State Treasurer Lacy's Visit to Wilmington.

Greatly Pleased With His Visit. Charged
With Embellishment. Portraits of
Grand Masters. Board
Health Bulletin.

Raleigh, N. C., March 14.—A decree is issued for the final distribution of the funds from the sale of the Wilmington Street Railway Co., two years ago, the order being from Judge Funnell in the Federal court, to T. W. Davis of Wilmington, as trustee in the case of Morton Trust Co. of New York vs The Wilmington Street Railway Co. The road was sold for \$110,000 but the greater part of the amount has already been distributed.

It was decided in the Supreme court today to defer the argument of the appeal from Wake county court in the case of State vs Tom Adams, colored, who is under sentence to be hanged for the murder of a negro woman and her child a few miles from Raleigh, the postponement being on account of the failure of the trial judge to make up the case on appeal in time.

A case that was argued today that is of interest was State vs Blackley, the defendant being a well known citizen of Lenoir county who is under sentence to serve five years on the Wake county roads for embelment of \$6,000 from McAdow & Co of Kansas City. Blackley contends that when he sold several car loads of mules in Raleigh he was a partner and not an agent of McAdow, therefore, the charge of embelment will not apply.

In the Federal court here George E. Westroy of Springhope has been declared a bankrupt and the case referred by Judge Funnell to James E. Gaskill of Tarboro. The assets are \$2,750 and the liabilities \$3,150.

The life-size bust portraits of three of the earlier Grand Masters of the North Carolina Grand Lodge of Masons painted in oil by Jacques Basse, the well known artist of this city, have just been hung on the walls of the hall of the Grand Lodge here. They are Wm. R. Davis, 1793-1799; Samuel Johnson, 1797-1798-1799-1791; Hutchins Burton, 1825-1827. They were painted by order of the grand lodge.

State Treasurer Lacy has returned from Wilmington where he delivered an address before the Y. M. C. A. Sunday. He says he fell in love with the people there. That he was never so cordially received or so royally entertained. He pronounces Mayor Springer an ideal host and that the audience he addressed Sunday afternoon large and delightfully enthusiastic.

The February number of the North Carolina Booklet published under the auspices of the North Carolina Daughters of the Revolution is just issued. It is devoted to a delightful and highly instructive paper by Judge James C. Maclellan of the State University on "The Highland-Scottish Settlement of North Carolina."

The February issue of the Bulletin of the North Carolina Board of Health is devoted largely to the report of the eight cases of typhoid fever at the Orphanage at Thomasville last fall. The summary of diseases in the State show small pox reported in 53 counties, typhoid fever in 25, diphtheria in 15, measles in 25 counties. The deaths in the State show 14.5 for white people and 24.5 for colored.

A charter is issued for the Lucas Telephone Co., of Albemarle, capital \$10,000, J. E. Love principal incorporator.

JAPAN'S PROBABLE TERMS

To Hold Port Arthur, a Korean Protectorate
As Indemnity.

Washington, March 13.—When the Czar calls his war council tomorrow he will be able to inform them that Japan will welcome peace on reasonable terms and will promptly name her conditions, provided she received trustworthy assurances that they will seriously be considered.

This the Emperor has learned from friendly chancelleries in Europe, as well as the general terms acceptable to Japan. These, it is said, include:

The retention by Japan of Port Arthur.
A Japanese protectorate over Korea.
An indemnity.

From a high official it is learned that Russia has recalled her second Pacific squadron.

An attache of a Russian Embassy in Europe is quoted as expressing the belief that Kurapatkin's recent defeat will force Russia to ask for peace. Briefly, these were the reports current in the diplomatic corps today, and as a result of this important information official Washington believes tonight that Russia and Japan are on the verge of peace. If it be true that the second Pacific Squadron has been recalled, even the most optimistic of Russia's friends admit that this is a strong indication that Oyama's mighty blow has made for peace.

NEARLY INCAPABLE

Of Further Resistance Is Report Regarding
Russians.

At Kuroki Headquarters, March 14.—The field and country are swarming with hungry and disheartened Russians who are surrendering in squads to any pursuing Japanese they meet. Most of the foreign attaches with the Russian army including two American and English officers were captured at Mukden. The captured Russians say that General Kurapatkin's force is almost incapable of further resistance.

A Night Opening

The millinery opening of J. J. Baxter last night was a record breaker in point of attendance. The store was crowded with ladies all the evening who, of course, spent much time in admiration of the multitude of fashions in head wear. There were no accidents.

The decorations of the windows were tasty displays of forget-me-nots and daisies.

LIKE FINDING MONEY.

Davis Pharmacy Offers Popular Medicines At
Retail Prices.

Davis Pharmacy the popular druggists are making an offer that is just like finding money, for they are selling a regular 50 cent bottle of Dr. Howard's celebrated specific for the cure of constipation and dyspepsia at half-price. In addition to this large discount they agree to return the money to any purchaser whom the specific does not cure.

It is quite unusual to be able to buy fifty-cent pieces for a quarter, but that is what this offer really means, for it is only recently through the solicitation of Davis Pharmacy that this medicine could be bought for less than fifty cents they urged the proprietors to allow them to sell it at this reduced price for a limited while, agreeing to sell a certain amount. The result has justified their good judgment, for the sale has been something remarkable.

Anyone who suffers with headache, dyspepsia, dizziness, sour stomach, spots before the eyes, or any liver trouble, should take advantage of this opportunity, for Dr. Howard's specific will cure all these troubles, but if by any chance it should not, Davis Pharmacy will return your money.

To Nursing Mothers

There is no time in a woman's life when she needs strength more than when she is nursing a child. She must sustain the life of two persons. No never sold a remedy equal to Vinol to create such strength. We cordially invite any weak and run-down woman to try Vinol on our promise to return her money if she is not fully satisfied. Don't that fail?

NINETEEN DEAD.

As Result of New York Tenement Fire Early
Yesterday Morning.

New York, March 14.—A large double tenement on Allen street early today was burned, the fire being started by an incendiary. The flames swept through the fire trap so swiftly the tenants couldn't escape. Whole families perished. There was delay in notifying the firemen. The tenants were overcome by fright and were hysterical. The tenants fought for the fire escapes, which were so clogged as to be almost useless. Nineteen persons are known to be dead. It is believed here, as Chief Croker says, he saw twenty bodies, and believes there are others not seen. Fifteen are injured and eleven were taken to the hospitals.

Preservative Paint.

Paint possesses wonderful antiseptic and preservative qualities owing to the presence of tannin, iron and other substances in it. Here is an instance: At the time of the typhoid fever, in 1885, these men were shot at a place called Crossgueloch on the moors above Old Crossgueloch, in Scotland. In 1825, when a monument was being erected to their memory, the workmen came upon the corpses rolled in their plaids. The bodies were in exactly the same state as when they were buried. The moss had preserved them as if they had been embalmed.

Artificial Flowers.

It was in Italy that a demand for artificial flowers first arose. This was due primarily to a caprice of fashion which demanded that during festivals bloom some in and out of their seasons should be worn and also to the fact that their color and freshness were stable. Later on, in the middle ages, the artificial so far superseded the natural that both men and women decked their heads with imitation flowers of cambric, paper, glass and metal. The best artificial flowers are now made in Paris.

How to Succeed.

Believe in yourself, believe in humanity, believe in the success of your undertakings. Fear nothing and no one. Love your work. Work, hope, trust. Keep in touch with today. Teach yourself to be practical and up to date and sensible.—You cannot fail.

All She Wanted.

"Do you think, young man, that you could give my daughter all she asks for?" questioned papa grimly.
"I—aw—think so, sir," murmured the lover bashfully. "She says she wants only me."

A man must be both stupid and uncharitable who believes there is no virtue or truth but on his own side.—Addison.
