RALEIGH
Governor Glenn's Escort to New Bern.
Resolutions Adopted to Erect Home for Aged and Infirm Odd Fellows. State Printer Slow. Secretary Glenn Improved. Needs Rest.
Raleigh, May 11.—The Grand Lodge of Odd Fellows in session here, adopted resolutions to the effect that the trustees of the Orphans Home at Goldsboro proceed at once to erect a \$4,000 building for a Home for aged and infirm Odd Fellows. \$4,000 of the money being in hand and two thousand more will be raised before the year is out. Salisbury and Goldsboro presented invitations for the Grand Lodge to meet there next year. Goldsboro was selected especially for the reason that the Orphans Home is there and the one for the aged and infirm is to be erected during the year and can be dedicated at the next annual meeting.
A chapter of the children of the Orphans Home was here from Goldsboro and entertained the Grand Lodge of Odd Fellows in a manner that greatly pleased every member of the lodge. They were under the direction of Supt. Brinson of the Home.
Twenty five new members were enrolled yesterday for the Wake County Confederate Veterans Association and there were 97 of the gallant old heroes in line for the ceremonies of Memorial day.
The North Carolina Department of Agriculture is still four months behind in the publication of the Bulletin that is issued monthly, the manuscript for January, February, March and April being all in the hands of the printers and will be issued probably within the next few days all in a lump. The inability of the State Printer to turn out the State printing promptly is the cause of the trouble.
Superintendent of Public Instruction J. Y. Joyner will spend the remainder of this week in Guilford county speaking at various points in the interest of local tax elections for the improvement of public schools.
A fine one horse mower was ordered by the State council for use in mowing the lawn of Capital Square and Governor's Mansion.
It is announced that while Gen. James D. Glenn, private secretary to Governor Glenn, has sufficiently recovered to resume his duties in the executive office, his physician insists that he shall go to his home in Greensboro and spend at least a week in absolute quiet.
Chas Taylor, a young white man, was committed to the penitentiary here this morning to serve ten years for assault with intent to outrage. He was sent up from Wayne county.
Governor Glenn has information from practically all the members of his personal staff and from many of the State Guard Officers as well that they will accompany him both to New Bern May 17th and 18th for the unveiling of the monument to the Ninth New Jersey Regiment and the Bethel battlefield June 19th for the unveiling of the monument there. Governor Montague of Virginia and Governor Glenn of North Carolina will deliver the principal addresses for the latter occasion. Among the other features of the program at Bethel will be an address by Maj. E. J. Hale of Fayetteville.

French. The men were all veterans, Patrick Sharp being a native of Scotland, James Shannon, from New Brunswick and Henry Lane, from New Germany. They will continue their voyage to their next port.

VOICE OF THE PEOPLE.
A Query.
It will be a matter of public interest to know who the public administrator is. It is against the provisions of the charter for a man to hold two offices and consequently I believe that the office is either vacant or if an appointment has not been made the present incumbent is holding the position contrary to law.

FEEDING A FOAL ON COW'S MILK.
Some time ago I had a young grade coach mare in foal to a German coach stallion. Before the time for foaling she had an attack of disease, from the effects of which she became much run down and poor, writes a correspondent of American Cultivator. The foal appeared all right on being dropped, but as the dam gave but very little milk it made but little growth and was thin and poor.
When two months old, somewhere about the commencement of autumn, it was taken from the mother and put in the barn, where it was fed with fresh green grass. Having a dairy and a separator, the colt was taught to drink the skimmed milk while sweet and warm. It soon became fond of the milk and commenced to grow and fill out. It was kept in a roomy pen all through the winter and given the skimmed milk along with its other feed. As a result it grew lively, became round, smooth coated and handsome, in great contrast with the poor, spindly, half starved animal at the beginning. By spring there was not a finer looking colt around and it attracted much attention on this account. Where autumn oats are raised the skimmed milk diet might be of advantage along with the other feed.
Pure Lard, kettle dried at home, 11 cents per pound at the Oaks Market.

CUTICURA
Soap, Ointment and Pills
the World's Greatest
Skin Cures.
PRICE THE SET \$1
Complete Treatment for Every Humour, from Pimples to Scrofula.

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalded head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants and the anxiety of worn-out parents, as in milk crust, tetter, and salt rheum, all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy, have made them the standard skin cures and humour remedies of the civilized world.
The grandest testimonial that can be offered the Cuticura remedies is their world-wide sale, due to the personal recommendations of those who have used them. From a small beginning in the simplest form, against prejudice and opposition, against mocked hosts, countless rivals, and false inference, Cuticura remedies have become the greatest curatives of their time, and, in fact, of all time, for nowhere in the history of medicine is to be found another approaching them in popularity and sale. In every clime and with every people they have met with the same reception. The confines of the earth are the only limits to their growth. They have conquered the world.
Sold throughout the world. Cuticura Remedies, 50c. (In form of Cuticura Ointment 15c. per tin of 40c.) Ointment, 25c. Soap, 10c. Importers, London, J. C. Chatterton & Co., 1, Fenchurch Lane, E.
