PEACE OUTLOOK BETWEEN RUSSIA AND JAPAN.

Late advices indicate that the war between Russia and Japan is nearing its close, and that this country is to be the scene of those final and most important negotiations, the terms upon which peace will come.

The place of holding the meeting, where the peace treaty could be arranged, is most important. When there were inclinations for peace, Russia had named Paris, and Japan Chefoo. Any student of history would easily see why neither of these places could be acceptable.

The Hague was named by President Roosevelt but the place, famed in name only for peace, would not be accepted by either Russia or Japan. Now Washington City is decided upon as acceptable to both of the nations at war, and the President, has consented to hold the peace convention in this country.

Owing to the distance which the representatives must travel, it is not likely that the meeting can be held before September first.

Pending these peace negotiations it is not definitely known what the forces in the field will do, although in the circumstances it is thought that an armistice will be agreed upon, as is the usual case in such instances, when belligerents are actively engaged in war.

As to the terms of peace, it seems to be generally admitted that the principal point is in the matter of indemnity to be paid by Russia. In this, President Roosevelt has taken the position of no excessive indemnity being demanded by Japan, and that country seems inclined according to reports, to listen to the President, as the United States seems to be most friendly towards Japan.

In all these proposals, negotiations and opinions expressed, it is to be noted the preponderance of American influence and its effect upon not only the two nations at war but upon the rest of the European nations who are accepting the situations, that the United States is the nation which can and will best adjust the differences and reconcile the two belligerents, who for nearly eighteen months have been fighting each other in a most fierce contest.

WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpetide.

Did you ever see any one trying to wash themselves without soap or water? If you did what would you say of him?

It is every bit as foolish to try to get rid of dandruff and to prevent baldness by feeding the scalp which causes it, with Cantharides, Yaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Herpetide is successful because it attacks and kills the parasitic germ which feeds on the hair roots. It is the original and only genuine scalp germicide manufactured.

Sold by leading druggists. Send 10c in stamps for sample to The Herpetide Co., Detroit, Mich.

A Lake Shore train between Chicago and Buffalo made 526 miles in 463 minutes.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable.

For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment.

Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They suffer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Conviction Follows Trial

When buying loose coffee or anything your grocer happens to have in his bin, how do you know what you are getting? Some queer stories about coffee that is sold in bulk, could be told, if the people who handle it (grocers), cared to speak out.

Could any amount of mere talk have persuaded millions of housekeepers to use

Lion Coffee,

the leader of all package coffees for over a quarter of a century, if they had not found it superior to all other brands in Purity, Strength, Flavor and Uniformity?

This popular success of LION COFFEE can be due only to inherent merit. There is no stronger proof of merit than continued and increasing popularity.

If the verdict of MILLIONS OF HOUSEKEEPERS does not convince you of the merits of LION COFFEE, it costs you but a trifle to buy a package. It is the easiest way to convince yourself, and to make you a PERMANENT PURCHASER.

LION COFFEE is sold only in 1 lb. sealed packages, and reaches you as pure and clean as when it left the factory.

Looked on every package. Save these Lion-heads for valuable premiums. SOLD BY GROCERS EVERYWHERE. WOOLSON SPICE CO., Toledo, Ohio.

I keep a bottle of it in my room as I have had several attacks and it has proved to be the best medicine I ever used.'

Dying of Famine

Is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. Myers, of Carroll, Md., 'after trying different medicines and a good doctor in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me.'

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war knew what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: 'I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. Thank God for so valuable a medicine.'

NEW SHORT STORIES

When Editor Was Sick. An aged Hartford man was talking about the late General Joseph H. Hawley.

'I remember well,' he said, 'the time when General Hawley was an editor in this town. I remember a story about editing that he told at a banquet fifty years ago.'

'The man who introduced General Hawley began by saying that editors were always up to mischief of one kind or another.'

'What did you mean, you scoundrel?' or another. He said there was a Hartford man who once went to a Hartford editor and said indignantly: 'What did you mean, you scoundrel, by printing my name in your obituary column this morning?'

'Why,' said the editor, 'aren't you dead? I thought you were dead, of course. Don't you remember promising me last week that if you lived till yesterday you would settle that account of mine?'

—Buffalo Enquirer. Hugs Task. It was a huge task, to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: 'My kidneys were so for gone I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach. Guaranteed by all Druggists; price 50c.'
