ROYAL BAKING POWDER
Absolutely Pure
HAS NO SUBSTITUTE

Wards Mill.

Feb. 30th.
We have a few pretty days since the big rain last week.

Farmers are busy hauling fertilizer, and preparing for the cotton and tobacco crop.

We are sorry to hear that our neighbor, J. A. Baggett has a very sick child.

Mr. J. O. Littleton went to Bear Creek Sunday on a visit to see his sister Mrs. Mary Smith, wife of D. W. Smith. The old man is 77 years old and is active yet.

Mr. Augustus Eubanks of Maysville, tried to swim his horse across Rocky Run, near here, last Wednesday and the current being very strong carried his horse and buggy down the stream. The horse got tangled in the trees and bushes. Mr. Eubanks had to jump out and cut the horse loose from the buggy and they both ran a near risk of losing their lives. The horse was crippled.

There is lots of sickness in our community, keeps the doctors going night and day.

Dr. Montfort, of this place, was at Swansboro Saturday and Sunday to see the sick.

Dr. Thompson of Jacksonville is attending the sick here.

We regret to hear of the death of Mr. Joseph Willis of Jones county. He was a Confederate Veteran and was wounded at the seven days fight around Richmond.

General Henry Willis of this place is having a fine time taking pictures on Bear Creek. He passed through here today on his way to Jacksonville with smiles on his face.

We understand that Mr. Smith, the truck farmer at Paradise Point has one hundred acres in Irish potatoes.

Mr. Luke Littleton, while hunting a few days ago, saw some wild geese in a pond, crept down shot and killed.

Mr. William Hobbs, our wild hog man, went out hunting Sunday and caught a hog he thought wild, but two neighbors came up with him carrying the hog off tied on a pole. After he found out he was caught he confessed guilt and turned the hog loose.

Funeral of Miss John.

Wilmington Star March 1.

Brief, but beautiful and very impressive services were conducted at 8:15 o'clock yesterday morning from Grace M. E. church over the remains of Miss Louise Bynum John, whose sad death occurred Monday afternoon at the hospital. The services were by Rev. A. McCullen, pastor of Fifth Street M. E. church, assisted by Rev. J. M. Wells, Ph. D., pastor of the First Presbyterian church. The floral tributes were numerous and exceedingly handsome.

A large number of friends of the bereaved family and of the young girl were in attendance upon the obsequies, the number including the graduating class of the High School, members of which attended the services in a body. As a mark of respect to Miss John, all exercises of the graduating class at the High School were suspended for the day. The funeral hymns were beautifully rendered by a special quartet composed of Miss Rosa Mills, Mrs. F. A. Moss, Mr. Charles Duthan and Mr. H. E. O'Keefe.

The remains were borne tenderly to the A. C. L. station immediately after the funeral, followed by many young friends of the deceased, who silently and sadly turned their faces back toward the city when the train departed with all the trappings of their dear friend and companion. Rev. and Mrs. R. H. John and Rev. M. M. Watson accompanied the remains to the burial place in Christian county, the party having been joined at Chapel Hill by Mrs. Margaret John, sister of Miss Louise, who has been attending Domestic Institute at Danville, Va.

A BUSY DAY

State Legislature Working
With A Rush.

New Bill Still Being Introduced. Jamestown Exposition Appropriation Bill is Killed. Governor Glenn Has More Recommendations.

Special to Journal.
Raleigh, March 1.—In the Senate bills were introduced to exempt members fire companies from jury service; to limit poll tax; to empower county commissioners to fix place of execution of criminals.

Bills passed to authorize Southern Carolina Railway to build in Tyrrell and Hyde; to make part of Pamlico county stock law territory; to incorporate Raleigh & Southport, and Southport and Western Railway; to amend charter of Washington.

The Senate concurred in the House amendment to the pension bill reducing the amount from \$300,000 to \$275,000, and in House amendment the bill validating defective deeds and causing defective orders.

Bills were passed to erect gates in no fence territory in Craven; to change the time of holding courts in Greene and Craven; to define vagrancy, amending the law and making it more stringent; to give executors or administrators power to foreclose mortgages.

The bill to provide for Hall of Records, failed to pass. Bills passed amending, giving Governor right to grant conditional pardons; to require county surveys to keep records of surveys of entries of lands; to provide for collecting taxes from persons who have removed from counties, after tax listers have made up their lists; to provide for allowing homesteads to hold land in common; to allow executors and administrators to provide gravestones for deceased persons; to provide fire proof depositories for county records; to provide punishment for violation of law against selling liquor within a certain distance of hundreds of churches and schools. Bill to appropriate \$50,000 for Jamestown Exposition was referred to appropriation committee, which means its death.

Resolution was introduced in House urging reduction of acreage in cotton; to amend the oyster. Bill incorporated many churches and school houses, and protecting them from sale or manufacture of liquor within a radius from one to three miles. Bills passed to allow Naval Militia an equal sum per capita; to that allowed National Guard to place tablets to the memory of N. C. troops at Bethel and Chickamauga.

Message from Governor recommended \$5,000 annually for school of Technology at Spray, to be established by Frank Melsons and other prominent men north and south. The House concurred in Senate amendments to bill repealing anti-jug law, except for four counties named in it, but refused to concur in Senate amendment striking out excepted counties from new anti-jug law. A committee on conference was appointed. Bill to divide State into two judicial circuits was tabled.

The Cat Came Back.

It is known of old that the qualifications of the cat to make itself a home whether it is wanted or not, no matter how much you abuse it you cannot lose it even though you carry it miles away, the cat is sure to come home to roost. If you kill it you can only take one of its nine lives and the other eight will come back to haunt you. The only way is to let it have its way and may be it will die of too much attention.

A few months ago a lady gave the colored porter on the Atlantic Coast Line railway a cat to throw out anywhere on the roadside a long way from New Bern believing that if the animal was removed a long distance it could not find his way back to its old haunts. It was taken as far as Jacksonville and ruthlessly abandoned to the streets of Duval county.

The hopes of the former owner were dashed to pieces a few days ago when she saw the same cat she had taken such pains to dispatch walk in the front door at midnight, as if it was the most welcome thing on earth. Instantly she returned thence, then when it was taken away with a vengeance.

OFFER FOR FULL SETTLEMENT.

Of North Carolina Bonds Held by Scater of New York. Committee Recommended it.

Special to Journal.
Raleigh, N. C., Mar. 1.—Late this afternoon an agreement was reached in the settlement of the South Dakota bond matter and the legislative committee prepared the following report which it submitted tonight: The committee to which was referred the South Dakota judgment and the Schaefer bonds, and carefully consider the same and make recommendation report.

1st That the Governor, with the approval of Council of State be directed to settle the South Dakota judgment in the manner deemed by them best to protect the State's interest.

2nd After careful consideration of the bonded indebtedness known as the Schaefer Brothers bonds, being 242 of \$1,000 each, with interest for twenty nine years, and after consultation with the attorneys of bond holders, the committee unanimously recommend that the State pay the bonds holders \$895, per bond, amounting to \$215,864, which is \$447,216 less than the principal and interest, \$179,136 less than the first proposition suggested by the bond holders to the Governor, and \$26,136 less than the ultimatum they offered. The \$215,864 recommended by the committee and accepted by the bondholders, is based, though less, on the settlement of 1879 allowing 23 cents on the dollar and interest for 2 years with interest on the deferred coupons, this being in strict accordance with the debt settlement of 1879, and the Democratic platform. We believe this settlement both honest and just, and recommend that the legislature accept and approve it.

Whipped Them Good.
Two negro boys, Aaron Bell and Leo Cogden were up in police court yesterday for stealing. They were young boys the oldest not being over 14 years of age. But they were old in devilry and had it down to a fine art. Like our first parents so long ago they wanted to put the blame on some one else. They tried very hard to make it out that they were innocent and being persecuted.

Acting mayor Bangert requested justice S. R. Street to act on the case and on account of the youth of the boys and that there had been no place to put such offenders he deemed it best that they should both be whipped. The mother of the boy a good thrashing while chief Hargett administered a very satisfactory punishment to Cogden.

The technical charge of the boys' offense was stealing from a boat, having made a forcible entry.

The reputation of both boys is bad and growing worse. They have been in the police court several times and the arrests and punishment seem to have the same effect that water does on a duck's back.

It is a good measure to have a reformatory for youthful offenders and boys of this class will make quite an institution.
