ASHEVILLE AGAINST DISPENSARY

The voters of Asheville on 6th inst. declared by a majority of 529 against the establishment of a municipal dispensary. As the alternate was the open saloon, this decisive vote indicafavorable to liquor, but if it must be sold to have it sold in a manner open and in the name of liquor, and not under the guise of morality through a dis-

The fact that the prohibitionists re. fused to vote, proves them to be of sound judgement. They did not favor the open saloon, and were not deceived into voting for a dispensary because it was not as bad as the saloon, therefore it to Onslow county. We would like to as its supporters contend, better than have a building here of the same size To the saloon. But the prohibitionists justly refused to bite the dispensary

The fight made against the dispensary by the Citizen and News-Gazette of Asheville was upon just grounds, not the dispensary was a moral institution, or a check upon the liquor habit, but because both of these esteemed contemporaries saw the graft which was behind the establishment of a dispensary in Asheville, a notorious alignment of forces more iniquitous than the saloon, for the latter can be checked by popular sentiment, while a dispensary being the property of every citizen, is encouraged so long as its sales increase Asheville has made no mistake in re-

fusing the dispensary evil.

It was quite a surprise to many to know that, notwithstanding the finan-cial depression of the country, that the college could bring out such a large representation. The drill showed that the cadeta had been un'er the training of a military expert. Cadet Captain D. F. Hardison was in jimmediate com-mand of the cadet battalion. He is a handsome young officer and would do credit to any institution. Lieutenants H. B. Wadsworth J, L Smith, and C. C. Hardison deserve special mention as efficient cadet officers. Between forty and fifty cadets were in line all clad n the West Point full dress uniform. The precision of step, the soldierly bearing' and the uniformity of movements told of the successful training they have received under Major Moss, who has figured conspicuously in some of the leading military institutions of the country, and has seen service on

At the close of the parade, the cadets were dismissed in front of Bradham's Pharmacy where they were treated to a drink of Pepsi-Cola. The boys were then given leave of absence till sixo'clock, much to their pleasure,

The authorities of the college are deeply enjoyed in making preparation for commencement, which will begin with the commencement sermon on the morning of the 14th of May and close on Wednesday evening 17th, This promises to be an occasion of great interest to the community. A large attendance is expected. The past record of the institution is of the highest char

Don't Neglect Yourself

1408 Second Street, LOOISVILLE, Ev., April 14, 1908.

I have been weak and sickly for the past four years, caused by irregularity and carelessness searching the laws of health, but about five morths age my condition became very serious. I had server bashrache and suffected a constant dull pain in my head. I spent weary, painful days, and miserable, restless nights. The doctor told me that I must have patience.

His medicine did not, however, give me even temporary relief and as I had been told of the curative qualities of Wine of Cardui I decided to try it.

I found that it relieved me of pain. As my general health improved my other troubles were gradually diminished and after five weeks' use of the Wine Mark (M. Markett) and Cardui I was once more a well and happy woman.
