his own district such a law meant party annihilation.

"KNOCKED THE STUFFING OUT OF IT," and broke it into splinters, may have been the fate of your carriage when it was run into by something, but "there is balm in Gilead," or there is pleasure in knowing that in our shop you can have it made good as new. We do all kinds of carriage repairing and blacksmithing in a skillful and superior manner.
