The Journal is in receipt of a letter from an esteemed subscriber at Stella calling attention to a paragraph in the Swansboro letter published in issue Weekly, March 31st, which cast reflection on certain young men who visited Stella and returned apparently under the influence of drink. Some criticism of persons who would dispense intoxicating drinks on the Sabbath. The Journal knew nothing of the facts, took the correspondents word for it, and considered the criticism fair and reasonable as it was made only in a general way. No personalities being used. The letter received from Stella contains strong personalities which if published would give offense. We will say, however, for the benefit of the correspondent that his inferences as to who wrote the items is certainly wrong. The writer was not a regular correspondent.

The Phenomenal Growth of One of New Bern's Leading Merchants, and the Way They Succeeded.

You can remember five years ago, when this firm occupied a small store across the street, with scarcely no stock, but with a sure foundation of honest goods at honest prices, for instance the same gold filled watches you had to then pay \$25 to \$30 for, they sell for \$10 to \$15 also you paid \$1.50 for cleaning your watch, or a main-spring, they put the price at \$1.00, also you had to pay 25 cents for a hand or glass; they put the price to 10 cents each, and we have abundant evidence that they now stand between the old high prices and the public today. Under the careful management of J. O. Baxter this business has grown to be one of the largest in Eastern North Carolina of its kind, because of an appreciative public, of fine goods at lowest consistent prices. J. O. BAXTER, Leading Jeweler.
