OFFICIAL PAPER OF NEW BERN AND CRAVEN COUNTY.

New Bern, N. C., April 28, 1906.

WHAT WILL NEW BERNIANS DO THIS SUMMER?

The above will not prove a hard question with many of the residents of New Bern, for perhaps with some plans have already been made for visits or trips to the mountains, country, or sea shore, to the north or west, but to those who must remain here, and have some occupation which requires their presence at home, the matter of the summer, and what entertainment or amusement it may offer, is a subject of interest.

For several summers, a few years ago, baseball offered the stay-at-homes plenty of fun. It was somewhat expensive amusement, when it came to professional baseball, but there was a liberal support by the people at all the games, for it has ever been found that the New Bern public is an amusement loving one, and give it an opportunity, it will liberally patronize whatever is presented.

But this summer there are no signs of amusements for the stay-at-homes. Yet there are abundant of natural local advantages, which only need to be taken and utilized, to prove splendid means for recreation and entertainment for New Bernians. The two rivers offer grand boating opportunities of every description, and there could be built one or more parks on the Neuse river, which could be reached by boats, where a few hours recreation in the cool of the summer evenings could be afforded hundreds of citizens.

Besides these river opportunities, the people of this city need a park for games and shows, where amusements may be seen, a park easily reached, and amusements of various kinds, and at a cost which could give everyone the chance of being entertained one or more days and nights during each week of the summer.

The men or company which will offer such recreations to the public will not only enrich themselves, but prove benefactors to their fellow men who need and want summer amusements but who cannot leave the city to get them.

Frightful Suffering Relieved.
Suffering frightfully from the virulent poisons of undigested food, C. G. Grayson, of Lula, Miss., took Dr. King's New Life Pills, "with the result," he writes, "that I was cured." All stomach and bowel disorders give way to their tonic, laxative properties. 25c at all drug stores, guaranteed.

CHAMBERLAIN'S COUGH REMEDY - THE BEST AND MOST POPULAR.
"Mothers buy it for croupy children, railroad men buy it for severe coughs and elderly people buy it for a grippe," says Moore Bros., Eldon, Iowa. "We sell more of Chamberlain's Cough Remedy than any other kind. It seems to have taken the lead over several other good brands." There is no question but that this medicine is the best that can be procured for coughs and colds, whether it be a child or an adult that is afflicted. It always cures and cures quickly. Sold by Davis' Pharmacy and F. S. Duffy.

Forty-four countries are to be represented at the International Railway Congress, which meets in Washington May 8.

ABOUT RHEUMATISM.
There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and curious set of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and several applications have resulted in permanent cure. Why suffer when Pain Balm will give such quick relief and cure? For sale by Davis' Pharmacy and F. S. Duffy.

THE GREATEST EPIC OF MARRIAGE

The first is the most crucial time. If for the first time the greatest event in your married life is about to occur, how expectant, how wrapped up in it you find yourselves.

Mother's Friend

By direction of Secretary Shaw, William H. C. Brown and James I. Mitchell, negroes, will be reinstated as clerks and inspectors in the Newport News Va., Custom House. In consequence of the Secretary's action two white men in the Newport News Custom House will lose their places, there being two more men employed than are needed.

Cheated Death.
Kidney trouble often ends fatally, but by choosing the right medicine, E. H. Wolfe, of Bear Grove, Ia., cheated death. He says: "Two years ago I had kidney trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keeps them constantly on hand, since, as I find they have no equal." All'd regist, guarantees them at 50c.

A GUARANTEED CURE FOR PILES.
Iching, Blind, Bleeding or Protruding Piles. Druggists refund money if PAZO OINTMENT fails to cure any case, no matter how long standing, in 6 to 14 days. If your druggist hasn't it send 50c in stamps and it will be forwarded post paid by Paris Medicine Co, St. Louis, Mo.

For a Weak Digestion.
No medicine can replace food but Chamberlain's Stomach and Liver Tablets will help you to digest your food. It is not the quantity of food that you eat, but the amount digested and assimilated. If troubled with a weak digestion, don't fail to give these Tablets a trial. Thousands have been benefited by their use. They only cost a quarter. For sale by Davis' Pharmacy and F. S. Duffy.

Death of John N. Hunter.
The death of John N. Hunter, son of Capt. James H. Hunter, occurred at his home in Haystack, on Monday, the funeral taking place Tuesday. He was timber man for the Hinder Lumber Company, and was well in esteem. Complication of disease caused his death.

AMANDA'S CAKE

"What dear?" said Amanda, with a violent sneeze which aroused my suspicion, and her hand shook as she laboriously hacked out for me a generous slice. Also the cake had, to my mind, an unusual appearance. It was flatter than most cakes, with a curious depression in the middle. Its complexion was brownish—almost a negro—though it did its best to hide the fact under a heavy powdering of sugar.

"I haven't tasted it yet," I answered cautiously, and I bit a piece out of my slice and laid the rest of it hastily down. My suspicions took a definite and terrible form. I had no ground at all for supposing that my wife wished to poison me.

"It is a cake that I have made myself," said Amanda, flushed and beaming. "I snaped and was silent. 'I saw in Home Chirps,' Amanda continued blithely, 'that homemade cakes are much better and much cheaper than bought cakes, so I thought I would try. It is quite easy. I shall always make them at home now.'

"I shall be a little grumpy," said I, hunting for the least offensive word. "Oh, that is entirely my fault, then," Amanda assured me cheerfully. "Home Chirps did say that the currants should be washed, but it hardly seemed worth while. I can do it another time, though."

"I appreciate your kind thought immensely," I said, smiling. "But not my cake?" cried Amanda, on the brink of tears.

"I suppose the fact is, that I have got used to shop cakes," I said desperately. "But I shall be able to make them better than any shop—with a little practice," Amanda persisted. "Why shouldn't I? It's only just eggs and sugar and butter. Why shouldn't I be able to mix them just as well as a cook in a shop?"

INDIGESTION

Leads to Chronic Dyspepsia and Catarrh of the Stomach.

HOW IS YOUR DIGESTION?

Kodol Dyspepsia Cure Digests What You Eat, Strengthens the Stomach, and Enables the Digestive Organs to Feed the Body.

Spencer, Ia.—Have had Dyspepsia for twenty years. My case was almost hopeless. Kodol Dyspepsia Cure was recommended and I used a few bottles of it and it is the only thing that has relieved me. Would not be without it. Have doctored with local physicians and also at Chicago, and even went to Norway with hopes of getting some relief, but Kodol is the only remedy that has done me any good, and I heartily recommend it.

Taylorville, N. C.—It affords me pleasure to bear testimony to the excellent merit of Kodol Dyspepsia Cure. I have used it in my practice with the most satisfactory results and recommend it as one of the finest digestants known to the profession. Every person suffering with Dyspepsia or Indigestion should use it.

Allen, Mich.—I suffered heartburn and stomach trouble for some time. My sister-in-law has had the same trouble and was not able to eat for six weeks. She lived entirely on warm water. After taking two bottles of Kodol Dyspepsia Cure she was entirely cured. She now eats heartily and is in good health. I am glad to say that a dose of Kodol always gives me instant relief.

New Britain, Conn.—Kodol Dyspepsia Cure is giving such universal satisfaction and is so surely becoming the positive relief and subsequent cure for this most distressing ailment, I feel that I am always sure to satisfy and gratify my customers by recommending it to them.

Winthrop Mills.
April 23rd.
The little town, Winthrop Mill, picturequely situated on a tributary of the Neuse, is beginning to demand attention.

When only a few years ago the vastness of forest held sway, attractive homes now appear. Rarely, in private corporations, are such comfortable homes provided, as for the employees of the John L. Roper Lumber Co. In many ways, our little town attests its progress. Recently by divine aid and the untiring energy, Mrs. Chas. G. Speight, a Missionary Baptist Sunday School has been organized, the success of which is most encouraging to its members. The officers of the Sunday school cordially invite the people of all denominations throughout the community to attend.

How's This?
We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by HALL'S CATARRH CURE.

We, the undersigned, have known F. J. Cheney for the last 15 years and believe him perfectly honorable in all his business transactions, and financially able to carry out any obligations made by him.

Don't be afraid of being original, even eccentric. Be an independent, self-reliant new man, not just one more individual in the world. Do not have a copy of your grandfather, or your father or your neighbor. That is as foolish as for a violet to try to be like a rose or for a daisy to ape a sunflower. Nature has given each a peculiar equipment for its purpose. Every man is born to do a certain work in an original way. If he tries to copy some other man or to do some other man's work he will be an abortion, a misfit, a failure.

Do not imitate even your heroes. Scores of young clergymen attempted to make their reputations by imitating Beecher. They copied his voice and conversation and imitated his gestures and habits, but they fell as far short of the great man's power as the chronic falls short of the masterpiece. Where are those hundreds of imitators now? Not one of them has ever made any stir in the world.—Orison Sweet Marden in Success Magazine.

Why Arctic Waters Are Yellow.
Arctic explorers never tire of telling how beautifully yellow the waters of the northern sea appear. To those who live on the seashore in temperate and tropical countries the stories of travelers concerning the yellow waters of Greenland and Iceland are taken with the proverbial grain of salt, but scientists have declared that the arctic seas are yellow, and it was Scoresby who first explained the cause of its peculiar color. Perceiving that the waters were of an unusual color, he had some drawn up and examined it with his microscope. To his surprise, he found that the color was due to the presence of minute animalcules, each so inconceivably small that a single drop of the water contained upward of 20,000 of the little creatures. At that rate a pint of the water would show 170,000,000, each sporting about in his place without disturbing or crowding his neighbor.

Bees as Burglars.
It appears that the monarchies of bees, well governed as they seem to be, are afflicted nevertheless by organized criminal classes—sneak thieves and highway robbers. Some of these robbers go in strong bands to pillage and are able to storm and sack a hive. After the slaughter they carry all the provisions home. Some colonies of bees never work; they live entirely by robbery and murder.

There are also thieves who creep unperceived into strange hives to steal honey. If successful they return afterward with hordes of burglar bees, break open the honey safes and carry away the contents. But the most curious fact is that these bees can be artificially produced, according to Buchner, by feeding the larvae upon honey mixed with brandy.—London Tit-Bits.

Beating of Dead Heats.
Hearts of cold-blooded animals will beat for a comparatively long time after death or removal from the body (if kept cold and moist) because of powerful internal collections of nerves known as ganglia, whose automatic impulses cause the regular contractions of the muscles. Similar ganglia exist in man and other warm-blooded animals, but their action is less prolonged. Scientists have ascertained that a turtle's heart will beat after removal if put on a piece of glass, kept cool and moist and covered with a bell jar. I believe it has been kept to beat thirty-six or even forty-eight hours. Twelve or fourteen hours is a common record. —St. Nicholas.

Only Japanese for Bravery.
In the medals army men are not promoted for distinguished conduct on the field and officers do not assume the rank of a superior officer who may be killed. By distinguishing themselves they gain nothing but decorations. The Order of the Golden Kite is a most coveted honor. Every man seeks to obtain it not only because it carries with it certain monetary rewards, but for the honor which its possession bestows on the wearer. No other attains higher rank except by going through the necessary course of study and passing the examinations. Mere bravery cannot bring promotion.

She Couldn't Help It.
"Why in the world," asked the beautiful young widow, "have you promised to marry him if you don't love him?"
"Oh, I just had to. He was desperate."

Billous Bill was getting heated.
And his tongue was nicely coated. Patient "lonks" wouldn't cure him. Companies would not insure him. All his friends were badly frightened, but their spirits soon were lightened. For Bill said—and they believed him, EARLY RISE pills relieved him.

Last Hope Vanished.
When leading physicians said that W. M. Southard, of Park, Ia., had incurable consumption, his last hope vanished when Dr. King's New Discovery for Consumption, Cough and Croup, took him out of his grave. He says: "This great specific completely cured me, and saved my life. Since then, I have used it for over 10 years, and can truly say it is a life-saver at all drug stores. Beware of cheap imitations." —W. M. Southard.

Let Common Sense Decide
Do you honestly believe, that coffee sold loose (in bulk), exposed to dust, germs and insects, passing through many hands (some of them not over-clean), "blended," you don't know how or by whom, is fit for your use? Of course you don't. But

LION COFFEE
Is another story. The green berries, selected by keen judges at the plantation, are skillfully roasted at our factories, where precautions you would not dream of are taken to secure perfect cleanliness, flavor, strength and uniformity.

From the time the coffee leaves the factory no hand touches it till it is opened in your kitchen.

This has made LION COFFEE the LEADER OF ALL PACKAGE COFFEES.

Millions of American Homes welcome LION COFFEE daily. There is no stronger proof of merit than continued and increasing popularity. "Quality survives all opposition."
