This afternoon Governor Glenn and Senator Simmons addressed the State Board of Agriculture on the question of mmigration to North Carolina. Mem-pers of the board say, the necessity for migrants here is very great, but that they are in favor of getting what they call the old stock which North Caroiniana were bred from, namely Engish, Scotch, Irish, and German.

He spoke not long ago in Tennessee and that State enacted an Audubon law. He also addressed the South Carolina legislature which has recently enacted a similar law and now he is invited to address the Georgia legislature which meets this month. He says the work in this State is going on excellently and that the coast birds are multiplying rapidly and that more are now to be seen than in a number of years past. He reports several convictions for violating the Audubon law, one for hooting turkeys in Warren county, another for shooting herons in Dare ounty, in order to obtain the feathers which are known as egret feathers.

Saturday night and Sunday were occasions which will long be remambered with utmost pleasure by the Athenia Lodge No. 8 Knights of Pythias. No order can better honor itself than to pay loving tribute to those of their number who have finished their work here and have taken up their abode in the shadow land. All over the country the memories of the civil war are awakened each year when during the month of May we lay flowers on the graves of our brave soldiers recalling their deeds of valor and patriotism.

It has been said that Peace hath her victories no less renowned than war But peace too has its strifes and though we live under most favorable circum stances we are bound to face disappoin ment and misfortune.

As we honor the memories of those who have passed away we are impress ed with the thought that we will not always be here and that each day brings us nearer to the close of life and we are reminded of the beautiful words of the poet:

"One sweetly solemn thought
Comes to me o'er and o'er,
I'm nearer my home today, to lay
Than e'er I've been before.

Nearer the bound of life
Where burdens are laid down,
Nearer to leaving the cross
And nearer to the crown."

sore on my scalp, from under my finger nails, and nearly all over my body, and every hair in my head fell out. I could not sit down, for my clothes would stick to the raw and bleeding fiesh, making me cry out with pain. My doctor did all he could, but I got worse and worse. I did not think I could live, and wanted death to end my frightful sufferings.

'My mother-in-law begged me to try Cuticura. I said I would, but had no hope of recovery. But oh, what blessed relief I experienced after applying Cuticura Gintment. It cooled the bleeding and itching flesh, and brought me the first real sleep in weeks. It was as grateful as ice to a burning tongue. I would bathe with warm water and Cuticura Soap, then apply the Ointment freely, and took the Resolvent for the blood. Soon the sores stopped running, the flesh began, to heal my hair started to grow, and in a short time I was completely cured. If any one doubts this, tell them to write to me.—Mrs. Wm.
