The Question of Price. We don't want anybody to think of this store as a "cheap" place. It is nothing of the kind. There isn't anything so thoroughly cheap as cheap jewelry. We won't allow it to sell it. But there is such a thing as selling reliable jewelry at moderate prices. You will find that method in operation here. When quality is considered our prices are remarkably the lowest. BAYTON, Established 1858, Leading Jeweler.

Have Your Eyes Examined at Home

It is a mistake to patronize an itinerant in any calling, because in case of an error or mistake in your glasses your money is lost and the glasses useless. To give best service in the fitting of glasses it requires an expensive set of instruments, and on account of the delicate nature of these instruments they cannot be hauled from place to place, therefore in patronizing an itinerant you do not get the service you would from one established.
