SCAPE GOATS FOR FAILURES.

Failure whether in the individual or nation, always calls for an excuse, is offered, which may account if not wholly explain the cause of failure.

The difference between success and failure, is not merely that of accomplishment and non-accomplishment. It er needs explanation nor justification, it stands for itself, while failure demands reasons, the why and wherefore Druggist. and the hostile criticism of every look-

There is nothing new in the world's attitude toward those who succeed and west bound train having attained those who fail. It is the welcome hand speed of 127.3 miles an hour. for the one, and the turned back for

the other. The world as a whole, and this includes the civilized portions, refuses to accept excuses for failures with any degree of equanimity, and in the case of those in public life, whose fail- it will save you time, money and sufferures reflect upon their communities, or ing when troubled with any one of these the nation for which they stand, these ailments. For sale by Davis Pharmacy failures call for the sacrifice of the individual who represents or stands in charge or command of the matter which has gone down.

The Russian-Japanese war has been productive of two conspicuous so-called failures, on General Stoessel at Port Arthur, and lately Admiral Rojestvensky of Sea of Japon ill-fortune. Stoessel had to surrender at Port Arthur, and it meant failure for him, regardless of previous victories for his nation. Ro jestvensky since his overwhelming defeat by Togo, is accused of being guilty of many negligences.

This is but the repetition of history, the demand for the scape goat, because failure to a nation of a battle must needs have the individual offered up to appease the feelings of the people. Kennedy's Laxative Honey
