There is a good deal of water in some paint, and shouldn't be any.

They say oil and water don't mix; add alkali; that makes soft soap. A certain amount of oil water and alkali makes thick paint; it is thick in the can; it is thick to look-at, feels thick in the brush. But soap isn't paint; and you cin't cheat Nature; you can't cheat Weather: you can't cheat Time,

The alkali don't do the paint any rood: it isn't put-in for that: it is put in to hide the water: to sell it and sel ou; \$1.50 a gallon for alkali-water. Buy Devoe, and go by the name.

the attendance was larger than was expected. The occasion was a musical treat which every one unjoyed.

The orchestra composed of Miss May Fulford; Messrs Hugh Wood and Roy Marshall rendered several pieces of excellent music. The soles by Mrs. Lewis and Miss Miller were enthusiastically applauded. Particularly pleasing were the coon songs sung by little Miss Nellie Jordan, whose pretty manner and awast voice captivated the sudience.

The selections given by Miss Annie Green were very much enjoyed and her assistance in the entertainment was most creditable. After the musical, elegant refreshments consisting of lee cream and cake were served. At request of friends, I take this method of announcing myself a caudidate for the vacancy on the Board of Water & Light Commissioner, subject to the vote of the primary the 17th inst, and if chosen by the votes of the primary I promise a faithful discharge of all duties devolving upon me.
