A MATTER OF HEALTH

SMALL POX CASES

In Deaf, Dumb and Blind Institution.

Press Meeting. State Printing Contract. State Charters Granted. Presentation of War Relic. Blockade Distillery Captured.

Raleigh, April 12.—Ten pupils of the institution for the deaf, dumb and blind here were carried to the pest house this morning with mild cases of varioloid, the school has been closed and a strict smallpox quarantine established. The presence of the disease in the institution was discovered yesterday. It is thought to have been carried to the institution from Shaw University which has been quarantined up to the past week. There are about two hundred negro children in the school.

President H. D. Varner of the North Carolina Press Association is just now completing the program for the session of the association to convene in Asheville July 5th. It will be issued by Secretary Sherrill of Concord very soon.

The State Council has decided to defer action as to the awarding of the contract for the the State printing the next two years until next Tuesday. The bids have been open but Secretary Varner of the printing commission says they are so complicated that it will take time for the council to figure out just which of the two bids in hand is the most advantageous to the State.

The Revolution Co., was chartered this morning with \$10,000 capital for the purpose of conducting a mercantile business near Greenboro. The incorporators are Jno. J. Phoenix, Robt. C. Campbell, Geo. P. Stone.

Another charter is to the Sikes Co., of Monroe, \$10,000 to conduct a general live stock business. V. D. Sikes the principal incorporator.

Mrs. B. F. Dixon, wife of State Auditor Dixon, went to Clayton this morning for the purpose of organizing a Missionary society in the Methodist Church there.

While at Appomattox Monday an old negro, Sam Patterson, presented Governor Glenn an old cavalry carbine that the negro picked up on the battlefield soon after the battle. It has been given a place in the hall of history of the state museum.

A fifty gallon blockade distillery was captured last night by revenue officers on the line between Wake and Harnett counties. They report moonshining in Harnett and Johnston worse now than it has been in years.

Cleanse your system of all impurities this month. Now is the time to take Hollister's Rocky Mountain Tea. It will keep you well all summer. 25 cents Tea or Tablets. For sale by F. S. Duffy.

Col. Waddell Wins.

In the primary election held at Wilmington yesterday, in which W. E. Springer, the present incumbent, and Col. A. M. Waddell were candidates for Mayor, Col. Waddell won by a majority of forty.

The opinions expressed before the election were that it would be very close, which the above majority proves to be correct. The registration was large.

CRIMINAL COURT TRANSACTIONS.

Trials And Judgments Made With Dispatch By Solicitor And Judge.

The cases tried in the criminal court moved off with ease and the cases on the docket were perceptibly lessened. A good number of trivial cases were disposed of and some were not even given to the jury.

One of the most important cases was that of the State vs John Gilley, the defendant was tried on the charge of assault with intent to kill. The specific charge was pushing Frank Abbott under the Atlantic Coast Line train on November 16, the train running over his arm causing injuries necessitating amputation. The jury returned verdict of guilty as in the indictment which was for assault with intent to kill. The judgment was that the defendant serve six months in jail and that he be put to work on the county roads.

State vs Isom Wright for larceny of money from the overcoat of Capt. W. G. Jones at Clarks Brick yard. The evidence in the case being deemed insufficient the judge took it from the jury and rendered a judgment of not guilty.

State vs Chapman, assault with deadly weapon. Prisoner plead guilty and was sentenced to four months in the county jail or to pay a fine of \$25. He was given until Saturday to pay the fine.

State vs William Bell, for larceny of a hog from John Dennis. After hearing the evidence a verdict of not guilty was rendered.

State vs Lewis Green, assault with deadly weapon. Defendant plead guilty and was fined five dollars and costs.

State vs Elijah Slade for abandonment. Defendant was found guilty and judgment was suspended upon the payment of costs.

In the cases of George Carraway, indicted for murder and E. S. Ballenger for the illegal sale of intoxicating liquor the grand jury returned, not true bills. The former case was one in which the defendant shot and killed a negro in self defense at his home a few miles from New Bern. The latter was for the sale of beverages claimed to be intoxicating. The defendant asserted that he never knowingly sold liquors of the nature named in the indictment confining his sales entirely to beverage known as "soft drinks." His statement was taken in good faith by the officers of the court.

The last case to be argued was State vs Randolph Yelverton for the illegal sale of liquor. This matter has been in the courts or on the docket for a year or more and is a "blind tiger" case. The jury rendered a verdict of not guilty.

Attention Merchants.

The "Country State" one of the greatest amusements as well as beneficial (to the Band) sold out its entire stock last night and they ask the merchants if they have any "shop worn" stock that they would like to dispose of will they kindly send the same up to Kafers Bakery today by 11 a. m. One of the committee will call upon the merchants in the meantime as a reminder of this part. By helping out this store you are booming up a good cause as well as furnishing great fun to the patrons of the Carnival, so look up your stock.

When King Edward Wins.

Whatever, writing King Edward finds it necessary to do himself is done in a quick, hurried style of penmanship, which in itself is a suggestion of the quantity of work he has to perform. The king is most particular that all his letters and papers shall be arranged and filed according to an excellent system which is largely his own invention, and he never keeps any of them after the necessity for doing so has ceased. It is an instance of his majesty's reluctance to accumulate "rubbish" as well as his strict regard for secrecy that every morning the contents of a large waste paper basket are taken charge of by his private secretary, who is personally responsible for seeing that they are burned. He smokes hard while he is engaged on business matters and invariably has a box of cigars and another of cigarettes at his elbow.

IS IT YOUNG BEASLEY?

Boy And Abductors Said to Be At Rocky Mount, N. C.

Norfolk, Va. Pilot 12th. Unless unexpected developments occur young Kenneth Beasley, who was spirited away from the home of his father, State Senator Beasley, at Poplar Branch, N. C., in February, will be in the hands of two Norfolk police detectives at Rocky Mount, N. C., today, and it is also probable that arrests may be made there in connection with the kidnapping.

Detectives Paul Rose and Sam Cotton, of the Norfolk department went to Rocky Mount yesterday and a long distance telephone message from Police Chief Davis of that place to the Virginian-Pilot last night stated that the two officers were busily engaged on the case.

Just what clew has been found to carry the search to Rocky Mount can not be learned because all parties interested in the search are reticent on the subject. It is understood however that the strongest belief is entertained by the police and father of the missing boy that Kenneth is being held captive near Rocky Mount and that he will be secured by the Norfolk detectives today.

Police Chief Boush of the Norfolk department last night admitted the fact that Rose and Cotton were in Rocky Mount but said there was no local significance attached to their visit and that they were not operating under the direction of the Norfolk authorities.
