RALEIGH

Is It a Railroad Race To Southport?

The Old Damage Suit Gattis vs. Kilgo. Crop Outlook at State Farm. Trolley Line Building. State Auditor Busy.

Raleigh, June 12.—In the Superior court here today the notable libel-damage suit of Gattis vs. Kilgo was taken up, this being a fourth time in the Superior court, this having been removed here from Granville county. The array of lawyers on both sides is notable. A special term of court was ordered, to try, and finally dispose of this long standing case.

Governor Glenn left this morning for Asheville to make an address before a school. Great regret was expressed by the Virginians and also by the thousands of North Carolinians who are in Norfolk, Hampton, Newport News and that vicinity at his not being present at the Bethel monument dedication Saturday, but he certainly had a very fine representative in the person of Secretary of State Grimes, who made a very pleasing impression in every way. The Governor will go to Norfolk on Thanksgiving day accompanied by a notable party of North Carolinians to witness the football game between the University of Virginia and the University of North Carolina.

Gordon Hasket, one of the penitentiary directors, who a day or two ago was at the State farm near Weldon says the cotton plant are larger and in better shape generally than he ever saw it at this time of the year. Of the peanut crop there part is good and part is bad.

It is understood that Commissioner of Agriculture Patterson will go to Europe in the autumn, to look after matters regarding the new emigration movement to North Carolina. It was said that a very able agent will be placed at Castle Garden, New York City, to send emigrants this way—a man who can make careful selections.

Much interest is expressed in the building of the Raleigh & Pamlico Sound Railway and after it gets beyond Wilson it is said the convict force upon it will be increased.

It is learned that F. H. Fries and his associates will rapidly push the building of the railway from Winston-Salem southward to Wadesboro. There appears to be a very good prospect of the building of a trolley line on the turnpike now under construction between Wilkesboro and Jefferson. There is ample water power conveniently located. It is said the road can be built for \$300,000. The turnpike is not macadamized. It is so well graded that it has cost \$22,000 a mile on an average so far for construction, and the heaviest grading has been completed.

It seems to be a sort of impression that the Southern, the Norfolk and Western and the Seaboard Air Line are making a race to get into Southport and it is very certain that more attention has been directed recently to the latter place than ever before.

The drum corps of the Confederate veteran camp here left today for Richmond, stopping there long enough to give a concert in the Capitol Square and also to make music in honor of Governor Montague and will then go on to Louisville to the great reunion.

State Auditor Dixon is now very busy assessing corporations and bank stock, this work growing heavier year by year.

A new rural free delivery route is established from Penelope, George F. Suggs, carrier.

It makes no difference how long you have been sick, if you are troubled with indigestion, constipation, liver and kidney troubles, Hollister's Rocky Mountain Tea will make you well. 35 cents, or sale by F. S. Duffy.

Water Melons are Here.
Two carloads of Cuban Sweet water-melons from Florida arrived in the city yesterday. They are the first of the season and are of very fine quality. One car is consigned to the Broad St. Fruit Company and the other for Mr. C. E. Whitehead of George Street. A large consignment of cantaloupes also arrived here last night.

The Journal acknowledges with thanks a gift of a large and luscious watermelon from the Broad Street Fruit Company.

Girls, if you want red lips, laughing eyes, sweet breath and good looks use Hollister's Rocky Mountain Tea. The greatest beautifier known. 35 cents, Tea or Tablets. For sale by F. S. Duffy.

FELL FROM TRAIN.

Young Colored Man Falls From Excursion Train and Receives Fatal Injuries.

Another frightful and fatal accident occurred Sunday, in James City. From amongst his gay and happy companions Fred King, a young man about eighteen years of age, was hurled to death.

The A. & N. C. road ran a special excursion train, the first of the season, to Morehead City Sunday, and among the passengers were a number of young negroes. As a rule, when these people go on an excursion it means a warm time, and while no special complaint was heard of disorderly conduct, on Sunday's train it seems that these boys were in a gay and frolicsome humor. It has even been intimated that intoxicating liquor had been circulating quite freely. At any rate, while the train was passing through James City on its return Sunday afternoon, a number of colored youths had congregated on the platform and were playing with each other when one of them, Fred King, lost his balance and was hurled headlong to the ground, receiving injuries from which he died.

After the accident the train was stopped and the injured man put aboard the train and brought here, being taken to Dr. Whitley's office. An examination showed a fearful laceration of the face and scalp and fracture of the skull.

The man was bleeding profusely, but regained consciousness and talked with those around until a moment before death, which occurred about twenty minutes after arrival at the doctors' office. The immediate cause of death was from loss of blood and fright. Dr. Primrose, the company's surgeon was notified, and responded as speedily as possible, but arrived too late to render any assistance, Dr. Whitley having done all that was necessary.

After death occurred, several wild reports were set afloat to the effect that the man was thrown from the train and that he was the victim of foul play, which created no little excitement, but several witnesses however, affirmed that the falling was purely accidental and an inquest was deemed unnecessary.

The body of King was taken to his home on Burn street and was buried from thence Monday afternoon.

This makes the second frightful and fatal railroad accident in James City in less than two months time.

YOUNG BOY DROWNED.

Elmer H. Arnold Gets Beyond His Depth in The Neuse While in Swimming.

Elmer Hughes the eleven year old son of Mr. Julius Arnold was drowned in the Neuse river near the Blades Park baseball ground at half past five last evening. Five young boys, George Green, Jr., Will Jones, Carlyle Dixon, Will Ward and Ira Cosby were with the lad in swimming. The place has been popular as a swimming hole for years and many drownings have occurred at this place or in the vicinity.

The boys had been in the water for some time and were doing stunts. They had got quite a distance from the shore and Elmer, a little more daring than the rest struck out further into the stream endeavoring to get to a stake driven in the river not supposing the water to be over his head. He had left his companions only a few feet behind before they saw him struggling and they knew that he was beyond his depth and was in need of assistance.

In their fright they hurried to shore to give the alarm. Some larger boys were at the park awaiting the arrival of other boys to play ball. They heard the alarm and made heroic efforts to get to the boy. They put out in a boat and dove repeatedly in the places indicated to get the body. They were unsuccessful. George Smith, a young colored man came along at that time and he gave his assistance. He is a good swimmer and soon found the boy's body in seven feet of water and brought it to land. It had floated several feet from where he was seen last. The body was in the water a little more than an hour. Smith has figured in one or two cases of cases from drowning.

Drs. Caton and Rhem were quickly at the scene and worked long and hard over the boy to restore him to life but without avail.

The funeral will be held at the Centenary Methodist church at half past four this afternoon. Rev. G. T. Adams will officiate.

PEACE CONDITIONS?

What Are Alleged to be Terms of Settlement Between Russia and Japan.

Paris, June 11.—A dispatch from St. Petersburg to The Eagle gives the alleged detailed conditions of both sides, the Japanese conditions number eleven and the Russian ten. These are practically the same as former speculative conditions, namely, an indemnity of \$200,000,000, a Japanese protectorate over Manchuria and Korea, the cession of Port Arthur and part of the Trans-Manchurian Railroad to Japan, the withdrawal of Russian warships from the Far East, for a period of 25 years and the cession of Vladivostok with these conditions are fulfilled, the Russian conditions, according to the dispatch, are the cession of an indemnity of \$100,000,000, a Japanese protectorate over Manchuria and Korea, the cession of Port Arthur and part of the Trans-Manchurian Railroad to Japan, the withdrawal of Russian warships from the Far East, for a period of 25 years and the cession of Vladivostok with these conditions are fulfilled.

LITTLE ONE ONE SOLID SORE

Covered With Scabs and Scabs From Head to Foot—Doctors and All Other Remedies Fail—Skin Now Smooth and Clear.

ANOTHER WONDERFUL CURE BY CUTICURA

Writing under date of Sept. 7, 1904, Mrs. Mattie Shaffer, of Cumberland, Miss., says: "Some time ago I ordered and received your wonderful Cuticura Remedies, which I used on my little afflicted babe with wonderful results. I had tried many other remedies without any benefit whatever, and Cuticura came to the rescue when my doctors and all other remedies had failed. One doctor pronounced it scrofula, the other eczema. The little one was one solid sore, with scales and scabs from head to foot, when I started using Cuticura Soap and Ointment. The result was wonderful, and now my baby's face and body are smooth and clear."

(Signed) Mrs. Mattie Shaffer.

THE DUTY OF MOTHERS

At the First Sign of Disfiguring Humors is to Use Cuticura.

Every child born into the world with an inherited tendency to torturing, disfiguring humors of the Skin and Scalp, becomes an object of the most tender solicitude, not only because of its suffering, but because of the dreadful fear that the disfiguration is to be lifelong and mar its future happiness and prosperity. Hence it becomes the duty of mothers of such afflicted children to acquaint themselves with the best, the purest, and most effective treatment available, viz.: the Cuticura Treatment, consisting of warm baths with Cuticura Soap, and gentle anointings with Cuticura Ointment, the great Skin Cure. Cures made in childhood are speedy, permanent, and economical.

Cuticura Soap, Ointment and Pills are sold throughout the world. Put on Drug & Chem. Co. Sole Agents, New York, N. Y. "How to Cure Disfiguring Humors."

More Buildings Begun.

Work has been commenced on two large buildings which will be distinct additions to New Bern's industrial life and progress.

Armour & Co.'s warehouse at the corner of South Front and Hancock streets will be a commodious building designed to house all the Armour products needed within the territory governed by the agent, Mr. F. F. Matthews. It will front on South Front street having a measurement of 60 feet on that street and 107 feet on Hancock. It will be 23 feet high.

Mr. W. Langdon, of Chicago, the architect employed by the Armour has the work in charge.

Excavation for the new brick livery stable for Mr. Lewis Daniels was begun yesterday. The building which is intended for erection for the present will measure 50 by 150 feet. The front will be a two story structure but over the stable only one story will be made on the stable part.

A PARTICULAR BURGLAR

Plate Glass Window of E. W. Armstrong's Store Broken And Goods on Display Stolen.

Some time Sunday night or Monday morning the window of E. W. Armstrong's store was broken by a burglar and goods to the value of ten dollars were taken. The thief was a particular kind of an individual for he did not take what lay closest to his grasp but he reached inside the window as far as possible and swiped a pair of patent leather shoes. He didn't want anything so common as tans.

Other articles he "lifted" were two hats, one white vest, and neck wear. The thief must have been a bold one to have taken the chances for there were policemen and watchmen at several places near at hand.

Indigestion, constipation, dyspepsia, kidney and liver disorders, and all stomach troubles positively cured by using Hollister's Rocky Mountain Tea. 35 cents, Tea or Tablets. For sale by F. S. Duffy.
