Twenty-Fourth Year

Will Have Fine Underwear.

Women of the most refined taste no matter what their monotonous condition in life, take an inward satisfaction in fine underwear. A few years ago women who made their underwear at home, today buy it ready made for the fact they get just what they want at about half the expense, and with least trouble to them.

We have just received a shipment of Ladies muslin underwear which will be closed out a good deal less than their usual value.

Corset Covers all sizes 25, 35 and 50c.

IMPORTANT CASES

Appeal in Damage Suit and Bucket Shops.

Pardons Being Sought. Crop Bulletin Report. War Against Raleigh Dispensary and for Prohibition. New Agricultural Building. Raleigh's Primary.

Raleigh, April 18.—Congressman J. M. Gudger Jr. was here last night in conference with Governor Glenn urging him to grant a pardon for Efreum Hansley, a white man 64 years old who is serving a three years sentence for manslaughter in Madison county. He has served fourteen months of the sentence. Efreum and Andy Hansley were involved in a row with another man and a shot fired by Andy killed Rachel Shelton, a woman who was standing near. Andy escaped and has never been captured. The Governor has the petition under advisement.

One of the most notable cases argued in the Supreme court today was Jones vs The American Warehouse Co. of Spray, N. C., the appeal being from a \$7,000 verdict for damages on account of injuries received by the plaintiff while at work in the Warehouse. C. B. Watson and J. L. Patterson represented the Warehouse Co. and Clement Manly the plaintiff. The case is up on an order to re-hear. Other cases argued today were Wall vs Smith, Whitaker vs Whitaker, Doss vs Hutson, Bullen vs Hancock, Farp vs Winton and Jennings vs Hotel Co.

The appeals in the test cases against the bucket shop for the purpose of testing the act of the recent legislature prohibiting bucket shops are to be argued Friday morning. There are three of them, one from Wake and two from Person county. Another important argument will be Dennis Simmons Lumber Co. and Corporation Commission vs the Atlantic Coast Line in which the A. C. L. contests the right of the Commission to order the placing of truck scales at the plant of the Dennis Simmons Lumber Co. by the railroad for the use of the lumber company.

The North Carolina Crop Bulletin issued this morning states that the freezing temperature in Western and Central Carolina yesterday morning injured the fruit and all kinds of truck considerably, but the full extent of the damage cannot be estimated as yet. The report states that the winter wheat and oat crops are the finest in many years and truck conditions in the east are the finest in year. If the cold and frost now prevailing do not reach them. It is sure to give them severe setbacks. The indications are for the largest corn crop in years.

The Albemarle Presbytery will convene tonight with the Presbyterian Church continuing in session until Thursday. Rev. A. J. Harris, pastor of the church at Washington, N. C., will preach the opening sermon. The Presbytery comprises 20 churches in Central Carolina. Thursday night there will be a reception by the ladies of the church.

Rev. Jasper C. Massee, pastor of the Tabernacle Baptist Church appealed to his congregation Sunday night to declare against the dispensary and for the people of the city to rise up in their might and sweep it out and establish prohibition in its stead. This is regarded as the first formal move for an election to be held in the fall on the petition of dispensary, prohibition or open saloons. Mr. Massee and his congregation were leaders in the fight for the dispensary two years.

J. C. Clifford was here today from Dunn to procure a charter for the Hood & Grantham Co. to do a wholesale and retail drug business. The capital is \$50,000 authorized and \$6,000 subscribed. D. T. Hood and G. K. Grantham and others. The new corporation takes over the business heretofore conducted by Hood and Grantham.

Another charter is to the Stallings Co of Stedley, capital \$5,000 O. C. Stallings and others incorporators. They will do a mercantile business at Stedley.

William Duns of New Bern and J. A. McCallum of Red Springs are here with Commissioner of Agriculture, Patterson as the committee in charge of the erection of the new \$50,000 agriculture building at the A. & M. College considering the matter of the awarding of the contract for the heating and plumbing for the new building which is being rushed to completion now. It had been intended to leave this matter for the regular meeting of the full board in June, but the contractor insists that this work must be done now or else the regular work of the construction of the building must stop. It is expected that the committee will receive bids at once and award the contract within the next few days.

The managers of the democratic primary to be held Thursday have instructed the poll holders to allow all white men who have lived in Raleigh long enough to be eligible to vote, the only restriction being that they must abide by the result of the primary.

NO GREAT DAMAGE.

Good News For The Farmer in Regard To The Damage by Frost.

The reign of the frost king is over and the Journal is very glad to report that the damage done by the cold snap has not been nearly so bad as has been feared. A gentleman who has had much experience in the raising of crops and is also acquainted with the manner of plants and vegetables when hurt by the frost says that there has been no great injury done around here. The bean crop is probably hurt worse than any other as it was further advanced. Damage to that crop cannot be repaired owing to the lateness of the season and the scarcity of the seed. Cucumbers come next but as it is a vegetable which has numerous crops during the season the loss will be only a small matter and easily repaired.

Potatoes and peas are not hurt twenty five per cent. The report that they are ruined is wrong. Their progress has undoubtedly been retarded but they will yield very near an average crop. What little fruit there is raised in this section has been injured or is believed to be hurt by the frost. The small fruit, strawberries, huckleberries etc., have had a serious set back. The strawberries in the section known as "straw berry belt" have been set back and it is feared that the crop will be very short.

This favorable report of course applies merely to the country around New Bern. The frost was more severe in the interior of the State and doubtless worked greater damage.

Reports from Pamlico county say that Monday night's cold and frost did great damage to truck than Sunday's low temperature. Tuesday's view of the truck shows that every kind of vegetation suffered severely. potatoes, beans, peas and cucumbers. Fires were kept burning at night, but little benefit came from them in saving truck.

To Nursing Mothers

There is no time in a woman's life when she needs strength more than when she is nursing a child. She must sustain the life of two persons. We never sold a remedy equal to Vinol to create such strength. We cordially invite any weak and run-down woman to try Vinol on our promise to return her money if she is not fully satisfied. Isn't that fair?

Respectfully,
F. S. Duffy, Druggist.

ARE RUSSIANS TRAPPED?

Dispatches Indicate Japs Have Russian Fleet Blocked Up.

Tokio, April 18.—Dispatches from Hong Kong and Manila indicate that Admiral Togo has Rojstevsky in a trap. With his path northward sowed with mines the Russian's course through Formosa strait and channels northwest is practically barred and he is cut off from Vladivostok his base of supplies. Togo's fleet is within touch of the Russian fleet and his scout boats are raiding Rojstevsky's colliers depriving him of the necessary coal and preventing him from sailing for the Pacific without a battle. The Russian fleet is divided, according to late dispatches. There are two divisions, one is located in Turon bay and the other is off Hong Kong. Togo's fleet is concentrated. He can attack either Russian division with superior force.
