### IN THE LEGISLATURE

No Signs of Continuation of New Bills Being Introduced. Wednesday's Session.

Special to Journal.

Raleigh, Feb. 22.—In the Senate bills were introduced to allow Morehead City to issue bonds to help establish graded schools, and amend its charter; to prevent delivery of whiskey in prohibition territories under fictitious name to protect game in Carteret; to extend boundaries of stock law in Pitt.

In House bills introduced to extend the stock law in Greene and Wayne; to allow Suffolk and Carolina Railway to build a line in Tyrrell and Hyde and authorizing those counties to subscribe to stock to provide for collecting arrears of taxes due by telegraph, express and telephone companies for two years past to allow Carteret to levy special tax; to provide for assessment of telegraph, telephone and express companies.

House passed Senate bill known as Vann bill to regulate fishing in Albemarle and Pamlico sounds. Bill passed incorporating Raleigh and Southport railway.

House referred Winborn's bill providing that county commissioners upon petition of citizens from any school district can order a special election for either race. Winborn said Governor Glenn heartily approved the bill and had received assurances; State Supreme court considered it constitutional. Graham moved to refer it to committee on education. Ballard said President Roosevelt was now considering question of reducing congressional apportionment in South and if after disfranchising negroes we proceed to prevent their education, he feared it would be a plain case of discrimination and besides he was a friend to the negro and did not believe in discouraging his efforts at improvement. Graham's motion was adopted, which means the death of the bill. The bill prohibiting fishing with dutch nets in Pamlico and Tar river, between March 1st and May 1st, was reported unfavorably, but Laughinghouse championed it. It passed second reading by vote forty-six to twenty-one.

### ARAPAHOE.

### LOOKS LIKE PEACE.

Russia About Ready to Accept Terms of Peace.

St. Petersburg, Feb. 22.—That the czar is ready to negotiate peace with Japan was positively stated today and it is believed the war is over. The terms to which Russia is willing to submit are those practically that Japan advanced three months ago. The only obstacle is the question of indemnity which Russia wants settled by arbitration.

London, Feb. 22.—Intimations of approaching peace in the far east announced some time ago were received today giving them further support in a St. Petersburg dispatch to which the papers give great prominence. The information which is credited by high officials states that not only has the question of peace been formally discussed by the czar, but the conditions under which Russia is prepared to make peace is practically agreed upon. It may be possible that Russia may risk another battle in order that the question of indemnity may be affected by a favorable result, yet the prospects are there internal disorders are growing so threatening that peace may be agreed upon at once.

The terms offered are as follows:—  
"Korea to be placed under Japanese suzerainty.  
"Port Arthur and the Liaoting peninsula to be ceded to Japan.  
"Vladivostok to be declared a neutral port with an open door.  
"The Eastern Chinese railroad to be placed under neutral international administration.  
"Manchuria as far north as Harbin to be restored as an integral part of the Chinese empire."

Babies' skin will be soft, fair and smooth if you give them Hollister's Rocky Mountain Tea this month. It regulates the stomach and bowels. It makes the little ones sleep and grow. 35 cents. F. S. Duffy.

Nice lot of Carolina Hams, 15 cents per pound at the Coast Line Meat Market.

### Railroad Strike Crippling Russia.

St. Petersburg, Feb. 22.—The railroad strike situation is reported to be growing worse in the southwest and private advices are said to show the existence of a reign of terror in Tiflis and Caucasus generally. Many murders by Tartars and Armenians are reported. Communication has almost been cut off even the telegraphers striking, the few who are still at their keys being sent there with pistols at their heads. The railroad employees at Dorpot struck yesterday.

The situation in Poland along the Austrian border is also causing great uneasiness.

### A New Bern Woman Says

"Have you a floor paint that will last two weeks?" Yes we have Devco's; it has a beautiful gloss and will wear two years if properly applied. E. W. Small wood.

### Fresh corned ham at Coast Line Market.

### Bird Notes.

Since Sunday last, a flock of wax-wing or cedar birds, some thirty five in number, have appeared in town, and may often be seen perched on the tree on Pollock street, just east of Craven. They seem to be attracted by the bright red berries growing on a youpon tree in the front yard of Mr. J. W. Stewart on which they feed voraciously.

The birds are quite tame, being not at all disturbed by passers-by or vehicles. A flock of little red-polls may also be seen frequently on a tree near the west end of Neuse Bridge, hanging head downward and eagerly consuming the seeds which form little round balls that are attached by long stems to slender twigs.

Here and there may be heard the riotous song of the Carolina wren, with now and then the blue-bird's plaintive warble.

### These signs point to spring.

Don't wait until your blood is impoverished and you are sick and ailing, but take Hollister's Rocky Mountain Tea. It will positively drive out all impurities. 35 cents. Tea or Tablets. F. S. Duffy.

### No More Carriage Paint Made.

will wear as long as Devco's. No others are as heavy bodied, because Devco's weight 3 to 5 ounces more to the pint. Sold by E. W. Smallwood and the J. C. Whitty Co.

### For Extra Fine Ham call at Coast Line Market.

### "The Old Plantation."

The third night's play of the Paige Comedy Co., was a performance fully up to the high standard of merit which they have sustained while in New Bern. A full house demonstrated that New Bern people will always encourage a meritorious entertainment by their patronage.

The play, "The Old Plantation" had a good dramatic story in it, which, joined with the faultless manner of producing it made a most enjoyable presentation.

As the tramp, E. Jacques Caldwell gave the best idea of the hobo we have had on the stage this season Happy Hooligan and Weary Willie included. Though all the vicissitudes of the hobo's part Mr. Caldwell showed his wonderful versatility in both comedy or dramatic art.

Mr. L. J. Slovian arrived in New Bern to join the company yesterday morning and had only during the intervening time to learn his part, that of Judge Merriden. In spite of the circumstances against him he took the character finely.

The specialties are of great merit and never fail to please. The mystifying act called "Substitution" has been performed by Messrs Boston and Martyn twice now and has called forth a great deal of remark and speculation as to how it is done. It is a wonderful trick.

Miss Morris is a dainty subrette and a pretty dancer and always appears in a special which wins favor with the audience and gets many recalls.

The illustrated songs and moving pictures are as good as any that have been shown on the stage. The song pictures shown last night were the clearest and best ever seen here.

Tonight the comedy "The Prince of Lairs" will be presented. Best is said that a part of the proceeds will be devoted to the Elks charity fund.

Regulate the stomach and bowels, break and soothe the little ones' stomachs and give them a beautiful and natural skin. Hollister's Rocky Mountain Tea is the children's benefactor. 35 cents. F. S. Duffy.
